THE CONFERENCE OF METHODIST CHURCH

Ministers and Laymen Will Meet in Vernon This Year--Programme of Services.

(From Wednesday's Daily.)

The annual session of the British Columbia conference of the Methodist church, which convenes in Vernon on Friday, May 17th, promises to be of special interest. This is the second special interest. This is the second time in the history of the conference that its meetings have been held in the Upper country. One of the coast cities has always entertained the delegates, except in 1901 when Nelson enjoyed the coast cities will be introduced by an official notification of the amendment to the act and interest. This will be introduced by an official notification of the amendment to the act and interest. This is the second trustees at the family on Pierce street, when are second that the terrible tragedy seemed dazed and did not realize what he had been notification of the amendment to the act and interest. knorr and kindly undertook the work connected therewith. Last year when the question of a place of neet is for this year came up, three invaitons were offered, and it was only after a transfer of the dealing with colleges and schools, which was passed at the recent session of the legislature. Should affiliation be secured, the Victoria High school will be able to take up work which will, render the local institution processed as the colleges.

were offered, and it was only after a good natured fight that the beautiful premier city of the Okanagan was chosen. The people of Vernon are making every effort to give the delegates and visitors a royal welcome and many plans for their entertainment are being made. It is expected that there will be completed to enforce the law respecting compulsory education, and he will also compute the complete the following the function practically a college. Proving institution practically a college. Proving the first trustees decide to ask affiliation with the Institute, negotiations will be opened at an early date.

Supt. Eaton will put before the board a suggestion that a truant inspector be appointed to enforce the law respecting compulsory education, and he will also complete the first trustees decide to ask affiliation with the Institute, negotiations will be opened at an early date.

After Nearly a Week's Trial Prison Found Guilty on First Count.

(From Wednesday's Daily.) After almost a week the trial of J. T. Vilson, charged with committing a gross decency with a young boy, was yesteray brought to a close as far as the tak-

indecency with a young boy, was the taking of evidence was concerned. Following that, Wilson, who has conducted his own case, delivered his address, and was followed by the crown prosecutor, H. Dallas Helmcken, K. C.

Judge Lampman, after dwelling on the enormity of the crime alleged, found the prisoner guilty, but deferred judgment until Thursday. There are still two other charges laid against Wilson similar to the one on which was convicted.

In addition to these there are charges of a like character laid against L. Dodson and G. Macdonald, who are in jail awaiting their trial. The crimes are alleged to have taken place for the most part at the premises occupied by Dodson on Edmonton road. In announcing the decision he had come to as to the guilt of the prisoner, Judge Lampman dwelt on of the prisoner, Judge Lampman dwelt on the conditions which seemed to have pre-valled at this place where young boys congregated and were led astray.

# ANOTHER DRAFT

JOIN GARRISON HERE

A Body of Soldiers From Quebec Will Reach Victoria in a Few Days.

(From Wednesday's Daily.) Another draft of men for Work Point barracks has left Quebec and will reach the city in a few days, coming by the C. P. R. Col. Holmes, D. Q. C., has not been advised as to the exact number included in the draft which will go to reinforce the garrison at Work Point.

The last draft which came from the East for that purpose was made up of 25 men and 2 officers. It is impossible to say whether the present one is over that Another draft of men for Work Point

wages in other walks of life. Only the true born soldier cares to join the force under these circumstances.

There is not an over supply of men on the Coast, moreover, so that applications at the recruiting station were not very numerous. For a short time after the call was made for men there were quite a number offered themselves, but this soon changed and the number became small. For this reason it has become necessary for the militia department to bring the forces at Work Point up to strength by drafts from the East. strength by drafts from the East.

AT SUMMER SCHOOL

Rev. Dr. Jordan of Queen's University Addresses Divines on Various Questions.

(From Wednesday's Daily.)

The revision of the provincial voters' lists for the districts of Victoria city and Esquimalt was held on Monday by H. Coomb, registrar of voters. In the case of the city there has been a decrease in the number of voters as a result of the revision. Since the last revision there have been 74 names removed for various causes. There were 29 added, leaving the reduction in the number on the new list of 45 names. The old voters' list showed 5.066 names. There will be only 5.021 on the new one.

In the case of Esquimalt there has been an increase in the number of names on the lists. The rivision shows that 48 have been added and only 11 names have been struck on since the last revision. The old lists contained 724 names, so that now there will be a total of 761 on the list.

poral Ferguson and six officers responded.

Staeglich and J. Quigley, a flagpole climber, engaged the maniac in conversation, while Ferguson and Policeman Lewis pinioned his arms. The madman put up a terrific battle, in which Ferguson was bitten on the hand, but Davis was finally overpowered.

Mrs. Bush received a note last Sunday from Davis, which gave warning of the tragedy. They knew that the manight do them harm. This is the note: "You have killed my sons and my nephews, but you haven't all of them yet. You expected to kill me tonight. Perhaps I'll kill myself."

Davis belongs to Farmersville, near Visalia, California, where he has a discussion which followed led by Rev.

Interesting Discussion at Convention Washington-Views of Experts.

Washington, May 7.—Tuberculosis infection from bovine and other germs, versus infection through buman germs, was discussed at length at the meeting of the National Association for the study and prevention of tuberculosis in annual session. The question was not settled. The proposition was mosted of appointing a committee to continue the study of that subject.

subject.

The question came up at the afternoon session in the section on tuberculosis in childden. Several papers were read and a general discussion followed each. Dr. Chas. Hunter Dunn, of Boston, had for his subject, "Recent advances in the knowledge of tuberculosis in children." In early life, he said, tuberculosis did not affect the lungs as it did in the case of adults, but frequently remained hidden in the internal glands in children until an acute form of tubercular meningitis or pneumonia caused death. He declared that children had no power to resist these acute outbreaks, and that small bables showed no tendency toward the healing showed no tendency toward the healing
