

Moffat's VEGETABLE LIFE PILLS

AND PHENIX BITTERS.
FEVER AND AGUE POSITIVELY CURED.
Fever and Ague is a most obstinate disease, and in warm and humid climates, frequently recurs every ordinary mode of cure, so as to become very distressing to the patient, and by the extreme debility which the disease induces it often gives rise to other chronic complaints. Miasmata, or the effluvia arising from stagnant water, is the most frequent exciting cause of this disease; and one of the great peculiarities in its susceptibility of a renewal from a milder state, even without the repetition of the original exciting cause. In this, Fever and Ague differs from most other fevers; as it is well known, that after an ordinary fever has once occurred, and been removed, the person affected is not liable to a fresh attack on one who was not so affected. These circumstances render it extremely difficult to effect a permanent cure of Fever and Ague, though to relieve the patient for the time being is a very easy task.

Moffat's Life Pills and Phenix Bitters have been thoroughly tested, and proved to be a positive and radical cure of Fever and Ague. Hundreds of his fellow-citizens in the West, have voluntarily come forward to assure Mr. Moffat that the Life Medicines are the only medicines that will thoroughly effect the removal of this most tedious and disagreeable disease.

Others who have emigrated to that rich and promising portion of our country—men who went out full of hope, and confident of winning a competence from the luxuriance of the soil; or who cared to the pursuits of art and science, and the mercantile or mechanical experience won in the crowded cities and towns of the older States, have either returned with shattered constitutions and depressed spirits, or they remain in their new homes dragging out a weary life; at last sink, under some disease to which they are predisposed by that terror of the West, the Fever and Ague. Their hopes are blasted—their business interests destroyed—their Dorado becomes a desert, and the word of promise made to the ear, is broken to the hope.

To these individuals, Mr. Moffat would say—“Try the Life Medicines, and you will yet anticipate your most sanguine expectations, for they will certainly restore you to health.”

Fever and Ague is a complaint which requires to be met at its first approach, and combated at every stage. Seldom fatal of itself, it reduces the strength, and impairs the functions of the organs, so that in the manifestation of disease Nature is unable, unassisted, to resist the intruder. The Life Medicines, when taken strictly according to directions will cure it, and give to the weak and trembling victim of disease, new health, life, and strength.

Moffat's Vegetable Life Pills and Phenix Bitters. The universal estimation in which the celebrated Life Pills and Phenix Bitters are held, is satisfactorily demonstrated by the increasing demand for them in every State and section of the Union, and by the voluntary testimonials to their remarkable efficacy which are every where offered. It is not less from a deeply gratifying consideration that they are the means of extensive and beneficent good among his afflicted fellow-creatures, than from interested considerations, that the proprietor of these pre-eminently successful medicines is desirous of keeping them constantly before the public eye.

The sale of every additional box and bottle is a guarantee that some persons will be cured, and to a greater or less degree of suffering, and be improved in general health; for in no case of suffering from disease can they be taken in vain. The proprietor has never known a case in which the Life Pills and Phenix Bitters were not found to be of service in some instance in which they have failed to do good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid rheumatism, neuralgia, nervous and bilious head aches, constipation, piles, general debility, serofulous swellings and ulcers, scurvy, salt rheum and all other chronic affections of the organs and membranes, they effect a cure with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In coughs and colds, which if neglected, supply the most fatal diseases of the lungs, and indeed the victim in general, these medicines, if taken but for three or four days, newly and vigorously, will promote the insensible perspiration, and so relieve the system of febrile action and febrile obstructions, as to produce a most delightful feeling of convalescence in the morning; and through the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of bed-time will almost invariably effect a permanent relief, without further aid. Their effect upon fevers of a more acute and violent kind is not less sure and speedy, if taken in proportionate quantity and persevering to the end, will not infrequently promote the return of the most alarming kind, will awake with the gratifying consciousness that the fever enemy has been overthrown, and can easily be subdued. In the same way, visceral torques, though long established, and visceral inflammations, however critical, will yield to the efficacy of the Phenix Bitters. Full directions for the use of these medicines, and showing their distinctive applicability to different complaints, accompany them; and they can be obtained wholesale and retail, at 375 Broadway, where numerous certificates of their unparalleled success are always open to inspection.

For further particulars of the Life Pills and Phenix Bitters, see Moffat's Good Samaritan, which contains a full account of the Medicines. A copy accompanies the Medicines, and can also be obtained on application at the Dispensary, in this city, where the Medicines is for sale, and also at Messrs. Peters and Tilly's, No. 4, King Street.

Sands' Remedy for Salt Rheum. NO CURE, NO PAY. New-York, September 15, 1838. Messrs. A. B. & C. D. Sars—Gentlemen:—Feeling deeply indebted to you for the valuable medicine you have rendered me, I do most cheerfully inform you that my wife is entirely cured of the Salt Rheum which afflicted her for several years. She had been very severely affected with the disease, in her face, for six years; had tried various medicines, both internal and external, but without producing any good effect, until the advice of a friend who was cured by your medicine she was induced to use it, and, I am thankful to say, the result has been a perfect cure. Yours, respectfully, JOHN CHAPMAN, 79 CHATHAM ST.

From this and numerous other certificates of its virtues received by deeply gratifying testimonials, it is evident that they are the means of extensive and beneficent good among his afflicted fellow-creatures, than from interested considerations, that the proprietor of these pre-eminently successful medicines is desirous of keeping them constantly before the public eye.

FILES, HAEMORRHOIDS, NO CURE NO PAY!!

HAYS LINIMENT. NO CURE—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invented with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the late Dr. Griddle's late confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery. It is now used in the principal hospitals, and the private practice in our country, first and most certain for the cure of the Files, and also extensively, and effectually, as a haile cure, unless where its effects are witnessed. Externally in the following complaints: For Dropsy—Creating extraordinary absorption at once. All Swellings—Reducing them in a few hours. Rheumatism—Acute or Chronic, giving quick relief. Sore Throat—By cancers, ulcers or colds. Croup and Whooping Cough—Externally, and over the chest of the latest London fashion; White and Black Salts, Sprains and Burns—Curing in a few hours. Sore and Ulcers—Whether fresh or long standing, and fever sores. Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Files, is "I act like a charm." THE FILES.—The price is refunded to any person who will use a bottle of Hays' Liniment for the Files, and return the empty bottle without being cured.—These are the positive orders of the proprietor to his agents, and of many thousands sold, not one has been unsuccessful. We might insert certificates to any length, but prefer those who sell the article, should exhibit the original to purchasers. CAUTION.—None can be genuine without a splendid engraved wrapper, on which is my name, and also that of the Agents. SOLOMON HAYS.

Headache, Sick or Nervous. THE extraordinary reputation that Dr. Spohn's remedy for this distressing complaint is every day gaining is certainly a matter of much astonishment. That so much suffering should have existed for ages without any discovery of an effective preventive, or cure, is truly a subject of much regret, but Dr. S. now assures the public that such a remedy has been invented as will convince the most credulous. The principles upon which it acts are simple and pleasant. It is an admitted fact that the common headache, whether called Sick Headache, or Nervous Headache, arises primarily from the stomach—those who think they have the Nervous Headache may rest assured that this organ, the stomach, is the first cause, that the system has become vitiated or debilitated, through the stomach, and that only through the same channel must they expect a restoration of the nature and healthy functions of the system. This object Dr. Spohn's remedy is eminently calculated to effect. The true cause of the headache is removed, and the sufferer finds that his sufferings end in restoration of health.—Dr. Spohn pledges his professional reputation on this fact.

BALDNESS. A BEAUTIFUL HEAD OF HAIR, is the grand ornament belonging to the human form, and is the source of much of the confidence, and prettiness which brings on the appearance of age; which causes many to recede at being uncovered, and sometimes even shun society to avoid the notice of their acquaintance, and the remainder of their lives is consequently spent in retirement. In short, not even the loss of property fills the genuine thinking youth with such a heavy sinking gloom as does the loss of his hair. To avert all such depressing circumstances, OIL OF BALM OF ALICIA stops the hair from falling off on the first application, and the hair restores it again. It likewise prevents eyebrows and whiskers; prevents the hair from becoming gray, makes it curl and shine, and is free from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors.

DR. SCUDDER'S GENUINE ACOUSTIC OIL. For Deafness. THIS never-failing remedy has been used many years with distinguished success, at the Eye and Ear Infirmary of Dr. Scudder, and confidently recommended as an extraordinary and reliable remedy for either partial or complete deafness in all its stages. By the timely use of this pungent Oil, many who have been completely deaf have been restored to perfect hearing after using from three to ten flasks. This may appear strange, but it is nevertheless true. The Acoustic Oil is not presented to the public as a nostrum, but as the prescription of one who has turned his attention exclusively to the Eye and Ear, and who has his professional reputation upon the success of his remedy. Dr. Scudder has numerous certificates, but he wishes to publish them, as he considers them unnecessary to an article of this nature, and because of the Oil. Its immense sale is the first proof of the estimation in which it is held. It is presented as a public blessing, enabling the aged parent to mingle in conversation with his children, and to reply to their numerous questions with a facility which he had previously been debarr'd by a distressing partial or complete deafness.

It gives relief in the swelling of the glands of the throat, and relieves the numbness and contractures of the limbs and will take swellings down, and in inflammations out of the flesh, rheumatism, bruises and sprains.—It gives immediate relief; it strengthens weak limbs, and restores the cornea when contracted.—A few drops on the forehead applied to the ear of deaf persons, will, by constant application, cause them to hear in two month's time.

UNEXAMPLED MAMMOTH SCHEME.

THE following detail of a scheme of a LOTTERY to be drawn in December next, warrants us in declaring it to be unparalleled in the History of Lotteries. Prizes to the amount have never before been offered to the public. It is true, there are many blanks, but on the other hand, the extremely low charge of 25¢ per Ticket—the value and number of the Capitals, and the revival of the good old custom of warranting that every Prize shall be drawn and sold, will be sure, give universal satisfaction, and especially to the six hundred Prize Holders.

To those disposed to adventure, we recommend early application being made to us for tickets—when the Prizes are all sold, blanks only remain—the first buyers have the best chance.—We therefore, emphatically say—buy not! but at once remit and transmit to us your orders, which shall always receive our immediate attention. Letters to be addressed, and application made to—SYLVESTER & Co., 156, Broadway, N. Y. Observe the Number, 156.
