P. S.—Agents for the Dominion of Canada for G. A. G. G. Potter, Darwen, England.

Few men understand a woman's mind. A woman is weak, sickly, nervous, fretful, irritable and despondent. The average husband simply goes out and leaves her alone for awhile, "to have it out with her." A husband is able to go off and get drunk. The fact is that the poor wife is suffering from illness of a description that breaks a woman down sooner than any thing else. Her back is weak and aches. Her "sides stitch." She has pains and a dragging sensation in the abdomen. Her appetite is touchy and she suffers from nausea. She has sick headaches, giddiness, dimness, cold chills, flushing, heat, shortness of breath, palpitation, disturbed sleep, frightful dreams, irregularities and nervous and trembling sensations. Her pain-tormented nerves are a continual torture.

A woman in this condition is suffering from weakness and disease of the delicate and important organs concerned in wifehood and motherhood. Dr. Pierce's Favorite Prescription makes these organs strong and well. It allays inflammation, heals ulceration and soothes pain. It has transformed thousands of sickly, nervous, petulant, childless and unhappy women into happy, healthy, helpful, amiable wives and mothers. It banishes the discomforts of the period of prospective maternity and makes baby's advent easy and almost painless. Good medicine dealers sell it and an honest druggist does not try to urge upon you an inferior substitute for a little extra profit.

Dr. Pierce's Common Sense Medical Adviser, a 100-page house doctor-book, paper-covered, sent for 31 one-cent stamps, to cover customs and mailing only, or French cloth binding 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THINGS OF VALUE.

Ten cents' worth of coarse salt scattered on the floor of rooms, stairs and halls on cleaning days will absorb the dust of the sweeping, freshen the colors in the carpet and materially aid in the cleaning process, but care must be taken not to leave the salt on the carpet too long, as it may make rusty spots.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victim before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Not a MANHATTAN FILL.—The compound of a pill is the substance which enters the blood and makes up the pill mass. That of Parmentier's Vegetable Pills is so composed as to preserve their moisture, and they can be carried into any latitudes without impairing their strength. Many pills, in order to keep them from softening, are rolled in powders, which prove nauseating to the taste. Parmentier's Vegetable Pills are so prepared that they are agreeable to the most delicate.

How to CLEANSE THE SYSTEM.—Parmentier's Vegetable Pills are the result of scientific study of the effects of extracts of certain roots and herbs upon the digestive organs. Their use has demonstrated in many instances that they regulate the action of the Liver and the Kidneys, purify the blood, and carry off all morbid secretions from the system. They are easy to take, and their action is mild and beneficial.
