GOLD DUST

not only cleans, but sterilizes

Gold Dust does more than wash the surface—it digs deep after germs and hidden particles of dirt and decay. It purifies and makes everything sanitariously safe. Neither dirt nor germs can live where Gold Dust has made its appearance.

Gold Dust needs little help from you; it does most of the work alone. It is a vegetable-oil soap in powdered form, to which are added cleansing and purifying ingredients which get busy the moment they touch the water.

Use Gold Dust for all cleansing purposes. It saves time, saves labor, saves backs, and saves money.

POLICE COURT

The case of William Larsson, charged with stealing a phonograph and six records from Ekkei Hein, of the barque Bellville, was resumed in the police court yesterday morning, and the prisoner was remanded.

Hein testified that he was a sail-maker on board the barque and that he boarded with William Vanstrom, a Russian Finn. He missed the machine and records on Thursday evening, 11th of March. He later went to Gilbert's second-hand store, where he identified the machine produced in evidence and it was handed over to Detective Killen.

Joseph Gilbert, a second-hand dealer, testified that the prisoner was the man who had pawned the machine. He gave him \$2 for it.

James H. Boyle, charged with profanely, was sentenced to a fine of \$3, with the option of two months' attendance at the city's free lunch counter.

Two drunks were given a further reprieve before reaching final notice of their doom.

The case of William Morrissey and Alphonse McDonald, charged with fighting on Rodney wharf on Saturday morning, came up in the police court yesterday morning and Morrissey was allowed to go. The men had been arrested by Officer Cowan and allowed to go on deposit, and Morrissey was the only one who appeared this morning.

F. W. SUMNER SAYS POSITION OF N.B. IS STRONG

Interviewed by Montreal paper, tells of fine financial position this Province enjoys.

Montreal, Mar. 13.—Mr. F. W. Sumner, ex-M.L.A., for the county of Westmorland, N. B., and lately appointed agent in London of the province of New Brunswick, was in the city yesterday. In an interview at the Windsor Hotel, he stated that he would probably leave in a few weeks to enter upon the discharge of his duties in London. Mr. Sumner said that during former visits to London he had found that both the Nova Scotia and New Brunswick offices were not in as prominent a place as they should be. He had been in correspondence with Premier Murray on this and other questions, and it was possible that the two provinces, although competitors in securing increased immigration from the Old Land, might work in harmony in matters of general interest to the maritime districts. The present, he added, is not the time to induce young men to leave the Motherland for ever; one is wanted at the front, but he did think that when the war is over, much good work can be done in this direction and especially in the way of inducing English farmers to settle in New Brunswick, where good farms are comparatively cheap. Mr. Sumner said that he was not a paid official, and anything done would be with a view to serve his native province, and bring its resources to the attention of the Motherland. He thinks that a province that has already given 2,500 men to fight the Empire's wars will loom up big in the eyes of Great Britain.

Another matter to which he would pay attention was the financial situation, and he would keep his eyes open to the favorable moment for floating loans.

"What is your financial position just now in New Brunswick?" he was asked.

"The very best. The recent small loan of \$200,000 at five per cent., brought far, and was oversubscribed twice over, and that by the people of our own province.

To Probe Departments.

Mr. Sumner said that the new Premier, Hon. G. J. Clarke, with a view to lay the wild statements made in certain quarters as to the condition of the various provincial departments, had appointed what might be designated a public investigator in the person of Mr. W. B. Chandler, K.C., of Moncton, a man who enjoys the confidence of all classes. This gentleman and Mr. Dunlop of Montreal, chartered accountant of ability and experience, have been authorized by the Premier to go through the departments and ascertain the true condition of affairs, which indicates an honest desire on the part of the present government to do what is right in connection with the public service of the province.

"New Brunswick," added the agent, "is all right. Our credit is first class; business is good and we have the finest possible public service in seven million acres of Crown land, worth at least ten dollars an acre, which totals \$70,000,000 at the present valuation. You can rest assured that this figure will be greatly enhanced as the years go past, while the quantity will not be reduced."

Mr. Sumner is accompanied by a personal friend and political opponent in Hon. C. W. Robinson, who was chosen some time ago as leader of the Liberal party of New Brunswick, but who probably will not contest the seat for the Legislature before the dissolution of the House a year or two hence. Mr. Robinson, who is a successful barrister in Moncton, said he had not talked politics for some time, and Mr. Sumner remarked that New Brunswick was a favored province, having a first class Premier and a not less able leader of the opposition.

WILL ASK FOR PROHIBITION IN NEW BRUNSWICK

Temperance Federation delegation to be heard in Provincial House this morning.

Special to The Standard.

Fredericton, March 15.—The only signs of animation at tonight's session of the legislature was the spontaneous outburst of applause when Premier Clarke made the announcement of the sinking of the German cruiser Dresden and following this up by informing the House of the enthusiastic applause which Lord Kitchener had given the first Canadian contingent this afternoon in the House of Lords.

Otherwise it was a purely routine session of the House, marked by introduction of but little legislation and scarcely any other business. Most of members of the House and of the government had been away at their homes for the week-end, and returned tonight just in time for the session.

Tomorrow morning the government will hear a delegation representing New Brunswick Temperance Federation. They will ask for prohibition in the province.

There are a number of visitors here tonight on business in connection with the government and House, list including F. G. J. Knowlton, of St. John; Matthew Lodge, of Moncton, and F. W. Sumner, who is soon to leave for London to take up his duties there as New Brunswick's agent general.

Fredericton, March 15.—The Legislature met at 3.30 p. m. Mr. Granman presented the petition of the City of Fredericton, asking the municipal city assessment act and laws relating to civic franchise.

The House went into committee with Mr. Young in the chair, and agreed to bill to amend municipal grants to the Canadian patriotic fund, amend clerical error in registry act, in aid of cold storage; to provide for moratorium and relating to the provincial hospital.

Hon. Mr. Clarke said he decided to call attention of the rule which provided that all bills should be introduced within ten days of the opening of session, otherwise a double fee was payable. It was absolutely essential for the business of the House to progress as it should do, that private bills should be brought in within the time limit. It was the intention of the government to bring such of their measures as they could at the earliest date in order that members might have plenty of time to familiarize themselves with the contents, and he hoped members would bring down their private bills for the same object.

Hon. Dr. Landry presented a statement of the bonded indebtedness of the City of Fredericton.

Hon. Mr. Clarke presented the annual report of the Crown Land Department.

House adjourned at 9.30 p. m.

WINGO AND LEACH.

HAD INDIGESTION FOR OVER 10 YEARS.

ALMOST DESPAIRED OF EVER GETTING WELL.

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitating feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation. It is not necessary for you to be troubled with indigestion if you will only try that old and well-known remedy, Burdock Blood Bitters, which is a combination of nature's best known roots, herbs and barks for the cure of all stomach and blood troubles.

Mrs. Mary McKay, Hunter's Mountain, N.S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor is now good, and I can eat most everything without any disagreeable feelings.

I can strongly recommend B.B.B. to anyone suffering from indigestion."

B.B.B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

CHAS. CHAPLIN A BIG SCREAM AT IMPERIAL

Also splendid 3-Act Emotional Drama—Good Vaudeville.

Imperial Theatre entered upon another week of Lent with an entertainment that could not possibly offend the most fastidious or devout person. Arthur Johnston and Lottie Briscoe, who are headliners in Lubin's feature stock company, play the leads in a three-act society drama entitled "Her Martyrdom." A thrillingly highly dramatic emotional play. The richness and detail of the stage appointments, the value of the story itself and the splendid action of the cast, conspired to make the production a memorably good one. Then there was an avalanche of fun. Charles Chaplin, king of English comedians, was seen in another of his two-part farces, entitled "A Night Out." What Chaplin and his grotesque pal did during the festivities of this little "time," set the crowds into roars of laughter, which at times drowned the music of the orchestra. Taking both big pictures into account, they rounded out an ideal bill.

Sinclair and Griffiths, lady and gentleman, executed some very pretty dances, sang some catchy little songs, said a few coy things and were very nicely attired. They were quite up to the Imperial's standard of special vaudeville attraction. Next Wednesday and Thursday should be red letter days of the Keith house, for these are the dates upon which charming Little Mary Pickford plays the part of Cinderella in a Famous Players production of that well-known fairy tale. It will be a feast for the eyes of adults and a true delight to the children. Imperial is making elaborate plans for giving this picture a splendid musical setting.

YOUNG-ADAMS COMPANY OPEN WEEK WITH FINE PLAY OF SUNNY SOUTH

A Girl of the Sunny South presented at Opera House last evening much enjoyed by audience.

"A Girl of the Sunny South," the play presented by the Young-Adams Company at the Opera House last evening, was a play of interest, and afforded the various members of the cast an opportunity to display their histrionic abilities to advantage. The whole action of the play takes place in Virginia, with an Irishman as the hero and an Englishwoman as the villain. There is an old fashioned southern colonel, with a beautiful daughter, possessed of the vivacity and graciousness which usually characterize the daughters of old Virginia, and a mountaineer with a daughter possessed of a passionate nature, but not a great deal of discretion. The love element forms the moving principle of the plot, and tragedy overshadows it all, but as usual with a play in which an Irishman is the principal figure there is plenty of humor to keep the audience amused.

The production was greatly enjoyed by the audience, and the applause was generous. Mr. Young took the part of James Kearney, a young Irishman adrift in Virginia, and his characterization of the part was all that could be desired. Marjorie Adams was seen in the part of Virginia Fairfax, the colonel's daughter, and gave a very effective and charming portrayal of a young southern girl. Hazel Stevenson in the role of Mary Marlow, the tramping mountaineer girl, had a part in which she was able to give a fine exhibition of emotional acting. H. W. Lyon played the part of the old colonel with fine effect, and Marguerite in the role of Jessie, captivated the audience. Between the acts a number of very interesting vaudeville performances were given. A particularly good exhibition of hoop rolling, club swinging and dancing was given by Marion Allen, John Gregory and Mr. Tenney, while Wm. Loker made a good impression with a number of songs.

The Young-Adams Company have acquired a well deserved reputation during their stay in St. John, and the performance which was given last evening was above the average and should attract good houses.

BRITISH SOCCER PLAYING.

London, Mar. 14.—The receipts from the third round of the English soccer cup games were on the whole the best recorded so far this season. Large crowds patronized all the games, totaling 375,000 persons who paid \$57,870 to see the ties, comparing favorably with the receipts from the same round last year when \$69,070 was received.

WILLARD'S SHOWING.

"Willard," says an expert, "whether he wins or not will make a better showing against Jack Johnson than any man has made yet." Any better, than Choyinski, who knocked the Smoke cold in a roundhouse fight.

So, it behooves Mr. Willard to obtain the earliest possible start and swing heavily before the gong rings and the referee arrives.
