

## NECESSARY FOR LEAGUE TO ACT IMMEDIATELY

Urged That Its Machinery be  
Set in Motion at Once to  
Stabilize Chaotic  
Conditions.

### STATESMEN NOW READY

To Present Three Matters for  
Consideration That Are  
Menacing Peace of Europe.

(Copyright '20 by Public Ledger Co.)  
F. W. WILE

Washington, July 11.—The belief abroad that the machinery of the League of Nations must be set in motion at once in order to stabilize the chaotic conditions in Europe lies behind the request of the Council of the League to President Wilson that he call the first meeting of the assembly of the League for early in November.

It was confirmed here today that President Wilson had been approached by the members of the League with a request that he, as provided for in the covenant, issue the call for the first meeting. The call is expected within the next two or three days and it is understood that the President has already forwarded to London for consideration of the Council at a tentative date which will be made permanent if it is acceptable.

Three Questions Uppermost  
The projected calling of the assembly it was learned here, means that European statesmen expect by November to have ready for the consideration of the League at least three matters that are considered at the present time to be a menace to the peace of Europe.

The Council of the League, which of itself can take no action but reports to the full assembly in which all member nations have a vote for final determination meets tomorrow in London under a cloud by the British Government officially to take up the final disposition of the Aland Islands, claimed by both Sweden and Finland. Preparations have been made, however, for the injection of at least two other questions into the sessions—Poland and Plume.

Poland it is said here will renew its request that some assistance be rendered to it to prevent the war-ravaged country from going under before the onrush of the Bolshevik armies. A prior request of such a character was refused, but the Polish authorities this time have enlisted the aid of such a powerful sympathizer as Marshal Poch and hope to be able to force the Council of the League to render the matter to the assembly.

There have been reports here also that Italy, torn by internal dissension had found the task allotted to it of settling with the Jugos the question of Plume, too great. Projection of this issue into the foreground is said to have played a prominent part in the overthrow of the Nitti Government and is an embarrassing question that the Giolitti ministry has been unable to meet satisfactorily. At the time of the last crisis on the Adriatic impasse it was announced that the Allies would accept any settlement of the Plume question that would not involve the territorial rights of a third nation and that in event no conclusion could be reached the matter would be referred again to the Supreme Council. Italy now, it is said, admitting its inability to reach a settlement, proposes action by the Council and Assembly of the League to that of the Supreme Council.

### OBITUARY.

Charles Leakey.

Special to The Standard.  
Moncton, July 12.—Friends here received word today of the death of Charles W. Leakey, a former well known resident of Moncton, and a well known C. N. R. official. Three years ago deceased was transferred from Moncton to Transcona, where he was filling the position of mechanical superintendent for the C. N. R. at the time of his death. Deceased had been in the employ of the Government railway all his life, being a machinist by trade and for some years a very active official of the Machinists' Union. He was a son of the late Geo. B. Leakey, for many years connected in an official capacity with the C. N. R. He was about forty-six years old and is survived by his wife, four sons and four daughters. One daughter, Mrs. Phillip Glenross, resides in Moncton. Deceased was a relative of the late Sir Charles Tupper. The remains will be brought to Moncton for interment.

## THE WONDERFUL FRUIT-MEDICINE

Every Home in Canada Needs  
"FRUIT-A-TIVES"

### Glorious Twelfth Of July Celebrated

No Demonstration in the City  
— Garden Party at Ferns  
Postponed—Parade, Dinner  
and Addresses at Lorneville  
Despite the Weather.

Yesterday was the celebration of the Grand and Glorious Twelfth of July for the members of the Orange Order. There was to have been a garden party at the Ferns, near Seaside Park, but this was not carried out because of the thick fog and rain that made matters unpleasant during the day. It will be held at a later date.

At Lorneville

The inclement weather did not stop the members of the Orange Lodges at Lorneville from carrying out their programme. The members of the Lorneville lodge, despite the heavy and wet fog, along with many visiting members from other districts assembled at the hall of Lodge No. 29, Moncton, North Shore and St. John being well represented.

Headed by the drum and fife band the procession proceeded over the usual route and the parade had nearly two hundred men in line, including the members of the "Frontier Boys". The procession proceeded from one end of the village to the other and returned to the residence of Samuel Gahraith, where the members of the "Frontier Boys" were entertained. The excellent kind that is served in Lorneville.

After the excellent repast had been served the parade reformed and the procession wound its way to the hall where a programme of addresses and music was enjoyed. Between the addresses the band rendered a number of selections that were greatly enjoyed by those present. The most prominent speakers were Provincial Grand Treasurer Robert Wills, Grand Secretary Wills H. Sullivan, P. M. Davila Hipwell and Andrew Gahraith, along with the Worshipful Master of the Lorneville lodge and others. The addresses dwelt mostly on the day that the Orangemen celebrated and were each received with prolonged applause.

No little credit is given for the grand manner in which the Lorneville Drum and Fife Band performed under the leadership of Robert Baird. William C. Murray, Worshipful Master of No. 29 was in the chair during the proceedings and made a short but effective address. Wallace Gahraith, the County Master represented King William during the parade and a collection that was taken during the day for the Orphanage in West St. John, netted about thirty dollars.

Although the weather was inclement the Orangemen who were present in a large number spent a most enjoyable day.

Mrs. Mary Blakney.

Special to The Standard.  
Moncton, July 12.—The death of Mrs. Mary M. Blakney, widow of the late Mariner Blakney, occurred this morning at her home in Sunny Brae, in her 77th year. Mrs. Blakney was a daughter of the late Rev. Andrew Donald, a well known Presbyterian minister in his life time. She resided for some time in Allen county, for the last thirty-two years has resided in Sunny Brae. She is survived by one brother, R. C. Donald, Sunny Brae, four sons, Andrew, Blakney, mayor of Sunny Brae; Robert C. Blakney, D. of the C. N. R., and Aid. J. Irvine Blakney, Sunny Brae, one daughter, wife of ex-Mayor E. H. Price Sunny Brae, also survives.

## People Buying Tickets For The Three Operas

St. John Music Lovers Settling  
Back for a Feast of Gilbert  
& Sullivan Music Later  
Part of This Week.

The sale of seats for the Gilbert and Sullivan revival on Thursday, Friday and Saturday of this week when The Mikado, Ruddigore and Pirates of Penzance will be sung by the high-class Boston English Opera Company is proceeding with a briskness quite unusual for hot-weather entertainments. The indication is that there will be bumper houses for all four performances, which includes the Saturday matinee of The Mikado.

Since the opera company was in the city in May they have been hugely successful in this different kind of opera, which followed their grand opera offerings. Large importations of scenery, accessories and costumes have been made from New York firms and the staging of the operas will be most elaborate. It goes without saying the musical rendering of them will be on a par with the splendid quality of the heavier works last May. Bookings for the three nights may be made at once if so desired. Persons living in the suburbs for the summer may telephone their requirements and they will be met, provided there is a guarantee of them being taken up in due season. The box office is open from 10 a. m. until 9 p. m. Telephone Main 2727 or Main 8245.

### Officers of The Calcutta Entertained

Rear Admiral Sir Allan Everett Paid His Respects to  
City Fathers — Welcomed  
to New Brunswick by  
Lieut. Governor Pugsley—  
Civic Reception at Union  
Club.

Yesterday the city entertained the officers of the visiting man-of-war Calcutta and despite the damp weather, gave them a splendid time.

Promptly at 10:30 Rear Admiral Sir Allan Everett, C. M. C. G., C. B., M. V. O., R. N., accompanied by Captain J. H. Frink, D. S. O., R. N., and Mr. E. M. V. O., flag captain, and Lieut. P. C. Bottomley, flag lieutenant, left the ship and were driven to City Hall, where they officially returned the visit of the city officials paid while the vessel was coming into port. They were received by His Worship Mayor T. Allan Schofield and Commissioners J. H. Frink, H. H. Bullock, John Thornton and J. B. Jones.

Felicitations were exchanged and the party left at 11 o'clock for the Union Club, where they were officially welcomed to New Brunswick by His Honor Lt. Governor William Pugsley, who was attended by his aide-de-camp Major William Vassie and his secretary, R. S. Barker. The military authorities were represented by Brigadier General A. H. Macdonnell, C. M. G., D. S. O., general officer commanding military district No. 7, and Lt. Colonel H. C. Spurling, D. S. O., general staff officer. Governor Pugsley spoke a few words of welcome, to which a fitting reply was made by Rear Admiral Everett.

At 11:30 the gubernatorial party, composed of his honor, his aide and his secretary, drove to the ship, which is lying at the wharf. As they passed on board the ship they were met by a guard of honor composed of a detachment of marines commanded by Captain Williams. The marine band played a selection after which his honor inspected the detachment. Rear Admiral Sir Allan Everett, who had received the party, then conducted his honor to his quarters, where he gave him an official welcome to H. M. S. Calcutta.

A civic reception to the ship's officers was held yesterday afternoon at 1:30 at the Union Club, where the officers of the ship were the guests of the Mayor and Commissioners at luncheon. The dining room of the club was handsomely trimmed with flowers. The tables, at which covers were laid for sixty, were arranged in the shape of a horseshoe and were decorated with vases of red and white peonies. The mantle and buffet were trimmed with purple and red.

Mayor Schofield presided. He gave a brief address, extending a hearty welcome to the visitors and speaking of the pleasure afforded the city by their visit. Rear Admiral Everett replied, thanking the Mayor and Commissioners for the warmth of their welcome. Lt. Governor Pugsley made a happy speech, reiterating the sentiments already expressed. Particular reference was made by his honor to the visit of the ship to the city and the opportunities for the development of oil fields in the province. He spoke of these things in view of the fact that the Calcutta is an oil-burning ship. He continued in an optimistic vein, speaking of the future of the province and of the glorious destiny which hers if she would embrace each opportunity.

In replying Sir Allan thanked everybody for the warm welcome which had been extended to him and his staff aboard the Calcutta. He referred to former activities of the navy on the Atlantic coast when Halifax was the headquarters. Now the headquarters of the British Navy in Atlantic waters was to be at Bermuda and Canada was to have her own navy and he hoped many fraternal visits might be exchanged.

He referred to the benefit directed at wireless would be to ships coming in or going out of the Bay and voiced the hope that something along that line would soon be a fact.

The guests of honor included Rear Admiral Sir Allan Everett, Capt. Percy L. H. Noble, Lieut. Commander R. K. Reed, Pay Commander Roy, Engineer Commander Gurnell, Surgeon Lieutenant Commander Lloyd Jones, Lieut.

### SAFETY LOCK FOR LIGHT BULBS

Vocational Man Applies for  
Patents on New Device to  
Save Bulbs.

Halifax, July 12.—A Halifax inventor or vocational student, James W. Howard, is applying for Canadian and American patents for a new electrical device which promises to eliminate a great deal of loss now suffered by large users of electric light bulbs. He expects to be ready to have it on the market in the near future, as the patents are likely to be granted within the next few weeks.

Mr. Howard's invention is an improvement in safety locks for tungsten and other electric light globes and is especially designed for use in public buildings, factories and other places where a large number of lights are used. In such places many of the lights are often stolen, or otherwise misappropriated and this invention will render such globes useless to those who may take them as they cannot be used on any other socket than the original one, nor on the original socket itself again, owing to the presence of the safety lock.

Mr. Howard intends to have the

### TRUSTEES UNDER BANKRUPTCY ACT

Canadian Credit Men's Association and Arthur Earle  
Cox Named in This City.

Ottawa, July 12.—(By Canadian Press)—A list of trustees under the Bankruptcy Act, which came into force on July 1, was issued today by the Department of the Secretary of State. The appointees are largely chartered accountants, auditors and financial agents and they must deposit an individual bond of \$15,000 before the appointments are gazetted, and before they will be able to act. They include: Province of New Brunswick: The Canadian Credit Men's Trust Association, Limited, St. John; Arthur Earle Cox, St. John.  
Province of Nova Scotia—The Canadian Credit Men's Trust Association, Limited; Robert Carter, Halifax.  
Province of Prince Edward Island—

### DEATH OF A CHILD.

Friends of Mr. and Mrs. James Hunt of Millidge Place will be sorry to learn of the death of their infant daughter, Clara Gwendolyn, which occurred yesterday.

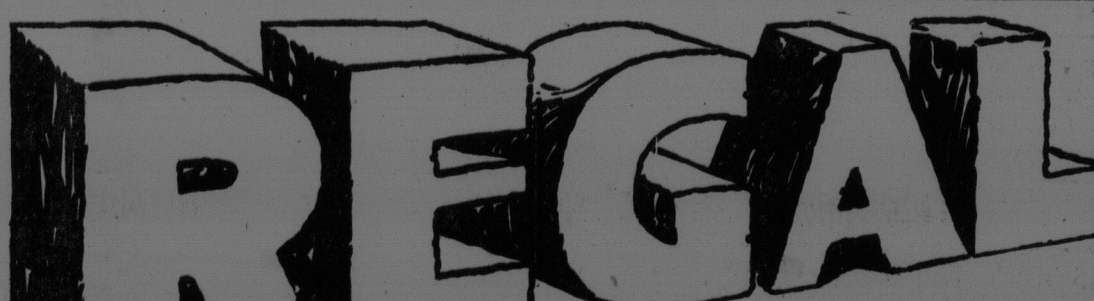

### TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Drugists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.
