

RCMP and Royal Bank — A New Partnership

Youth involvement in crime, both as victims and offenders, is significant. The RCMP continually deals with issues associated with youth and youth crime. One of the RCMP's national priorities is crime prevention for youth through social development beginning at an early age.

In order to assist in meeting this challenge, the RCMP is proud to partner with the Royal Bank to create a Royal Bank RCMP *Visa*. Proceeds from the use of the card will be directed towards enhancing the RCMP National Youth Strategy.

This strategy supports the work of successful youth programs, activities and practices already being delivered by RCMP detachments, units and individual members.

The *Visa* Classic and *Visa* Gold card, which features the classic image of the Musical Ride charge, can be used as a regular credit card and is available to all RCMP employees and veterans only.

The day-to-day work of dedicated RCMP members in their communities make Canada a safer place to live. Now we can all help make a difference! — *Editor*
