Ottawa City also had the unprecedented privilege and pleasure of defeating College on our own grounds. Owing to the intense rivalry that has always existed between these two clubs, great interest was taken in the outcome of the struggle. Ottawa won the toss, and with the benefit of a strong wind were able to score in the first half only five points against College's one. At this point it was confidently expected that the students would run up a large score, but such hopes were disappointed. Ottawa played a strong defensive game, being particularly successful in keeping the ball in the scrimmage. By such tactics College was prevented from scoring more than three points, and the game ended five to four in favor of Ottawa. College evidently played in hard luck, as at the end of each half they had the ball on the opponents' goal line. The team was the same as on the preceding Saturday, with the exception of Doyle, Dontigny, Beaulieu, R. Murphy and Moran, whose places were taken by O'Gara, Lafleur, P. Murphy, Sparrow and Leveque.

On October 23 our club met the Montrealers on the College grounds, and submitted them to a decisive defeat. It was an ideal football day, and the work of the officials was all that could be desired. Montreal forced matters at the start and managed to score the first point,

but from this time to the end of the game the visitors were evidently out of the race. 23 to 6 was the score at the end of the first half, while in the second College added 12 more making a total score of 35 to 6. Montreal and their supporters left town wondering how such a formidable team as College could have been defeated by Ottawa and McGill. The following men represented College on this occasion.

P. Murphy, Copping, Gleeson, E. Murphy, Smith, Boucher, Clancy, McCredie, Ross, Bolger, McGee, Sparrow, Leveque, O'Gara, and R. Murphy. Lafleur also played but was injured and had to retire early in the game.

DROP KICKS.

The College "rooters" are doing good service of late. That "rat-trap" yell is really soul-inspiring. Sing out boys! louder and longer.

Pat Murphy's tackling reminds us of his brother Jimmy.

Boucher won loud applause and a month's free shaving by securing a try in the Montreal game. We will give McGee a hair cut if he repeats the performance next Saturday.

O'Gara is a coming man. The plucky game he put up against big Pulford marks him as one who can take plenty of punishment, and not loose his temper either.

The old story; Montreal scored first and we won. We scored first against McGill and Ottawa, but we lost.

Smith's work shows an improvement on last year's.

It is noticeable that Ross's man seldom bothers the quarter-back or halves.

McCredie is again rounding into shape. His tandem runs with Smith in the Montreal game were much admired. Clancy can teach most
