

TAKING A FRIEND'S ADVICE.

MR. THOS. ADAMS TELLS THE HAPPY RESULTS THAT FOLLOWED.

He Was Suffering From a Severe Attack of Rheumatism—Would Have Given Anything to Secure Relief—How a Cure Was Brought About.

From the Brantford Courier.

A brief statement in respect to the recovery of Mr. Thomas Adams, of St. George, will no doubt be of considerable interest to suffering humanity in general and particularly to those who may profit somewhat by the experience hereinafter set forth. Mr. Adams is a stone mason by trade and resides about a mile east of St. George. At present he is operating the Patten Mills and is well known and respected in the neighborhood. In order to gain all the information possible concerning the circumstances of the cure, a representative of the Courier proceeded thither to investigate the case. Mr. Adams was found at work in his mill. He is a man of about thirty-five, healthy and vigorous, a man whom one would not suspect of having had any ailment. When interviewed he cheerfully made the following statement:—"About three years ago when at work at my trade I contracted, through over-exposure, a severe attack of muscular rheumatism, which confined me to the house for three weeks, during which time I suffered the most excruciating pain, being hardly able to move. I was so bad that I could not lie down; had to just let myself fall into bed. When attempting to rise I had to turn over upon my face and crawl up, there being only one position from which it was possible to rise. I would have given anything at this time in order to secure relief. My first thought was to call in a regular practitioner, so I procured one of the best physicians in the neighborhood, but he did not seem to get control of the malady. After treating me for some time he left of his own accord saying he could do nothing for me. About this time a friend of mine persuaded me to try Dr. Williams' Pink Pills. Finally, I decided to give them a trial, I soon experienced a decided improvement and was mending rapidly, the terrible pain left me and I had considerable relief and was able to get around with the use of a crutch. After the further use of the Pink Pills I was so far recovered as to be able to resume work and since that time have been free from the complaint. I do not now feel any of the soreness and stiffness of the joints, I can get right up in the morning and go off to work without any feeling of uneasiness whatever. I have every confidence in Pink Pills and heartily recommend them. I believe them a good thing to take at any time to get the blood into good condition and if I felt any illness coming on I would, instead of calling a doctor, send at once for a box of Pink Pills."

When strong tributes as these can be had to the wonderful merits of Pink Pills, it is little wonder that their sales reach such enormous proportions, and that they are the favorite remedy with all classes. Dr. Williams' Pink Pills contain the elements necessary to give new life and richness to the blood and restores shattered nerves. They are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. In men they effect a radical cure in all troubles arising from mental worry, overwork or excesses of any nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N.Y., and sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50c. a box, or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company from either address.
