She's a backstabber

She's ruthless. Coldblooded. And once she graduates, she'll do anything to climb to the top of the corporate ladder. She belongs in the Mainly Business Assholes (MBA) program.

She understands that profits are the prime directive, that foreclosures come before friendship and balance sheets before weekend barbeques.

She also knows if she helps her chosen corporation achieve the prime directive, she'll get to drive a BMW, own a Rolex... and maybe even a condo in Blue Quill.

We don't care where you come from, only that you know where you're going and what you have to do to get there.

We promise if you believe, really believe in what we teach you, your faith will be rewarded with entrance into Yuppie heaven. Amen.
