Winter isn't here yet but . . .

Interfac Hockey starts Sunday

by Chuck Moore

The 1970-71 interfac hockey season will start Nov. 15. There has been a lot of controversy as to the feasibility of having two leagues this year. In the past there has always been an "A" league for the more experienced players and a "B" league for the less experienced but this year both leagues will combine into one.

Fifteen or sixteen teams are expected to be iced this year consisting of: two teams from P.E., Law, Science, Meds, and possibly Grads; one team from Commerce, Dents, Engineers,

Arts, Pharm-Ed, and Soc. Work.

I dropped the suggestion to Wally Campbell, that the league be run as one league, but have two eight team divisions. The faculties entering two teams would have one team in each division. The first four teams in each division would be in the playoffs, and the winners of each division would play off for the championship. This method would not interfere with scheduling of games or keeping statistics because results could be recorded in the respective divisions. Remember this is still

only a suggestion.

This year's interfac hockey should be quite good going by the pre-season enthusiasm, and turnouts at the practices. The games will be played on Sunday afternoons and Monday evenings this season. I'll be bringing you the news on all future games.

POLARIZED LENSES

POLARIZED LENSES completely eliminate annoying glare from water . . . highways . . . and beaches. And now you can have them in your own prescription! Drive more safely. See more clearly. Framed in our zingy new platters, squares, ovals or octagons. Order them today!
