Return your Duplicate Pay list on which a note is made upon each case in which the salary is not transmitted stating the reason for withholding the same.

It is desirable if possible that the several parties should give their receipts on obtaining these cheques. This might be accomplished by sending a Pay List with the cheques for each Band to some trustworthy person who should procure the signature or token of the recipient against his name on the List upon the delivery of the amount due to him.

You will be pleased to apprise John Snake of Snake Island, with reference to your letter of the 11th Instant that the Governor General is highly displeased with his conduct in removing his child from the Alouic School and has directed you to enforce the rule of the Department by withholding his presents from him for the present year. Any reasonable complaints on the part of Parents against the School will be enquired into, but His Excellency will do all in his power to prevent its usefulness being impaired by their caprice or ill judged interference.
