

Opponents of Wrong-doing or neglect of duty. <sup>15552</sup>

It was a party fight with the feet-fences divided.

Remedy? You may be able to suggest one -

May I say that I believe there is only one  
that is - Get rid of either of these men - Hostettler  
or Robertson -

Hostettler?

Robertson - Give him something to do. He needs  
it, and personally, I think he deserves it, again I  
believe he is fit. Nothing would please the

Grits of Wellerly Sp. more than to see "Black Sandy" get a job  
I do not know of anything in the patronage line that has come  
Wellerly's way. I know that R. has not served in the Politics  
of the Dominion but I also know of many instances where this  
was not considered - At any rate I am sure that the Liberals  
of both Waterloo and particularly of Wellerly Sp. would rejoice and  
forget their festering sore. Could A.B.R. be generously  
dealt with -

What could be done re the New Customs Office at  
Waterloo?

Yours Respectfully,  
Tom Glaister
