

Dear Tommy, - 131627
Braidwood

asked me to assure Mr. Deighton
that he has no feeling against
him personally and that it
was only on his account that
he consented to write the
Secy. of State. As this message
seems to have a hot fire
in it you can use your
own judgment about giving
it to Arthur. We had a
big day with the petition
which was filed. Sir Percy
I am sure regrets having
had anything to do with it
