## Motor Transportation in Rural Ontario

DONALD R. COWAN and F. C. HART

During the summer of 1919 the Co-operation and Markets Branch of the Ontario Department of Agriculture endeavoured to make a limited survey of Motor Trucking in Rural Ontario. For this purpose a list of some 400 truck owners operating in the rural districts was obtained from the agricultural representatives and from the Ontario Motor License Department. To these owners the following questionnaire was issued:

1. Outline the conditions which led you to believe a truck would pay.
2. Has the operation of your truck so far met your expectations?
3. Size and cost of your truck. How much do you use it?
4. If you have any records of use and cost of operation give summary of same.
