SAYS

"The tendency to buy things as cheaply as possible is the worst kind of economy. It is difficult to convince some men of this fact but when they once realize it, they are on the true road to making money."

"The principle that governs a railway in buying steel rails has been proved as being KING SEG'S PONTIAC KONGENING to head our herd. Not how cheap, but how good. Life is too short to use a poor bull. Service for \$250.00 to appreciate cows only."

## Where Can You Beat Him?

Or Elsewhere get his like?

(An advertisement by Chas. C. Nixon)

Both on his Sire's side and on his Dam's side this great bull, King Lyons Hengerveld, has the greatest of breeding.

In his pedigree you find a very fair history of practically all of the best in Holstein blood.

Through his Dam he traces three (3) times to Johanna Dekol Van Beers—one of the greatest cows that is, - she having made over 40 lbs. butter officially in 7 days.

## On His Sire's Side

This great bull, King Lyons Hengerveld, has Blanche Lyons De Kol, 33.15 lbs. butter in 7 days, as his grand-dam (average fat 4.30%), also being the dam of Nadine Lyons De Kol, 37.7 lbs. butter in 7 days (average fat 4.65%); his great grand-dam, Blanche Lyons De Kol, 33.15 lbs. butter, Blanche De Kol Hengerveld, 33.15 lbs. butter, and King Blanche Lyons, 37.7 lbs. butter, and Blanche Lyons Netherland, 34.71 lbs. butter, and Blanche Lyons Netherland, 34.71 lbs. butter in 7 days.

Then his sire is a grandson of Hengerveld De Kol, sire of 126 A.R.O. daughters, 8 with over 30 lbs. and 49 proven sons; and his grand-sire is Abby Harter Clothilde, 31.19 lbs. butter, and dam of Abby Harter Clothilde, 25.46 lbs. at 4 years.

## On His Dam's Side

This great bull, King Lyons Hengerveld, has Blanche Lyons Johanna (average fat 4%); Blanche Lyons Netherland (his grand-dam), 34.71 lbs. butter, also being the dam of Betta Lyons Netherland, 34.71 lbs. butter, his great grand-dam, Blanche Lyons Netherland, 34.71 lbs. butter in 7 days. Then the sire of his grand-dam is King Blanche Lyons, 37.7 lbs. butter, and Blanche Lyons Netherland, 34.71 lbs. butter in 7 days.

Moreover, in addition to all these 30-lb. cows, this great bull, King Lyons Hengerveld traces to big noted cows, not such in his pedigree, including Colantha 4th's Johanna, the world's record yearly work cow, and Johanna Dekol Van Beers as mentioned in the foregoing.

The calves from this great bull you can spot amongst a hundred wherever you see them. They are carried out in wide, wonderfully behind—have great strength and depth—are long and open, and of very superior Holstein type.

They are breezy looking individuals. You see they have the excellent individual. You see from the picture above that their sire is an dams and sires have made good.

This bull, as you see above, cost us a lot of money. Several of us, however, went in together and got him. Our company owning this great bull includes: Clarence Bollert, J. Leusler, Elias Ruby, Jack Mogk, and H. Bollert, of Maple Grove Farm, favorably known to leading Holstein men for the past generation.

A few calves from this great bull, King Lyons Hengerveld, we offer for sale. We can send you what you want from amongst our members, and save you time and money.

Come to Tavistock if you want THE BEST and ask one of us to show you around. (Don't come unless you can use the best, or are interested in it.)

Write for particulars on what you want, or MAKE AN APPOINTMENT for one of us to meet you and show you around.
