A Cultivator

of World-Wide Renown.

THE
Massey-Harris Cultivator

Is made almost entirely of steel. The framework, sections, teeth and shoes are of steel, which accounts for the splendid wearing qualities of the implement.

Every farm should have a MASSEY-HARRIS CULTIVATOR among its implements. It stirs up the soil and cultivates it at a perfectly uniform depth. Farmers who have used it say they would not be without it—it is such a saver of time and labor.
