THE GREAT SECRET

Of the wonderful success of the

**WILLIAMS SINGER SEWING
MACHINES**

lies in the fact that the material used in their
construction is of a very Superior Quality, and
that extraordinary pains are taken to see that
every part is properly fitted and adjusted to its
position.

Ladies who have used our Machines for four-
teen or fifteen years have noticed with extreme
satisfaction that they have not been subjected
to the irritating annoyances endured by persons
using other machines, such as skipping stitches,
breaking threads, etc., etc.

The Williams Machines do not take fits or get
out of order, or become played out in three or
four years like some inferior machines, but with
ordinary care will last a lifetime. Thousands of
parties who have used our Machines for ten
years and upwards are continually recommend-
ing their friends and acquaintances to buy the
Genuine Williams Singer, and to take no other
Sewing Machine.

Mr. J. B. Cuthbertson, Toronto,
writes: "My wife had a very severe
attack of Pleurisy and Inflammation of
the Lungs about three years ago, and
ever since has been subject to severe
colds on the slightest exposure; in fact
they were so frequent that her system
was quite reduced. She tried several
remedies, but without any permanent
effect, until she was induced to try
Northrop & Lyman's Emulsion of Cod
Liver Oil and Hypophosphites of Lime
and Soda, and I am happy to say it has
exceeded our anticipations. I have no
hesitation in recommending it as a **ROYAL
REMEDY** for all affections of the Lungs

Diseases, and building up of Weak Con-
stitutions."

CONSUMPTION

And all like diseases of the Head Throat and
Chest, including the Eye, Ear and Heart,
successfully treated at the

Ontario Pulmonary Institute,

No. 135 Church Street, opposite the Metropolitan
Church, Toronto, Ont. **A. HILTON WILLIAMS,**
M.D., M.C.P.S.O., Proprietor.

The only Institute of the kind in the Dominion
of Canada.

All diseases of the respiratory organs treated
by the most improved medicated Inhalations,
combined with the proper constitutional reme-
dies.

Nearly 40,000 cases successfully treated during
the past sixteen years for some form of head,
throat or lung troubles.

CONSUMPTION.

There is a point which we would advert, and
that is the unwillingness of those suffering from
diseases of the chest to acknowledge themselves
in any danger until their disease has reached an
advanced stage. This arises, no doubt, in a great
degree from the presumed hopelessness of such
cases. We would warn all who have a frequent
desire to "clear the throat," and who become
fatigued and "out of breath" on every slight oc-
casion, that they are on the high road to all those
changes and symptoms which constitute pul-
monary consumption—that the disease begins in a
majority of cases as "cold," ending in "sore
throat," that gradually it extends down the
windpipe, rendering the voice slightly hoarse
and distinct first observed on reading aloud
and that finally involves the bronchial tubes and
the air-cells. The seat of the primary disease is
in the mucous membrane of the throat, windpipe
and bronchial tubes. The expectoration comes
from this membrane, and the tubercular matter
is deposited on its surface. If, therefore, they
would avoid the dangers which attend consump-
tion in its advanced stage, they will not disregard
those signs of impending evil, but by prompt
and judicious means seek to restore the offending
organ to its former tone and health.

By the system of medicated Inhalation thou-
sands of cases are cured after all hope of a cure
is past. And thousands are to-day living wit-
nesses of this very fact.

Consultation free and prices of the Institute
are within the reach of all.

If possible call personally for consultation and
examination, but if impossible to do so write for
a "List of Questions" and "Medical Treatise."
