Rev. P. J. Ed. Page, Professor of Chemistry, Laval University, Quebec, says:—I have analysed the India Pale Ale manufactured by John Labatt, London, Ontario and have found it a light ale, containing but little alcohol, of a delicious flavour and of a very agreeable taste and superior quality, and compares with the best imported ales. I have also analysed the Porter XXX Stout, of the same Brewery which is of an excellent quality; its flavour is very agreeable; it is a tonic more energetic than the above ale, for it is a little richer in alcohol, and can be compared advantageously with any imported article.

GRAPEFUL—COMFORTING. EPPS'S COCOA. BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in half-pound tins, by Grocers, labelled thus: JAMES EPPS & CO., Homoeopathic Chemists, London, England.
