

They're Safe From "Flying Sparks" When Protected With Brantford Roofing

TRENTON COOPERAGE MILLS, Limited

MANUFACTURERS OF
HOOPS, HEADING, STAVES.

Read the letter of the Trenton Cooperage Mills. Learn how the buildings covered with Brantford Roofing were saved from fire. Certainly Brantford Roofing was given a severe test at this fire.

Here is another proof of the fire-resistant qualities of Brantford Roofing: Along with slate and iron, Brantford Roofing is accepted by the City Architect and Chief of the Fire Department for use in the most congested district in Toronto. We have a certificate to that effect. Do you know of any other ready roofing that has such a certificate? We think not.

The Toronto officials recognize a real fire-resistant roofing when they find one. So do the fire insurance companies. They will give you lower rates for buildings covered with Brantford Roofing. This is a consideration worth thinking about when buying roofing material.

You can put Brantford Roofing on your home or barn or any other building and feel sure that it has a fire-proof roof. You can erect the building right beside the railway track. "Flying sparks" are no menace to a roof protected with Brantford Roofing.

You have your choice of three different finishes of Brantford Roofing. ASPHALT has a silica sand finish. RUBBER has a smooth, rubbery surface, but contains no "India Rubber." CRYSTAL has a mineral surface of rock crystals. Brantford Asphalt and Rubber are made in three weights. Brantford Crystal in heavy weight only.

You cannot always judge the quality of a roofing by its price. Lower-grade roofings are often sold at about the same price as Brantford Roofing. So make sure you select Brantford Roofing.

Get our big Roofing Book. It tells why we are making Brantford Roofing higher in quality than any other ready roofing you can procure today. We believe you will appreciate these reasons. They stand for lasting service. Send your postcard for this book by next mail. We will send roofing samples, too, if you'll just ask us.

Brantford Roofing Co., Limited, Brantford, Canada

Trenton, Ont., Oct. 28, 1909

Messrs. The Brantford Roofing Co.,
BRANTFORD, ONT.

Gentlemen,—

We have much pleasure in telling you frankly, that your Brantford Roofing, proved in our recent fire to be practically fire-proof.

The buildings that surrounded the burned barrel Factory, were covered with your one ply Roofing, and stood the intense heat, and shower of cinders, blowing directly on them by a very strong wind, splendidly, and saved the sheds from catching.

We might say, that no water was used on these sheds, and if your Roofing had not been fire-proof, they certainly would have burned.

We assure you, that you do not exaggerate the quality of your goods, and Brantford Roofing, has been to us, all you claimed for it.

Yours faithfully,
TRENTON COOPERAGE MILLS LIMITED

Winnipeg Agents—General Supply Co. of Canada Ltd., Woods Western Bldg., Market St. East.

IMPORTATION OF STOCK

Space in the Association cars will be reserved for all stock coming from the East to British Columbia, providing the owners, or importers, make application for definite space before April 30 to R. W. Hodson, Live-Stock Commissioner, Victoria, B.C.

The British Columbia Stock Breeders' and British Columbia Dairyman's Association pay half the transportation expenses.

YOUR EGGS SHOULD TEST THE

Magic Egg Tester

IT IS THE ONLY POSSIBLE MEANS TO SHOW THE WEAKNESS OF EGGS AND THEIR TRUE HATCHING STRENGTH BEFORE INCUBATION.

Why spoil so many good eggs and have poor hatches so often when, for \$2.00, you can save all the infertile eggs and have a good hatch not once in a while, but all the time?

We have used the Tester since May last. Our poorest hatch has been 82 chicks from 100 eggs. Our best was 184 from 200 eggs, with an average of 85 chicks for each 100 eggs set from six incubators. **IS THE TESTER NOT WORTH \$2.00?** We have testimonials from well-known poultry men that have used the tester to test over 800,000 eggs, and they all speak as well of it as we do. There is no risk. Send for one. Try it on one of two hatches, and if you are not satisfied we will return your money. Do it now.
