

Two Good Resolutions

First—Invest in

VICTORY BONDS

—to the limit

Next—Invest in

LIFE INSURANCE

- (1) To cover completely all business obligations;
and
- (2) To protect dependents from harassing care
concerning provision for the necessities of
this life.

We do not believe in urging clients to carry more insurance than they can comfortably cover. But are you carrying all you can so cover—having your business and home obligations under consideration?

If not, it is **YOUR DUTY** to get into touch with a reliable life insurance company.
