The Provincial Mutual Hail

Insurance Company of Manitoba

INCORPORATED 1891

SEASON 1912

THE company has been in operation for 21 years; its record is a remarkably good one. For less than 90 (89.2-7) per cent of its premium notes our company has paid an average of \$5.32 per acre on its losses during 21 years of its operations. The total amount paid for losses being \$240,952.85, just bordering on the quarter million mark. For the past year, 1911, we were enabled to return 40 per cent of the premium notes, being only 15 cents per acre for insurance.

Joint Stock Companies never return any premiums to Insurers. No other company pays \$6.00 an acre indemnity for loss. The cost cannot exceed twenty-five cents per acre.

Strictly a Farmers' Company, managed by Farmers only, and still "THE OLD RELIABLE!"

SMALL FARMS IN BRITISH COLUMBIA

The Great Stillwell Trophy, awarded the best collection of potatoes grown in America, at Madison Square Garden, New York City, has just been won by this province.

This is conclusive evidence that British Columbia is a splendid field for truck gardening. Good prices are obtained. The climate is ideal.

Poultry raising, too, is yielding big returns. Much of this product is imported and even after the payment of duty a handsome profit is made.

Very little cash is needed to establish yourself on one of our poultry or truck garden farms at Cloverdale. You can buy from one acre up, on easy terms. Transportation facilities for marketing produce are excellent. Write today for full particulars, maps, etc.
