ROUMANIANS USE THEIR BAYONETS

Attack the Austro-Germans, Taking 12 Guns and 600 Prisoners.

A despatch from London says: The news from the Rumanian front is again excellent. In the one region on the long front where the gravest danger menaced the Rumanians, the Predeal Pass sector, the Teutons have been driven across the Transylvania frontier. Ground has also been gained in the Bran defile. In the Trotus valley the Rumanians forced the Austro-Germans to retire and took 600 prisoners and 12 cannon. Another detachment attacking from Goicasa, in the Trotus area, surprised the Teuton troops and took 300 prisoners and some machine guns.

WAR SAVINGS ACCOUNTS IN BANKS AND P. O.

A despatch from Ottawa says: The Finance Department reports that the arrangements for the issue of war savings certificates will be completed early next month. The Minister of Finance has been taking up with the committee appointed by the Bankers' Association the matter of the method of co-operation by the chartered banks and the settlement of details. In the absence of the Minister in England these negotiations will be concluded by the Deputy Minister of Finance. In outline the plan will provide for affording facilities for opening war savings accounts in the banks and postoffice savings branches. When a certain amount has been thus saved the depositor may purchase a war savings certificate, issued at an attractive rate of discount. These certificates may be issued in two or three denominations.

GERMANS DEPORTING BELGIANS FROM HOMES

A despatch from Amsterdam says: The Telegraaf says it has received information from the frontier that the Germans, in addition to deporting 2,000 civilians from Ghent, are taking similar action in other parts of Belgium. Quartermaster-General von Sauderwiel has announced, the newspaper says, that persons able to work may be forced to do so, even outside the villages in which they reside, in the event of being compelled to accept relief from others owing to gambling, drunkenness, laziness or lack of employment. Furthermore, and inhabitant may be compelled to give assistance in case of accident, danger, emergency, or public disaster, even outside the community in which he resides. Anyone who refuses to work, the newspaper says, is liable to imprisonment for three years or a fine of 10,000 marks.

VON KLUG RETIRED AT HIS OWN REQUEST.

Leader of German Right Wing in Paris Drive Seventy Years of Age.

A despatch from Berlin says: Field Marshal Alexander von Klug, who commanded the right wing of the German army in its sweep toward Paris in the fall of 1914, has been placed on the retired list at his own request. He had never returned to the front since he was wounded by shrapnel fire in March, 1915, while inspecting advanced positions. The Field Marshal was seventy years of age last May.

THE PRINCIPAL LESSON OF THE PRESENT WAR.

A despatch from Paris says: Asked what was the principal lesson learned in this war, General Marchand replied: "Formerly an army which occupied the heights was supposed to have the advantage. We have learned from the experience of trench war that the force down below has the advantage, since it can shell the enemy's positions from its trenches above, while the attacking army, with its forward trenches below it."

ROUNDING UP THE FEW GERMANS LEFT IN EAST AFRICAN COLONY

Remnant That Escaped Capture Are Penned in Malarial Swamp and Must Soon Surrender.

A despatch from London says: In a review of recent operations in German East Africa the War Office announces that the Belgians operating near Tabora, in the northern central part of the colony, have inflicted a further defeat on the Germans. In the fighting from Sept. 18 to 22 the surviving portion of the German forces which had been defeated at Tabora were routed.

Along the coast the British forces under General Smuts are engaged in clearing the country. A number of small columns are carrying on this work south-east of Dar-Es-Salaam and north-west and west of Kilwa. Gen. Smuts says his troops have been attempting to drive into the Rufiji

valley German posts established north and south of that region. The remnant of the force defeated by the Belgians was driven eastward and southward; the Germans making an attempt to effect a junction with the main German body concentrated in the Rufiji valley.

The bulk of the remaining German forces, says the announcement, are now confined in a limited area in the south-eastern portion of the colony, of which all the ports on the coast and the main lines of approach are held by the Entente forces. The entire Rufiji valley and the Delta are unhealthy and malarial to the highest degree, and are declared likely to become untenable after the advent of the "less-er rains" during October.

BRITAIN CAN BEAR STRAIN OF THE WAR

Chancellor McKenna Defends High Rate of Interest on New Treasury Bonds.

A despatch from London, says: Reginald McKenna, Chancellor of the Exchequer, replying in the House of Commons to criticisms of the high rate of interest payable on the new Treasury bonds and the objection raised that this would lead to their being largely held abroad, said:

"That is the very thing we desire. It must be remembered that we had to pay a very considerable amount day by day in the United States. At present we have to find £2,000,000 a day for every working day. That means a prodigious amount to find every six days."

Mr. McKenna prefaced his statement, regarding the large amounts being spent in America, by a defence of his action in paying a high rate of interest upon Treasury bonds.

"It is not possible," he said, "to apply pre-war standards and to say that five per cent. is enough or that we could get it more cheaply. Very likely it could be done if we only wanted a little or even the equivalent of greatest sum ever raised before the war. We should be remembered, however, we have to raise a maximum sum about once a month, and it is only possible to find out, by the daily examination of the results of borrowings and payments, whether we are successful in meeting our obligations. In order to meet all expenses and to keep our undertakings with our allies, I have to make sure of getting money."

Mr. McKenna proceeded to explain that unless Great Britain was able to raise the needed money in the United States she would have to go short of supplies from there, which were absolutely essential to the purposes of the allies.

Defending the issue of the six per cent. bonds, the Chancellor mentioned the fact that within a fortnight these Treasury bonds had been sold to the extent of \$36,000,000. He added that the present moment of competition for money was unfavorable to the issue of a long-term loan, but the Government intended to resort to such a loan when the Treasury considered it advisable, and the Government would not shrink from the fulfilment of its promise in regard to the conversion of previous loans.

The Chancellor declared he did not doubt the ability of the Empire to bear the strain of the war. Its expenditure was not diminishing, he stated, there being an advance under the two heads of munitions and advances to Great Britain's allies, but in both of these directions he was confident the country would not grudge the needed supplies.

PAY OVER MILLION IN MONTHLY GRANTS. Government Makes Arrangement With Patriotic Fund Officials.

A despatch from Toronto says: Hon. T. W. McGarry, Provincial Treasurer, states that arrangements had been made with the Canadian Patriotic Fund Association by which the million dollars granted by the Ontario Government to the fund will be paid over in 12 monthly instalments, beginning in January. A suggestion was made originally that the million be held and paid over to the fund from time to time as amounts were needed. The regular monthly payments of a fixed sum are according to the plan preferred by the fund officials. The million, of course, will be used in looking after the dependents of soldiers who have enlisted from Ontario.

TEUTONS RECOGNIZE RUSSIAN READINESS

A wireless despatch from Berne to London quotes the war correspondent of the Vienna Zeit as referring to improvement in the Russian artillery as follows: "It must be recognized that the advantages enjoyed by our armies owing to the Russian shortage of ammunition are disappearing."

GERMANY UTILIZING ALL HER PRISONERS. Are Being Used in Various Forms of Employment.

A despatch from London says: Dr. Thomas Curtin, of Boston, continuing his description of conditions in Germany, writes in the Times that the British captures of German prisoners is bettering the lot of British prisoners in Germany, the Germans being anxious lest ill treatment bring on reprisals. He emphasizes the value to Germany of its 2,000,000 "prisoner slaves," who now are reclaiming swamps, tilling the soil, building roads and railways, and working in factories.

"Some of your military writers," he says, "leave these prisoners out of their calculations when estimating Germany's man-power. If you had 2,000,000 prisoners you probably would be able to release 2,000,000 of your own people for military service. Most of the prisoners in Germany are Russians. They are seen everywhere, and have greater freedom than any others. They sometimes travel unguarded to and from work. They are docile, physically strong, and accustomed to lower grade food than any other prisoners, with the exception of the Serbs."

"Of course, the English form much the smallest number of prisoners, but they are most highly prized for hate propaganda purposes. 'They are more difficult to manage,' said an 'unofficial' to me, 'than the whole rest of our 2,000,000.' It is indeed, a fact that your 30,000 prisoners, although the worst treated, are the gayest and most outspoken and most rebellious against tyranny."

BIG GOLD STRIKE MADE NEAR ROSSLAND.

A despatch from Rossland, B. C., says: Rossland is all excitement over a big strike made in close proximity to the city by S. Simpson, a Rossland old-time prospector, owner of the Crown-granted claim named "One-Eye See," on the side of Murphy Creek, north of Green Mountain. A report has just been received from the Spokane office of the Marsh Assay and Testing Laboratories giving returns from the ore as follows: 732 ounces were under the test with \$15,150.28 in gold, \$85.60 in silver, and \$4.70 in copper. Simpson has held his claim for twenty years, and the wonderful returns just received must certainly justify his faith in the property.

ITALY'S NEW SHIPS GREAT SPEED-MAKERS.

A despatch from Rome says: Italy now possesses a type of warship whose speed is three times as great as that of the greatest trans-Atlantic liner, according to the Giornale Italia. The sea trial of the first of these ships to be completed was witnessed by a correspondent of the paper. Three others are building. All of the new vessels will use oil fuel.
