

GRAY-DORT

The New Model

Seldom has a car won such immediate and widespread popularity as the Gray-Dort with its new and wonderfully beautiful bodies.

Everyone who has viewed this body design has spoken of the Gray-Dort as the unquestioned style leader of its field. It has been instantly lifted into the class of cars costing at least \$700 more.

From a value standpoint, the new Gray-Dort has not a rival. It is the motor car sensation of 1921.

The new model is now on view. You are urged to see it at once.

The murder of eleven black men in others to hold negroes in peonage or the most horrible manner by a Georgia planter has brought to notice absolute slavery. Their condition of that there is in some of the Southern servitude has brought upon them States laws enabling planters and misery untold. Yet in face of these

shameless crimes against humanity we have the Hearst journals and the hyphenated press, instead of rising in indignation over the offensive lynchings, shouting themselves hoarse in denunciation of Britain because she is endeavoring in an orderly and constitutional manner to repress the murder and outrage in Ireland. Ireland has no horrors or crimes except those committed by Sinn Feiners that compare with the atrocities of the South.

The heads of all issuers of marriage licenses will drop into the political waste basket one of these days. The operation is quite painless. No more will the jewelers sell the documents that allow persons to tie a knot that only death or divorce will untie, and sell a wedding ring at the same time. Municipal clerks who are the most poorly paid officials in Canada for the multifarious services they render, are to get one dollar of the five for filling in the state's part of this legal document, the balance going to the government. If a clerk receives over \$2,000 in fees in any year he must hand all over that sum to the municipality.

You can run into debt, but you'll have to creep out.

COMMODITIES DROP IN PRICE.

Substantial price reductions in sugar, flour and rolled oats are noted in the revised quotations offered the grocery trade this week. Sugar is particularly in the limelight, as it is now 50 cents a hundred cheaper than last week, despite the fact that higher prices were expected by the trade. Dealers are uncertain whether or not the decline to \$10.93 is the beginning of a serious slump. With the advent of dollar whe at, flour has continued to drop in price until it is now sold to the retailers at \$10 and \$9.50 a bag for firsts and seconds respectively. It is expected that this last reduction of

30 cents will have considerable influence in forcing down the price of bread. On account of the mild weather the demand for rolled oats has fallen off and wholesalers have been forced to dispose of their stocks at lower figures. As a rule values in porridge commodity do not drop until the middle of May at the earliest. Oatmeal is now \$3.25 wholesale or 15 cents lower than last quotations.
