

Fancy Biscuits

We don't know of a store that's so well equipped to furnish fancy biscuits for all occasions as this one. We've worked to make it so.

We've gathered all the favorites—those that have been tested and found to be dainty, delicious food products - and kept out the mere freaky preparations.

No matter how select the party you entertain, you'll be certain to get something in our stock of fancy biscuits to please your guests.

One of our newest lines is the Coccoette, a delicious cocoanut flavored biscuit, very light, runs about 90 to the pound. Then we might mention the Aristocrat, and the Lemon Cream, and the Maple Leaf, but to mention them all would take up too much space, so come on in and let us show you.

Prices are right.

County Council.

The regular June Session of the County Council of Bruce was held at Port Elgin commencing Monday evening the 12th. The Warden was in the chair and there was a full attendance. Mr. Izzard, Reeve of Port Elgin, extended a welcome on behalf of the Council and citizens of Port Elgin to which Warden Shoemaker very suitably replied after which the Council got down to business. The great bone of contention at this Session was the report of the County Valuers. The valuation of the townships was not strongly objected to although they considered themselves assessed high enough, but the valuation of the towns and villages raised a storm, their representatives considering that they were raised out of all proportion. The total value of the real property as found by the Valuers was \$38,040,388, as compared with \$25,306,272, by the former Valuers. The total value of the townships now is \$24,375,455, as against \$21,812,305 formerly, and the towns and villages are now assessed at \$4,664,933, compared with \$3,493,967 formerly. The representative of the towns and villages claimed that this was unfair, being an advance of about 25 per cent, on the townships. The reports adopted and the matter somewhat equalized by the committee, taking some \$74000 of the Urban Municipalities and dividing it among the Townships, pro-rata.

Mr. Falconer of Culross applied for a grant of \$700 to assist in building a large bridge there, and Mr. Smyth of Saugen and Mr. Filsinger of Carrick applied for similar grants but the Council refused any.

The question of vault accommodation for the Court House was referred to the Property Committee to investigate.

A Committee was appointed to have a large bridge on the tenth concession of Brant rebuilt. This is a County bridge.

A grant of 10 per cent of the County Rate for 1910 was made to each municipality for road improvements and \$200 was given to each of the (5) schools doing continuation class work.

Mr. Henderson of Walkerton asked to have a bridge at the east end of the town assumed by the County; the matter was deferred till the December Session. The Council has since been served with the Notice under the Statute and the matter may have to be decided by the County Judge.

A By-law was introduced to borrow \$20,000 on debentures for rebuilding Brant and other bridges.

The usual grant of \$1500 was made to the Walkerton Hospital and a grant of \$500 was made to the Kincardine Hospital to assist them in some new building that they require.

The usual number of applications for grants to roads and bridges were made but very few were recommended.

A delegation from Chesley High Schools were present and asked the Council to request the Government to send a representative of the Department of Agriculture to the County of Bruce. This representative is on appointment attached to one of the Schools for the purpose of teaching Agricultural subjects. The Council decided to make the request.

Mr. Hunter of Kincardine brought up the question of applying to the Hydro Electric Commission to have an engineering sent here for the purpose of considering the water power development. The Council appointed a committee to look into the matter.

The total amount of County taxes this year is \$80,439 29, being a considerable increase over last year's. Most of this increase is for roads and bridges. A strong endeavor was made to keep the rate down and many applications for grants were turned down on this ground but the number of bridges that required rebuilding or repairing was so great that the rate had to go up.

After a busy session Council adjourned Saturday morning to meet in Walkerton the first Tuesday in December.

LIVE STOCK MARKETS TORONTO.

The railways reported 108 carloads of live stock at the City Yards, consisting of 1421 cattle, 1282 hogs, 465 sheep, 340 calves on 1 horse.

The quality of cattle generally was good, there being many well-finished loads, but the bulk of these were heavy-weights, which would have sold more readily had they weighed 190 to 200 lbs. lighter.

Trade was slow, drovers refusing prices offered, which caused a waiting market.

These two days have been the buyers' days, they having had more of their own way than for several weeks, sellers not being able to dictate prices, as was done a week ago.

But prices are still high, notwithstanding the fact that there is a slowly widening spread between choice cattle and the common grades of grassers, that are daily coming forward in increased numbers. Prices were about the same as on Monday.

Exporters—There were several loads of export cattle, or cattle of export weights, which sold at \$5.90 to \$6.10, and one lot of 40 cattle of extra quality fed by J. P. Allison, was sold to the Harris Abattoir Company at \$6.25.

Butchers—Geo. Rowntree, buyers for the Harris Abattoir Company, bought 412 cattle, and reports prices as follows: Butchers' steers and heifers, \$5.50 to \$6; cows, \$3.70 to \$5.20; bulls, \$4.30 to \$5.

Milkers and Springers—A fair supply of milkers and springers sold at \$40 to \$70 each.

Veal Calves—Veal calves sold at steady to firm prices, ranging from \$4 to \$7.50 per cwt.; with a very few new milk-fed veals at \$8 per cwt.

Sheep and Lambs—Ewes of heavy weights sold at \$3.50 to \$3.75; light weight ewes, \$4 to \$5 per cwt.; rams, \$3 to \$3.50; yearlings, \$5.50 to \$6.50 per cwt.; spring lambs, 8c to 9c per pound.

Hogs—The hog market remains firm at \$7.45 for selects, fed and watered, and \$7.15 to drovers for hogs f.o.b. cars at country points.
