Is the Patent to the best Medical School!

That predisposition which exposes the human frame to the injurious and virulence of all disease, proceeds directly or indirectly from a deranged state of the System, caused by impure Blood, Bilious and Morbid conditions of the Stomach and Bowels.

DR. HALSEY'S
GUM-COATED
FOREST PILLS.

(A Vegetable preparation of unexampled efficacy.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable properties of the highest Medicinal virtue. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, cleansing or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are free from the use of lactucal in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their healing effects. In whom given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, while families are taken down by Malignant Fevers, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—none parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Sufficient to say of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25-cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bile an attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and cause all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. Dr. Forest Pills do not weaken, but give strength and animation to both body and mind. They not her cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of these great effects in curing diseases.

Testimonial after testimonial showing their great powers of curing in all most every class of disease have been tendered to us by individuals of undoubted character and responsibility. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former cases when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of these six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any other medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes.

The great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by curing thousands of diseases.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC.

An article which in every respect supersedes Sugar, both on account of its healing virtues and its forbidding the access of moisture.

The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, more than which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all imputations and to outwit Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Reader!!! If you wish to be sure of a medicine which does not contain that horrible poison, Calomel or Mercury, use DR. HALSEY'S GUM-COATED FOREST PILLS, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound Sarsaparilla Extract in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous Fevers, and be subjected to a Doctor's bill of 20 or 30 dollars, take a box of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not harm the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

HUMAN HAIR.—HYPERION FLUID.—This is a composition admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from the vegetable kingdom—in fragrance it is perfectly unique. How often do we perceive young persons with their scarcely grey, or afflicted with baldness, all arising from the inattention of the skin of the head, and the consequent suppression of the secretion, or its vitiated quality. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the system of the skin, and a rich and beautiful growth of the original color, will shortly follow. Its efficacy in eleansing the hair from scurf and dandruff are also truly marvelous. The Hyperion should be one of the toilet requisites to every lady's and gentleman's table.—*The Merchantman.* 168

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the selected Plantagenet Water held a conspicuous position, and its exhibition was attended, we learn, with the most favorable results. The demand of all ranks for this delightful fragrance was so great that before the city could be supplied. The possibility of these Mineral Springs has been so thoroughly tested and proved, that the Proprietors have no hesitation in recommending them to the most valuable character among daily accommodating. The highly appreciable virtues given in our paper of the day will, we feel assured, be sufficient to induce all to their tables throughout the Province. The testimony of the medical gentlemen is equally favorable to the character and quality of these Springs. Messrs. Nelson and Gibb placing them at the head of all other Mineral waters on this Continent:—

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Springs, and I am now more than ever convinced it is a very large number of my patients with incredible advantage.

"Two months ago one of my family, of terrible advantage, was attacked with Cholera Morbus, and was given over by the whole of the Faculty. One had nearly lost all power in the right arm, the result of a severe and protracted attack of Rheumatism, the other was severely afflicted with Dyspepsia and Indigestion, arising from inflammatory bilious, and in many instances, chronic diseases.

"The administration of the Water in accordance with the directions, has restored the former to perfect health, and in many instances, arising from inflammatory bilious, and in many instances, chronic diseases.

"In Dyspepsia, nervous sickness, and the other numerous diseases to which mothers are subject under certain circumstances, it has been unexpectedly successful. In fact, in every case in which it has been administered, it has been attended with the most happy results.

"From an extended experience in the use of the Plantagenet Waters in my practice, I have fully convinced myself that there is no remedial agent, and I feel bound to say that I am not in the habit of flattery when I say, I feel that I have found a remedy for which the profession have long been in search.

"Recommending the Water to the public with the most perfect confidence in its virtues I remain, &c.

"From an extract of the Water I am well satisfied with the correctness of Dr. Hunter's analysis, and I have no hesitation in recommending it to the public, and I doubt it probable to any other of equal value. I am acquainted with Dr. Hunter's Plantagenet Waters, and am acquainted with Dr. Hunter's analysis of them, and I have no hesitation in pronouncing it a correct one.

"WM. SUMNER, M.D., V.S., &c.,
"Prof. of Surg., Comm. Med."

"Many months experience in the use of the Plantagenet Waters in my practice, have fully convinced me of their value as a remedial agent, and I feel bound to say that I have not met with anything superior with the same, and always use it in preference to any other. In Dyspepsia, Nervousness, Sick Headache, Rheumatism, Skin Diseases, &c., &c., they have proved a genuine specific and efficacious, and from their composition, they possess, in addition, diuretic and aperient properties.

"Certainly, too much has not been said in their favor, for they are, positively, the most valuable Waters on this Continent.

"GEORGE D. GIBB, M.D.,
"Lecturer on Materia Medica and Therapeutics in the Montreal School of Medicine.

"Montreal, 6th August, 1850."

The following certificate is from the Hon. Peter McGill, a Member of the Legislative Council of the Province, and President of the Bank of Montreal:—

"Canada Life Office, Montreal, 1st June, 1850.

"I find the Plantagenet Water has very fine taste, and is highly recommended by many of our most eminent Physicians in public favor by many of our most eminent Physicians in public favor by many of our most eminent Physicians in public favor
