SCHOOL BOARD HELD MEETING

Important Business Transacted Suggests Teaching Singing.

Routine Business.
The regular meeting of the Public School board was held last evening in the Council Chamber.

Those present were: Chairman G. H. Ryerson, Trustees I. D. Scruton, J. Harvey Clement, Dr. Ballachev, M. E. B. Cutcliffe, David Lyle, Arthur Coulbeck, Dr. D. Watson, Inspector E. E. C. Kilmer acted as secretary in the absence of Mr. Bunnell in the West. The only member absent was Dr. Ashton who is on a trip to Europe.

The minutes of the previous meeting were read and approved. Medical Nurse Macpherson submitted her monthly report. It might be stated that the work and the results from this department is quite satisfactory to the board, and is greatly appreciated by the parents of many of the pupils.

Inspector's Report.
Inspector Kilmer's report showed a total enrollment of 3,100 pupils, 365 of which were kindergartens. Average attendance was 2,800 for the month of April.

Communications.
A number of communications were read, and referred to their respective committees. Mr. Dixon of Alexandra school requested that he be given an increase of \$500 in salary.

Wants to Teach Singing.
Dr. J. H. Pearce of this city wrote the board suggesting that he be selected to introduce a course of musical training in the schools. He had had experience in Ontario. The matter will be looked into by the school management committee.

Grandview Agreement Ratified.
A. H. Colquhoun, Deputy Minister of Education, wrote stating that the agreement entered into between School Section No. 3 (Grandview) and the Public School board of Brantford, whereby city pupils can be sent to that school, which will be conducted on exactly the same basis as the ward schools of the city, had been sanctioned by his department. It has been signed by representatives of both boards.

Management Committee.
Dr. Ballachev on behalf of the Management committee submitted the following report which was unanimously carried:

1. That the chairman and secretary of the School Board be authorized to enter into an agreement with the Grandview school trustees; whereby city pupils north of Terrace Hill street, and West of Sydenham St., be accommodated at the Grandview school at a payment approved by the Minister of Education, until a date of May 22, 1913. Estimated number of said pupils (exclusive of kindergartens) 84.

2. That the secretary be authorized to procure at once fifty cadet suits (size 10 to 14), at \$4.44, as per sample. Cost of each to be \$3.35.

3. That the resignations of Misses Wegman and Pound be accepted, to take effect June 30, 1912.

4. That the city solicitor be instructed to close the sale of the Morrell St. school to the Lake Erie and Northern Railway Co., as per their letter of May 7, 1913.

5. That the board procure six Nature Study Charts and accompanying manuals from Mr. Bicknell of Hamilton at the net cash price, namely \$114.

Buildings and Grounds.
Chairman Cutcliffe of the Buildings and Grounds committee, gave a verbal report re Dufferin school. He said he felt sure it would be ready for occupancy after the holidays. Things were not moving as fast as he would like, but he felt sure with a little urging it would be ready in time. In speaking of two motors which had been supplied and which were not exactly what was wanted, he said he thought it advisable to wait until the first of the year before using motors; as he had been assured by Mr. Ireland of the Hydro Electric commission that the power line would be to the waterworks by that time. They could then use Hydro Electric power and get motors suitable to that power.

Finance Committee.
Trustee I. D. Scruton got through a number of accounts for various amounts.

Dental Inspection.
Dr. D. Watson gave a verbal report of the committee on dental inspection. The dentists of the city had been called together and had unanimously decided to assist in the way suggested, on condition that the board fit up a room as suggested. A committee will likely visit Toronto first to get pointers on how they conduct this department of their work.

Penny Savings Banks.
Mr. H. Mackenzie, of Toronto, an old Brantford boy and son of Rev. Dr. Mackenzie, addressed the board re the establishment of The Penny Bank in the school of this city. The principals of the various schools had been invited to be present, and after he had given an outline of the system, a formal discussion was held several of the principals taking part. Some years ago the board inaugurated a penny saving system but it was not the same as the one suggested by the speaker and was very cumbersome. The matter will be taken up by the management committee.

Street Lighting.
The account of the Western Counties for street lighting for the month of May is \$1,204.92; less \$209.94 for 76 hours which lights were out, amounting in all to \$1,284.88.

Parks Board

A meeting of the Parks board was held at city hall last night. Those present were: E. L. Gould, chairman, F. Cockshutt, W. Glover and J. J. Hawkins.

Communications.
A communication was received from J. Buskard, secretary-treasurer of the B.C.I. board in reference to the tree in front of the Collegiate Institute being damaged by electric wires.

Mr. W. J. Phillips, secretary of the Brantford Lacrosse team wrote asking for the use of Agricultural Park for three Saturday afternoons. The request was granted.

Accounts Passed.
Accounts amounting to \$992.26 were presented of which \$386.99 were prepaid. The balance \$505.28 were ordered to be paid.

St. Paul's Avenue Play Grounds.
Correspondence from the Department of Education, Toronto was received; also from Mr. W. S. Brewster, M.P.P., and H. F. Gardner, principal of the Institution for the Blind, in which it was shown that the granting of 200 feet to the present play ground already granted, would be brought to a final conclusion. The board is now authorized to enter on the land and make the necessary improvements. It was stipulated in the Minister's letter that no buildings whatsoever be erected on the grant of land, except first authorized by the Minister of Education. It is also directed that the board finish the leveling and improving of the whole of the land before giving over the fifty feet which is allowed to the Dufferin Bowling and Tennis club. The latter stipulation is made in order not to interrupt the series of games to be played on this park, according to scheduled games previously arranged.

In respect of some difficulty two weeks ago when a number of men football players came and ordered off the play ground a number of young boys who were also playing a match, and were treated with roughness and sworn at, the board were indignant at the course of events.

The board have passed stringent regulations for the governing of the St. Paul Play Ground in particular, and the others in general. A copy of these rules are placed in the hands of Chief Sleming, who has agreed to enforce as follows:

1. That the use of profane language be forbidden and anyone using same to be denied the privilege of the play grounds.

2. That no person or clubs be allowed to monopolize any play grounds to the exclusion of others, except as specially authorized by this board.

3. That in a case where the play grounds are too small to allow more than one set of players at one time, the players first on the grounds be allowed reasonable time to finish their game.

4. That application be made to the

police commissioners that Albert Abbott, the caretaker at Agricultural Park be sworn in as special constable for the purpose of maintaining order at Agricultural Park.

Letter of Thanks.

It was the unanimous opinion of the board that the secretary should write a letter expressing the board's thanks to the Minister of Education for the grant of extra land for the play ground. Also that similar letters be sent to W. S. Brewster, M.P.P., and Principal H. F. Gardner for valuable assistance in procuring the grant.

The Buildings and Grounds committee presented a report of the sale of buildings in Agricultural Park: Brick building \$357; horse shed \$325; cattle shed \$216. The poultry building was given to the city for a store house, same to be removed as soon as convenient.

SECOND SECTION

RED SOX LOSS OF

Brantford on The Short and Failure to Resp

Tis the same old tale repeated. Which we've oft times heard. When the ball games, they a Brantford has the short end of score.

Alas—But too true. Brantford lost—they deserve. The Sox had golden opportunity presented to them but absolute refused to take advantage of the St. Thomas walked off with a win. There is no use trying any excuse, it was corner lot times on the part of the Sox. Collins pitched good enough, win but he received wretched at times and could not win a team playing behind him they did. At times the Sox real good ball and then they deliberately turn around and opposite.

Consistent ball playing win and the Brants are anything assistant. Howick pitched, Thomas and he always did liking for the scalps of the Sox.

Shortstop Tesch got in bad day and made a couple of bad Wagner too was a little off "Wag" has so few errors possibly can be excused. St. Brundage did not use altogether very best judgment out in. The Sox has three excellent to pull the game out of the they didn't much to the dis those who attended the game low it on the score board, that "every knock is a boo haps a little knocking at this the game might have some some of the players who playing up to snuff. Before to the scene of the tragedy, he well to remark that Nelson's patience may be exhausted and some day perhaps far distant some players who in playing indifferent and may be handed a blue envelope. It is well known who in blue envelopes generally.

Dear Sir "I regret to say, know, nuff said.

The Game. Kane selected Collins to mound and Howick was his ent. There was nothing of consequence transpired in inning, probably with the of Sleming's one hand stab of liner to centre.
