The cheap deception of naming an imaginary "Value" as a basis of reduction is so common, that we call attention to our method of VALUE statements. They are from actual figures, and the honest retail values of today. No simpler or more correct comparison could be made.

The reductions are logical—the result of overbuying. The prices can only be approached elsewhere by the recklessness of desperation. The quantity, variety and selection cannot be matched.

We expect the low prices to force these goods out quickly. The sale will be

### GUIDE AT BERTIN.

Mr. T. J. Patterson, of Moorefield, Takes His Life.

Much excitement was created in Berlin Wednesday evening when the report circulated that a stranger had committed suicide at the Market hotel. The report was soon verified, and the suicide turned out to be T. J. Patterson, an Englishman, who had been in the city for some time. It transpired that the man came there that morning on the 6.10 train from Guelph, and applied at the Market hotel for a room. He was given a room on the second floor, and at once retired. Nothing more was thought of him by the hotel people until about five o'clock this evening, when the proprietor, thinking he was sleeping rather long, went up to his room to arouse him. The man was lying in bed as if asleep, and the landlady shook him, but was horrified to find his body was cold and that his neck was dead. A doctor was brought in, who gave his opinion that the suicide had been dead for hours.

An examination was made of his pockets, and a large number of articles were found. He had \$85 in bills and some silver, and papers showed he had been traveling heavily in grain and potato transactions. He also had a return Grand Trunk railway ticket from Guelph to Palmerston, and a number of E. & F. M. excursion tickets. He appeared to be a man of about thirty years, with a black beard, dressed in grey clothes. The hotel-keeper says he had not seen the man leave the hotel at all.

At Hoffman's drug store on King street, where Patterson procured the poison, Mr. Hoffman said that Patterson came to the store about ten o'clock this morning, and after drinking a glass of soda water, asked for Brown's chlorodyne, an English medicine, which he said he wanted for diarrhoea. The drugist told him he had none in stock, but had the Canadian chlorodyne, which was cheaper. The man then said he would take two courses, and gave a \$2 bill in payment. He then went out, and walked towards his hotel. As the chlorodyne is a good thing for diarrhoea, the drugist was not suspicious, though since the tragic event he was rather unusual for a man to buy soda water first, as people usually buy their drugs and then take a drink of soda water after. It is evidently a case of suicide, as Patterson drank nearly the full contents of the bottle. The body now lies at the hotel, awaiting word from the friends of the deceased.

The unfortunate man was well-known by several in Guelph. Sheriff McKim knew Patterson, and his uncle very well, and was speaking with the former when he was here last week. Patterson then said he was going to the old country, and on Saturday morning he left for Toronto. In the beginning of this week his uncle, John Patterson, Moorefield, came here to look for T. J., but he was not to be found and his friends have been looking for him ever since. On Tuesday afternoon he took the three o'clock train for Berlin where he was at the time of his death. The deceased was Treasurer of the "Company of Marybore" at the time of his death. He had been carrying on a grain business for some time and previous to that he farmed near Moorefield. Patterson was well educated, a shrewd business man, genial, very popular, and wealthy. Loss of money is not thought here to be the cause of his suicide. His only apparent fault was his periodical anger, when he went off and stayed away for some time.

### The Macedonian Rebellion.

London, June 26.—The Vienna correspondent of the Central News has advised from Sofia that all the political parties in the Bulgarian capital have resolved to support the insurgents in Macedonia. Turkish troops are hurrying to the different points in Macedonia at which outbreaks have occurred.

According to a Berlin despatch the Colonel Gasquet urges the powers that are parties to the triple protest against the Turkish administration in Armenia to insist that the reforms demanded for Armenia be also applied to Macedonia.

### Complaining of the Cost.

Berlin, June 26.—A large section of the press severely criticises the large expenses incurred in connection with the Kiel festival, amounting to no less than 6,000,000 marks. The haste with which the canal was opened, contrary to the advice of experts, is also censured, and the incomplete condition of the canal deplored. Herr Eugen Richter, in the *Freisinnige Zeitung*, has accused the journalists present at the inauguration of having exaggerated the whole affair under the influence of the champagne liberally dealt out to them.

### The Hyams Trial.

Deputy Attorney-General Cartwright stated yesterday that the Hyams twins will undoubtedly be charged on trial again in September on the charge of murdering Willie Wells, but whether the evidence as to the attempt to insure the life of Mrs. Harry Hyams for \$200,000 will be introduced in a matter of doubt. Mr. Oiler has an application for the admission of the evidence would not be valid. However, a different judge will try the case next time, and, as a decision of non-admission was merely made by a circuit judge, and has not been verified by the full court, the case being tried in April may be admitted by the trial judge in September. The possible event of the non-admission of the evidence and the acquisition of the trial on this ground.

The police claim to be in possession of some startling new evidence, and confidently state that they will convict the men at the next trial.

Fergus Correspondence.

Course Fergus.—The "Thriller" play in St. Catharines a championship match next Monday, first July. We want to see a result directly the opposite of what was recorded here. Let the boys get in good form and they will give a good account of themselves. The juniors play a district championship match at St. Catharines on Friday first. The players in the M.F. are all very good and our juniors are prepared for a strong game. On Monday the same team from here will play against Grand Valley in Arthur as exhibition game for medals.

Class.—The base ball players expect to play against Belmont at the Miltona picnic on Friday first. They are also expected at Alma on July first. If all these events come our sports have no. 2. ahead for the coming few days.

Picnic.—Several from here attended Father Hall's picnic at Ontario last week and enjoyed themselves. A picnic was held on Saturday last in St. Catharines. The Harvest Home ball only defeated the Stanley's 25 to 9 in five innings.

Only two or three took in the excursion and C.P.R. picnic to Owen Sound on Saturday.

Mr. Lett's "The Ladies' Aid" at St. Andrew's had a very successful bazaar to-night in the drill shed. The hall looked much better than the previous one, and the ladies made most beautiful and pleasant.

An unfortunate lawsuit was tried here this afternoon. The verdict was a dollar and costs against some boys up in the upper part of Grand Valley for not having insured passengers on the road.

Church.—The new English church is going along nicely. It is to be noted, and will not be plastered, the brick wall being laid bare. The church is making an effort to pay off the \$500 of debt by the first of August, when this amount is to be placed on the altar.

Norman—\$250 is a big price to get for a span of horses now. This is the amount Mr. J. Carlen of Niles was paid for his last week for Black's old country shipment. They are very fine and we are sorry and proud to see such fine young horses leave our section. A hand composed of ladies, give an entertainment on Tuesday, the 2nd July. They are well spoken of. A photograph is in town, and doing a good business in re-taking portraits. We had a fine rain here yesterday (Monday) morning. It was much needed and will do a great deal of good. We can stand more. Hay must be short around here. Other crops are looking well. Mr. John Beattie's night four or five points in west. It is a beautiful and magnificent flower. Mr. P. Bennie's fine new house is up.

Hesperia Correspondence.

Rev. Mr. Nugent arrived in town on Tuesday.

Mr. Henry Schaumburg, of Toronto, is spending a few days in town.

Mr. Fred Bradley sprained his wrist in Forbes' mill on Friday afternoon while working.

In the Methodist church on Sunday evening next a farewell letter from Rev. Mr. Harvey will be read by Mr. Thompson, who will occupy the pulpit.

On Thursday afternoon of last week a rather quiet wedding took place at the residence of Mr. A. B. Jaggins. Miss Edna Jaggins was united in marriage to Mr. W. H. Christman. Miss Nellie Jaggins, cousin of the bride, performed the duties of bridesmaid, and Mr. Philip Christman, brother of the groom, acted as groomsmen. Only the relatives and intimate friends took part in the wedding.

The entrance examinations start on Thursday of this week, and will be concluded Saturday. About a dozen from Hesperia will try.

The volunteers left for London on Tuesday morning. Quite a crowd collected to see them off.

On Thursday, about 6.30 p.m., an alarm of fire was given. Upon examination it was found that some children had started a fire at the back of Mr. J. P. Christmas's store, which would not have been so great had it not been for the fire which was put out. The firemen's services were not required, though they were out in full force.

On Monday evening about 90 members of the Royal Templar's Council met in their hall and elected a body to the next meeting, where services were held over the graves of deceased members. The procession was headed by the R. T. of O. Band, the members marching two and two, each carrying a bunch of flowers, which were distributed on the graves during the service.

Next Sunday will be the annual flower show in the Presbyterian church. The children will be present at the morning service, and each scholar will bring a bouquet and lay it in the rack which will be ready to receive them, as they pass from the schoolroom to their seats in the church.

It is said that the two fishers in whose possession Game Warden Stark found bass, under the length allowed by law, have rather got the better of him. One laid in a fine fish, but the other, a minimum fine was imposed, and they have thus managed to get off a good deal easier than they would had they come before a F.P. The best bass fishing in this section of the country is to be had in the river and dam on the Speed in the vicinity of Hesperia, but we want strangers as well as residents to fish fair. A ten-inch bass is small enough for anyone to carry home. We are glad to see fishers from all directions.

Hesperia played Plattsville at football here Saturday evening. The result was a victory won by our baseball club over their rivals from Preston on Saturday, the game being 29 to 13 in favor of Hesperia. At an early stage of the game Preston had the best of it, the score being at one time Preston 8, Hesperia 2. Things looked decidedly bleak for our fellows. A number of the spectators were of the opinion that baseball was an interesting game, scarcely worth the trouble of standing round for two or three hours on a hot afternoon. About the fourth inning our boys began to knock out their opponents, the interest became keen at the finish, and all voted that here had been just splendid. A more enthusiastic crowd it would be hard to find anywhere. It was noted that there was much more betting than usual at a game in Hesperia. This is to be regretted, as betting is very extraneous and exists along with class, honest play of a kind.

Hesperia, June 26.

### Springing News

Yesterday's game:

Sydney 4, Williams 6.  
St. Catharines 4, Brantford 4.

The Georgian team were to have gone to Campbellville on Saturday, but got word not to come on account of the Campbellville catcher having had his leg broken.

A meeting of those interested in the Maroon baseball club was held in the fireman's room last night. President J. P. Dwyer, of the City League, in the chair, when the default ball team were again met on their feet. Mr. Robert Stewart, Jr., for did not appear, and as the team have now good financial backing it is expected they will come more soon.

CRICKET.

In the handicap series at Detroit on Wednesday, 1 and 1.16 miles, Seagram's Saragosa won by a scant neck. Time, 1.48.

Niagara Falls 87, Ridley College 61.

A new cricket record comes from Ireland. At the Curragh Camp Capt. Oates and Mr. Fitzgerald, playing for the 1st Royal Munster Fusiliers, became partners at the fall of the first wicket at 85, and took the score to 100 in 15 minutes.

This has the previous best on record, 100 made by Messrs. G. F. Vernon and A. H. Trevelyan, for the Oxford Club in 1889, by 18 runs. The runs were scored in four hours and three quarters.

BRANTFORD AGAIN DEFEATED.

JEFFERY SCORES HALF A CENTURY.

Yesterday the Brantford cricketers took advantage of the excursion to Guelph and played the return match with the home club, when they again were defeated in a one-inning game. Guelph won the toss and elected to bat, sending in Dr. Lett and Eardley Wilmet. The Dr. was unfortunately given out by L.B.W. and Saunders took his place. Wilmet, after a few minutes, was caught, Saunders being bowled for 11 and Guthrie caught for 12. The rest did not realize much, except Williams, who got his 15 by steady cricket and big hits, the innings closing for 68.

Brantford started their innings with Holden and Armstrong batting. The latter did not play long but Holden and Garrett took the score up to 25. Garrett playing a long innings for 34. The remainder did not get many runs, the total being 45. After lunch Guelph started their second innings with Dr. Lett and Carter batting. Dr. Lett did not play long but Carter gave his 15 by steady cricket and big hits, the innings closing for 47. A few minutes later Saunders was caught at the wickets after playing a very steady innings many hits Williams and Carter took the score to 30 before Williams was caught.
