Learn a Lesson From the Recent Fire !

On Monday Plummer & McLeod's Meat Store was totally destroyed by fire. Only three days before they had made up their minds to insure their stock and building. Fire cleaned them out before they received their policy, which, however, arrived while the embers were still smoldering. They were insured in one of my company's and on Tuesday their claim

was settled in full. Can you afford to go uninsured? Is it not best to get SAFE insurance in one of the strongest companies on Earth? I am agent for the Sun (British), the oldest company in the world; the Phoenix of Hartford, the strongest American company, and the Imperial, a solid Canadian institution.

Insure in the Mutual Life of Canada and secure protection for your family or your own old age, for you do not have to die to win

Don't neglect insuring your auto. Equally important is it to protect in like manner your Live Stock, and not only your buildings but their contents.

Do You Want to Sell Your Farm? I am getting constant enquiries for Farm or Town properties and there may be a call in for just what you have to sell
