

Summary of Events from Seat of War

Events of Interest in the Great European War as Recorded Day by Day

Canadians Warmly Greeted On Arrival in England

**First Troop Ships Arrived on Thursday and
Canadians will Complete Their Train-
ing in England.**

Montreal, Oct. 8.—The arrival of the First Canadian Contingent in England evoked scenes of the greatest enthusiasm. They are going to one of the great military camps where they will complete their training.

Montreal, Oct. 8.—The siege of Antwerp is being carried on with great force, and although doubt is expressed in some quarters as to whether the city can stand up against the big siege guns, the garrison declares that it can hold out for any length of time. If it can do so, it is probable that help will arrive from outside, which will cause the Germans to quit.

The efforts against Antwerp are believed to be aimed at keeping the war off German soil as long as possible. If the German army is driven back into its own country, it will be impossible to prevent the people from realizing that it is beaten.

Montreal, Oct. 8.—Evidence is accumulating that the Germans intend, if possible, to destroy everything in Belgium that is in their path. Should they do this, it will, it is believed, be difficult for every other civilized power to stand aside from joining in the work of exterminating them.

Montreal, Oct. 8.—The Japs are going strong, and it is thought that the Germans at Kian Chou cannot hold out for more than a few days.

Montreal, Oct. 8.—Arrangements have been made to use both Halifax and St. John as receiving depots for horses. This will make the shipments much easier than if only one port were used.

St. John, Oct. 8.—It is likely that the report of the Dugal Commission will be handed to Governor Wood today or tomorrow. Governor Wood will first communicate it to Premier Fleming for him to decide on his course of action, and will at the same time acquaint Acting Premier Clark with its nature.

London, Oct. 8, 12:30 a. m.—A despatch to the Central News from Harwich, England, says that a rumor is in circulation there of the sinking of a German cruiser in addition to the German torpedo boat destroyer.

Harwich, via London, Oct. 8, 12:50 a. m.—The members of the crew of the submarine E-9 which has arrived here, are jubilant over the second successful engagement of their little craft against a German warship. One of the members of the crew in an interview said that while the sinking of the torpedo boat destroyer off the Dutch coast was more easily accomplished than was the case when the E-9 sent the German cruiser Hela to the bottom, luck was with the submarine.

"We knew when we left Harwich Harbor," said the sailor, "that it was a case of hit or miss." When we rose we saw two German destroyers travelling at a speed of about thirty knots.

"Our commander was at the periscope and ordered the forward tubes to be fired.

"I fired the first tube but could not say whether my missile hit. We then rose to the surface and the commander said: 'Look at her; the beggar is going down.'

"Then we saw the German rise perpendicularly and her men rushed to her stern and dived into the water. The submarine then was submerged again and made her way back to Harwich.

"I don't want to boast, but we got our torpedoes home."

British Troops Capture Two Heavy Siege Guns

**Abandoned by Germans when Driven Out of
Fortified Position**

Montreal, Oct. 9.—Despatches are somewhat conflicting as to the ability of Antwerp to withstand the siege for any length of time. Grave anxiety is expressed regarding the outcome, but leading military experts in England express themselves as satisfied that they can hold out. It is much more strongly fortified than either Liege or Namur, and approaches to it can be flooded.

British troops have obtained important successes over Von Kluck's forces, which has been driven out of a strongly fortified position in a quarry.

Two heavy siege guns which had been mounted there in cement, were abandoned by the Germans in their hasty flight.

Montreal, Oct. 9.—The Russian centre mobilized at Warsaw has started on its march to Berlin. This army includes the pick of the Czar's forces, and is meeting with considerable opposition, but the Russian advance is steady and overwhelming nevertheless.

Montreal, Oct. 9.—It is suggested from Paris that the Germans are holding out on Aisne with the idea of the taking of Antwerp, and then retire to another line of defence in Belgium, as it is impossible for them to find fresh troops continually to counter balance reinforcements coming to the Allies.

Even the fall of Antwerp, it is stated, will not shake the confidence of the Allies in their ability to drive the Germans back over the frontier.

From the Battlefront (via Paris, Oct. 9—12:41)—Detachments of cavalry of the Germans and the allies met Thursday on the frontier of Belgium, manoeuvring for a position to outflank each other. The Germans had thrown brigade after brigade in front of the Allies; but these found adversaries equal in force. The flanking operations are rendered difficult owing to the proximity of the sea, and the day passed without very serious encounters.

The allied leaders appear to be satisfied with present conditions, and ready to meet any offensive move by the Germans.

The great plateau near Lille and Armentieres favors cavalry work, but farther north the ground becomes marshy, although it is interspersed with excellent roads.

Some distance farther south, near Roye, the artillery and infantry fighting continues very sharp. At other points along the bat-

Antwerp Has Surrendered To the Kaiser's Forces

**Unable to Hold Out Against Big Siege Guns
Belgians Blow Up Forts and Retire--
Useless as Naval Base**

Montreal, Oct. 10—3:30 p. m.—A despatch just received says that Antwerp has surrendered. The military governor, seeing the hopelessness of attempting to hold out against the terrific shower of shells from the powerful siege guns, decided to give up.

The plucky Belgians, before evacuating the city, blew up several forts.

The Germans are busy destroying railways and other means of communication surrounding the city. It is expected that they will make Antwerp the base of a new line of resistance through Brussels and Namur to Metz.

Montreal, Oct. 10.—Portugal is expected to declare war on Germany at any moment. Her army is small, but of good quality.

Montreal, Oct. 10.—Antwerp, for naval purposes, is useless to Germany, as it can only be reached through Dutch waters. Any breach of Holland's neutrality would bring her already mobilized army of three hundred thousand men on to Germany's right flank in twenty-four hours.

Montreal, Oct. 10.—The trial of thirty or more persons for the murder of the Austrian Archduke and his consort three months ago commences at Sarajevo on Monday.

Montreal, Oct. 10.—Word from Ottawa says the British war office has gladly accepted Canada's offer of a second contingent, and recruiting will begin at once. Canadians feel now that the war is as much their concern as it is Britain's and the utmost enthusiasm is exhibited all over the country to join the colors.

London, Oct. 10.—The London Standard's Petrograd correspondent writes:

"The organ of the Russian War Office states that the Turks are busy making preparations for war in Asia Minor, especially in the vicinity of Batoum and Erzerum. Caucasians are so accustomed to the idea of hostilities between Russia and Turkey that the rumors of the last few days cause very little excitement.

"Last spring Armenian merchants expressed most decided opinions with regard to the Turks being under the influence of the Germans. They were gradually assuming a most provocative attitude toward Russian subjects while in the Bazaars and an energetic propaganda was carried on with the object of inciting the people against Russia. It was represented that Russia, after taking the whole of Northern Persia, now wished to annex Turkish Armenia.

"In Trebizond, Keresim, Bairut, Erzerum and Hasan Kales German officers were constantly found busily inspecting the forts and garrisons.

"As soon as Germany declared war Turkey hastily mobilized concentrating her forces on the Asiatic frontier of the Russians, the mobilization, however, was not a success. Many reservists employed in the Crimea and in Caucasia either returned to the colors with exceeding reluctance or endeavored to escape service.

"According to the native inhabitants, Turkish German officials have been busy travelling in Asia Minor as emissaries for the young Turks and have succeeded in convincing the fanatical people that Russia intends to take the Dardanelles as well as Turkish Armenia.

Russians Continue Their Successes

**Germans are Driven From Vloclawek, Being
Unable to Check the Russian Advance.**

Paris, Oct. 8, 11:38 p. m.—The official communication issued by the French war office tonight says: "On the whole the situation is stationary, the positions occupied remaining the same, notwithstanding several violent engagements notably in the region of Roye."

Rome via London Oct. 8, 9:50 p. m.—A despatch to the Tribune from Petrograd says the Russians have driven the Germans from Vloclawek (Russian Poland, thirty-five miles south-east of Thorn, East Prussia) and have fortified themselves within a few miles of the fortress of Thorn.

The German left wing in Poland, according to the despatch, is said to have been partly enveloped.

London, Oct. 8, 10:17 p. m.—A Petrograd despatch to Reuters Telegram Company says the Russians have completed the administrative organization of the conquered regions around Lemberg, which has been made into a province divided into thirteen districts.

The Russian troops, adds the despatch, are advancing slowly but irresistibly upon Cracow, the population of which has already been reduced by one half.

Rome, Oct. 8 (by way of Paris, 2 p. m.)—The Montenegrin minister here has received a despatch from Cetinje stating that the Montenegrin troops facing the Austrians on the Herzegovina frontier, defeated the Austrians and occupied Bilik in Herzegovina. They took four officers and 125 men prisoners, and captured some quick-fire guns, many rifles and a quantity of ammunition.

Berlin, Oct. 5, via London Oct. 5.—According to the latest despatches received here from—(name deleted by censor, but probably some place in France), frontal attacks have now so costly in lives to both sides that they have been deferred. The antagonists are awaiting the results of flanking movements, which promise greater effect with fewer casualties.

The German soldiers on the centre line the opposing forces maintained their positions, contenting themselves with desultory firing.

The French Col. Marchand of Fashoda fame, is among those reported to have been seriously wounded when a splinter from a shell struck him in the leg.

While endeavoring to give prompt succor to wounded between the lines during the course of last night, a party of litter-bearers belonging to the American ambulance lost their direction, and approached the German entrenchments. Several German sentries challenged the bearers, who lay down and remained quiet and later returned safely to the allied line.

The Earl of Fitzwilliam, who was born in Canada, is very active in performing his duties as a transport staff officer of the British army. He controls thousands of motor cars and horse vehicles of every variety and displays wonderful ability as an organizer.

WORLD'S GREATEST KIDNEY REMEDY

**"Fruit-a-tives" Have Proved
Their Value In Thousands of
Cases**

**WONDERFUL RECORD OF A
WONDERFUL CURE**

**Only Remedy That Acts On All Three
Of The Organs Responsible For The
Formation Of Uric Acid In The Blood.**

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin rids the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acid Urine, it may not be the fault of the kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-a-tives" cures weak, sore, aching Kidneys, not only because it strengthens these organs but also because "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

of the line (in France) live in their trenches. The only warm meal they get is served in the night. It is impossible to kindle a fire in the day time, as the smoke would divulge their position. Otherwise the men live on cold meats, fruits and sweets.

Berlin, Monday Oct 5 via London Oct. 8, 10:30 a. m.—The death has been announced in Berlin of Admiral Friedrich A. Breusing, retired. He was well known as a writer on naval subjects. He was born in 1853.

London, Oct. 8, 5:12 p. m.—"Antwerp was subjected to a furious bombardment throughout last night" telegraphs the correspondent of the Star at Ghent.

"Shells from the German 16-inch guns were falling early this morning in the Place Verte, close to the cathedral."

**RUSSIANS ANNIHILATE
AUSTRIAN BATTALION**

London, Oct. 8.—A Rome despatch to the Exchange Telegraph Company states that a message from Budapest announces the almost complete annihilation of an Austrian battalion of Czech in a fierce encounter with the Russians, during the latter's advance on Marmaros Szilag. Every soldier in the battalion was either killed or wounded it is said.

**SAYS SIX AUSTRIAN
SHIPS WERE SUNK**

Paris, Oct. 7, 2:30 p. m.—The Messenger publishes a despatch from Ancona, in Italy, on the Adriatic, telegraphs the Rome correspondent of the Havas Agency, which declares that four Austrian torpedo boats and two Austrian torpedo boat destroyers have been lost off the coast of Dalmatia as a result of coming in contact with mines.

The Ancona despatch adds that a majority of the members of the crews of these vessels lost their lives.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**PRES. POINCARÉ'S HOME
COMPLETELY DESTROYED**

Bordeaux, Oct. 3.—President Poincaré has received information that Germans have again bombarded his country house at Sampigny, in the Department of Meuse. Forty-eight shells were fired into the buildings, which were completely destroyed.

**GERMAN FISHING BOAT
BLOWN UP BY MINE**

Copenhagen, Oct. 9.—A German fishing vessel has been blown up by a German mine in Langeland bet, north of the coast of Denmark. The captain was killed, but the rest of the crew were saved.

Minard's Liniment Relieves Neuralgia.

"A Man who tries to run a business without Advertising might as well try to run a motor without gasoline. It may be a good business, but it won't go."

Why be content to remain in the same old rut, never making any effort to increase your business, and, worst of all, not offering any inducements to hold the few customers you have?

When you come to look over the matter, do you ever figure out what assurance you have that you will always cater to your present trade? How do you know but what your customers are passing your store and patronizing the man next door, who advertises? In all probability this is just what is going on, and there is only one way to stop this and that is to advertise. This you want to do in the

Union Advocate

ESTABLISHED 1867

one of the oldest papers in the Maritime Provinces. You say you never did advertise, and you do not believe it pays. Don't you think you are giving your own opinion rather a high rating when you put it against that of the great majority of those who do advertise? Surely majority is a better judge.

Do not let your mind rest too strongly on the amount of money you would have to pay; rather think of the increased business which is sure to be yours. You say you do not want any increase, because you would have to increase your staff. Well, if ten new customers came to your store every week would you turn them away? And if that number increased until you had to enlarge your staff of clerks, would you not do so, or would you neglect them? You would certainly increase your staff, attend promptly to your new patrons, and keep your stock of goods on the move, so why not make up your mind to-day to take a space in this paper and keep your name constantly before the buying public.

As an advertising medium, The Advocate is firmly taking its place at the head. If you, Mr. Merchant, are not among the number who are using its columns, why not talk the matter over with our representative and select a good space while you have a chance. We are at your service any time you wish to consult us, and would only be too glad to quote you rates. A telephone call will bring our representative to your store in ten minutes.

THE UNION ADVOCATE'S JOB PRINTING DEPT.

The Advocate is not only taking the lead as an advertising medium, but its Job Department is decidedly in the lead.

Remember that this office is in better shape to handle your Printing than it has ever been before, due to the fact that only competent printers are employed and the most modern machinery used.

There is a difference between plain Job Printing and the kind of Printing that draws business. At one time any kind of a printed letter-head or envelope would do so long as the work was done by a printer. Good paper and high priced ink, the customer did not know enough about to be fussy. It is not so now. The customer to-day figures these items into his contract for printing the same as he does the quality of the goods he purchases to carry on his business.

This is the class of customers who have their printing done at The Advocate Job Dept. Only the best lines of writing paper are kept in stock and the highest grade of inks used for all work. There is not a CHEAP line in our office, for experience has taught us to carry only the best and the most serviceable.

People who leave their order for printing with this office, have that inward feeling of assurance that they are going to get just the kind of a job they want. They do not speculate—they know, and they are never disappointed. We spare no pains to give our customers just what they want, and that is one reason why this office has gained the reputation it has for turning out the highest class of Job Printing only.

If you are not yet a customer, join our list and have your letter heads and envelopes, or whatever nature your work may be, printed in an artistic manner. It does not cost any more for good printing than it does for the cheaper kind, and a small order is given as good care as a large one.

We are now in a position to handle all kinds of

CATALOGUE PRINTING

and would be pleased to quote prices for this class of work at any time. We guarantee strict satisfaction in all cases.
