A TORY PANIC.

Even if Mr. Powell should be successful in the Westmorland coniest to-day, That was his confessed condition when he it was worth the effort made by the Liberals to witness the panic which has held possession of the Tories all over Canada during this week. The government brought on the election so suddenly that they anticipated an easy victory-a snap verdict, but they are fighting for their polical lives. There is just a chance that Mr. Killam may secure his election, but he is certain at least to pull down the Tory majority of 2,148 to a nominal figure. However it is not worth while prophesynews from the polling before this reaches The fight made by the Liberals has

challenged the admiration of Canada, and kept Tory circles on nettles. The policy of the oppostion on all the current political questions has been ably presented to the electors by such well known platform speakers, as Hon. W.S. Fielding, Hon. H. R. Emmerson, Hon. L. H. Davies, Hon. D. C. Fraser, J. I. Tarte P. A. Cho-P., H. A. McKeown, J. L. Carleton, Mr. Killam the candidate. morland. On the Tory side Hon. G. E. Foster, Hon. paign has not gone much beyond personal the county for the Liberals, the latter of course to throw the public off the trail of the Tory boodlers, who are swarming through the county. It is admitted even in Tory circles, that if Powell is elected to-day, it means that the immense Tory corruption fund has been placed where it would do the most good. The electors, if left to themselves, would bury Mr. Powell and his conceit beneath a majority of once more triumph. We shall see.

MR. FOSTER'S ALARM.

Mr. Gibson's newspaper organ says that one of the many sources of amuse to the Conservative committee in York, is the claim of Mr. Blair's Fredericton organ, that Finance Minister Foster is becoming so alarmed over the outlook in York that he has almost abandoned the idea of contesting the constituency." THE HERALD PRINTING AND PUBSE'G. CO. L'to Well, if Mr. Foster is not alarmed over the outlook in York, he is not so keen scented as some of the Conservative committee" who invited him to accept nomination here. The Herald can furnish the name of one of the leading Tory wire pullers who less than a week ago declared n the presence of more than one person that in view of the government's proposed remedial legislation, Foster's election in York is simply impossible. Perhaps Mr. Dr. Parkin were secured. Gibson's organ would like the particulars of this declaration from the Conservative ommittee man. If that would not alarm a man much less nervous politically than Mr. Foster, we should like to know what would be calculated to drive him into disquietude. We believe that Mr. Foster must be willing to confess ere this that when he accepted nomination in this county it was "in a moment of weakness."

A FAILURE.

After all the efforts and expenditure by the Dominion government to enlarge Canadian trade with Australia, the plan has fallen short and indeed may be considered almost a failure. Dr. Clowes, of Sydney, N.S.W., who was at Ottawa recently,said that in New South Wales the talk of establishing a trade between Canada and Australia had now almost died away, although it is not much more than a year held. It is believed in Australia, he said, that Canada will only be useful as a market for lumber and salmon. There is no Mr. Parkin spent his leisure in Italy collectother kind. On the other side, Australia has very ltttle to give but meats and wool, and Canada has not very much need of these. For this reason, the establishing of any important trade relations between the countries is, in his opinion very doubtful. However, Sir Mackenzie Bowell got a free trip to Australia and knighthood as the result of the Intercolonial conference, and it does not matter to him whether or not anything comes of the
