Evening Telegram W. J. HERDER, Proprietor W. F. LLOYD, Editor. Thursday, March 24, 1910. Gratifying News. Yesterday news from the Gulf was a welcome addition to the budget of news which was received from the Florist on Saturday night.

Smallpox on Harlaw. When the Harlaw arrived at Codroy at 2.30 p.m. yesterday one of the crew, who was suffering from small pox, was landed and placed in a temporary hospital. Some 60 men of her crew were then landed there and went to their homes. She left for Channel and landed several men, natives of that place. The Government being made cognizant of this despatched Dr. Bremm by special train last night to look after the men. Dr. Grant and Dr. Patterson are at present at Codroy as well as Magistrate McDonnell. They have been given carte blanche by the Government and will do all possible to prevent the disease spreading both at Channel and Codroy. The Magistrate was wired by the Colonial Secretary's Department last night to collect the men landed at both places and have them vaccinated and their homes and clothing fumigated and disinfected.

Some people, unknowingly Use up more energy Digesting Heavy foods Taken in excess, than they exert In doing their regular work. Why not economize energy? It means the capacity To accomplish more, And that means more money. Change off from a heavy Meat and pan-cake breakfast to Some Grape-Nuts and cream. A soft boiled egg or two, Some nice, crisp toast, A cup of well-made Postum. See how you get through The morning's work and have A lot of energy left over— Which is a pleasure of itself. Grape-Nuts contains All the food elements From wheat and barley For "economizing" energy. "The Road to Wellville." in packages Is worth reading. "There's a Reason."

Direct Cable Co.—It is reported from Harbor Grace by passengers who arrived on to-day's train that the Direct Cable Co. have selected that town as a landing place for their cable.

Will Load Talc. The S. S. Diana, now due here from New York, will after landing her general cargo, proceed to Conception Bay where she will take a full cargo of talc at Hillside to New York for the Ntd Talc Co., Hillside is the landing place near Holyhood. Mr. Bishop showed us to-day a model of a flat-bottomed steamer which will be built here shortly in St. John's. She will be about the size of the D. P. Ingraham and will be employed in bringing beach rocks from Kelligrews to the wharf at Hillside. SCALY, BLOTCHY SKIN. Is a type of irritating skin disease that's becoming very common. It spreads rapidly and affects different parts of the body. If your skin is itchy and irritable use a quick acting remedy like Dr. Hamilton's Ointment; it penetrates the skin, allays the itching, gives relief at once. For any skin irritation, roughness or chapping there is nothing so certain as Dr. Hamilton's Ointment. Sold by all dealers in 50c. boxes. 12

Portia Arrives. The S. S. Portia, Capt. T. Fitzpatrick, arrived from the Westward at 2 p.m. On the run up to the Channel she had a succession of storms and head seas with snow, rain and sleet, and had to harbor at Trepansey Wednesday night, and Lawn, Friday night. She had splendid weather down. She brought a half cargo and three passengers.

Cable News. Special to Evening Telegram. PUTNEY, Eng., March 23. Oxford defeated Cambridge in the annual rowing race over the championship course from Putney to Mortlake in hollow fashion to-day by three lengths. The time was 20 minutes, 14 seconds. Last year Oxford won by three and a half lengths in 19 minutes and 50 seconds. For the first time the light blues put up a good fight and flattered their adherents for a few minutes, but thereafter the race was a procession. The only question was how far ahead the favorites would be at the winning post. The inter-Varsity race was never rowed under more favorable weather conditions. It was a perfect day, the sun shining brilliantly, while there was hardly a ripple on the Thames. There was practically no chance in the contest. The hour of the start, and the fact that the contest was made on Wednesday instead of on Saturday, as has been usual, the crowd was quite up to the usual standard. All places along the river from which even a glimpse of the passing boats could be obtained were lined with spectators, while as always a fleet of launches and pleasure craft followed in the wake of the shells.

Your Lame Back Will Feel Fine. Out-of-order Kidneys are regulated and Bladder misery ends after first few doses. The most effective and harmless way to cure backache and regulate out-of-order kidneys, or end bladder trouble, is to take several doses of Pape's Diuretic. You will distinctly feel that your kidneys and urinary organs are being cleaned, healed and vitalized, and all the miserable symptoms, such as backache, headache, nervousness, rheumatism and darting pains, inflamed or swollen eyelids, irritability, sleeplessness, or suppressed, painful or frequent urination (especially at night) and other distress, leaving after taking the first few doses. The moment you suspect any kidney or urinary disorder, or rheumatism, begin taking this harmless preparation as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply. Your physician, pharmacist, banker, or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Killed at Tilt Cove. Last week a serious accident occurred at Tilt Cove by which a minor named Warren lost his life. He was working at the stock pile when several tons of copper ore fell on him and he was terribly mutilated. Both arms and legs were broken, his head was crushed and body terribly bruised and lacerated. Dr. Smith, who attended him, said it was the most gruesome sight he ever witnessed. The man, who was of the physique and weight of a young man, had been working for the last 22 hours after the accident. He was a native of Herring Head and leaves a widow and several children.

A Narrow Escape. As Michael Slaney, of Ferryland, was crossing Merrymeeting Pond with his horse Tuesday last man and beast went through the ice. Slaney was a long while in the water and would have drowned but that P. Chesk and Jas. Chowe heard his cries about a half mile away in the woods. They went quickly to him, found the horse, worth \$80, drowned, and the man unconscious but holding to the edge of the ice. They extricated him but he was so far gone that he had to be rolled and vomited a good deal of water.

A Close Call. While the banker Cayuga of Rose Blanche was out fishing a couple of days ago one of the crew after shooting some birds threw his gun with seven fingers of powder in it in his back in the cabin. Later another man took it and putting a cap on the nipple, not knowing it was loaded and pointing the weapon up the companionway pulled the trigger. The shot cut through the clothing of some of the men standing on deck and tore the mainmast badly. Some were hurt but all were badly frightened.

An Exciting Race. Yesterday a rather exciting race took place between the two coastal steamers Portia and Glencoe from Barin to Placentia, the former ship outrunning the latter about one mile. The Glencoe left Barin about the same time the Portia left Marystown, and when the latter ship shaped her course for Placentia from Crony Island, the Glencoe was bearing S. by E. distant three miles, running on a bearing of Point Verde. Arriving in Placentia Roads the Glencoe was leading by about 100 yards.

McMurdo's Store News. THURSDAY, March 24, '10. The Seed Season will soon be in full swing again, and we would impress upon intending purchasers the desirability of sending orders in as soon as possible. Remember we are the only people who import Sutton's Seeds, the kind that have given satisfaction for over one hundred years. We have an excellent line of perfumes in stock suitable for Easter Gifts, which we shall be glad to show to persons interested. Glaxo possesses a great advantage over even the best cow's milk at this time of year, as it has the full proportion of cream in its composition. It is an ideal milk food for babies, being germ free and of uniform strength.—adv.

First Molasses Cargo. The Demaraland arrived this morning from Barbados with a load of molasses to George Neal. This is the first cargo of new crop molasses for the season. She had a fine passage until she reached this coast on Thursday last, when head winds with rough seas were met, delaying her until today. She made the run in 21 days.
