White, with fancy borders; size 17 x 34 ins. Reg. 12c. Friday, 10 cts. each.

Bible Society.

Addressed by Rev. H. J. Bowen.

At a special meeting of the Bible Society held in the Board of Trade Rooms yesterday afternoon, Rev. H. J. Bowen, who is here on a visit, addressed the gathering on the work of the British and Foreign Bible Society. He spoke for an hour and being an easy and fluent talker, who knows how to present his subject in the most attractive style, he held the close attention of the audience to the finish. The objects and aims of the Bible Society were explained in detail, and a summary given of the work that had been accomplished. The main object of the Society was to have the Bible translated into every spoken language and put within the reach of every man in the language that he speaks. The work will go on till this shall have been accomplished. The Bible is distributed amongst all denominations and nobody is asked to pay. Free will offerings from the recipients, however, are gladly accepted. The Bible had been a potent factor in helping to bring civilization to heathen peoples. The work of Bishop Harcourt had only been mentioned to prove this. In this age renewed activity is necessary in circulating the Holy Scriptures. It is the age of emigration, the age of speedy ocean and land travelling and countries and peoples are brought into more intimate relation by means of the mails and telegraphs. Hundreds of thousands of people are every year emigrating to countries where the English language is spoken, hence the need of renewed activity and labor. In Canada the Bible is now being read in 100 languages and the spoken Word is being delivered in 26. The Society in this country would do well also to be moving with the times and to renewed interest in the work of distributing the Scriptures and make certain changes in the system heretofore in use by the Newfoundland Auxiliary Branch. Amongst the proposed changes the Bibles will be given direct to every clergyman to distribute to all who may wish to have a copy. The colporteurs will be dispensed with for this particular work as done by them in the past. No money will be asked, but any given freely will be thankfully accepted. In public places like trains and steamers Bibles will be left so that anybody wishing to get the same may be able to do so.

Sheets of Pins

Best Nickel Plated. Friday, 3 for 4 cts.

Dressing Combs

White Quilts

Marcella, 12-4 size; floral designs. Reg. \$2.50. Friday, \$2.20 each.

A Lighthouse Keeper's Story.

From the lighthouse at Lobster Cove Head, Bonne Bay, Newfoundland, Mrs. W. Young sends an experience of Zam-Buk, which should certainly act as a true beacon light, guiding all sufferers from skin disease to a safe harbor of refuge.

Mrs. Young says: "I suffered with eczema for seven years, and to my great delight Zam-Buk has cured me. The disease started on my breast, and spread until it extended over my back. The itching and burning—especially when the affected parts were warm—was terrible; and yet when the eruption was scratched or rubbed, it turned to bad sores, and caused great pain. I went to a doctor, and tried various prescriptions, but seemed to get no benefit, so tried another doctor. Again I got no relief, so tried a third doctor, and then a fourth. Although they all did their best for me I got no relief from my pain.

"Seven years is a long time to suffer, and I had got used to the thought that I never would be cured when I saw a report in 'The Family Herald' telling how beneficial Zam-Buk was in cases of skin disease. I thought there would be no harm in giving this balm a fair trial, and bought some.

"Well, from the use of the very first box I saw of Zam-Buk was going to do me good. I persevered with it, and the improvement it worked in my condition was really wonderful. It eased the irritation, stopped the pain, and the sores began to dry up and disappear. In a short time I found Zam-Buk all that was claimed for it, and within a very short time it worked a complete cure in my case."

Not only for eczema, but for ulcers, abscesses, varicose veins, bad leg, poisoned wounds, cuts, piles, ringworm, children's eruptions, burns, scalds, and all skin injuries and diseases; Zam-Buk will be found unequalled. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., St. John's, Nfld., for price. Refuse harmful substitutes and imitations.

College Cricket.

The Feildians won by a score of 14 runs in the Inter-Collegiate Cricket Match yesterday afternoon with the Methodist College team. The Feildians went to the bat first and made a score of 57, of which Rendell made 23 and Jerrett, 10, Spurrell made 9, Wellman, 6, Martin, 2, and Oke and Temple 1 each. In the first innings of the Methodists they totalled up 25, of which Hayward made 13, Fenwick, 6, Stick and Tucker 2 each, Joffe and Gear 1 each. In the second innings of the B. F. C. the total was 28, as follows:—Wellman, 8, Trébbie, 5, Martin and Temple 4 each, Snow and Jerrett, 2, Oke and Spurrell 1 each. The Methodists made 46 in the second innings, Fenwick, 15, Stick, 12, Joffe, 5, Tucker, 3, Hayward and Davis 2, Strong, 1. Messrs. Miller, Burt and Boone were the umpires. There is now only one game to complete the series. It will take place to-morrow between St. Bon's and the Methodists. It looks as if the former would carry off the shield this year having now 6 points to their credit against 2 each for the other teams.

Colonial Building Decorations.

A lot of scaffolding has been put up on the Colonial Building, which is being repaired. Electrical decorations are also being installed for the Coronation. The grounds opposite to and flanking the building have been set out with young pine and fir trees and new railings are also being built around the grounds, which will look well when the whole is finished.

'Cascarets' End All the Miserable Days.

A ten cent box insures you against a Sick Headache, Biliousness, Constipation or a Bad Stomach for a long time.

Primitive men did not need Cascarets. They lived outdoors, ate plenty of fruit, and all of their food was coarse. We modern people are different. We exercise too little, eat little fruit, and our food is too fine, too rich.

We can't have the bowels clogged up and keep well. It means that the food retained there decays. The decay creates poisons. And those poisons are sucked into the blood through the very ducts intended to suck in the nutriment. So we must make our choice. We must live, to an extent, like the primitive man, else we must eat Cascarets.

Cascarets do what the right food would do, what plenty of exercise does. The effect is as natural from one as the other. The question is one of convenience. If you choose Cascarets, take them as you take food, not in large doses rarely, but a tablet at a time. That is the way to keep well. Get a 10 cent box now.

The Fropro Here.

The s.s. Prospero, Capt. A. Kean, arrived here at 1.30 a.m. to-day, after making a very quick round trip north. Leaving here on May 31st she reached Quirpon Sunday last, where she met a solid jam of heavy Arctic ice, and the ship could not force her way further. From the lighthouse Capt. Kean could see no water, but a field of ice extended to the horizon. The ship then started on the return trip and had fine but very cold weather coming south. She brought a small freight and these passengers: Messrs. Ford (2), May, Rowsell, Devine, Carter, Templeman, Brown, Pike, Campbell, Ward, McGuire, Parviche, Barnes, Rev. J. Kavanagh; Mesdames Ford, Watson, Templeman, Granter, Ward and Tuff; Misses Badcock, Brown and 17 steerage.

GIRLS' FRIENDLY SOCIETY.—The Bishop of Newfoundland will address the Girls' Friendly Society Candidates in the Synod Hall, on Saturday, at 3.30 p.m. Parents and friends are invited.
