MARTIN ROYAL STORES HARDWARE CO., Ltd. (Successors to Martin Hardware Co. & Royal Stores Hardware)

Germany—it will be found to be more than twice as great as that of Germany and her Allies. Since Russia had entered into separate peace negotiations, Lloyd George said, she must be responsible for the protection of her own territory, and that also disposed of any question there was about Constantinople. He continued, we have conquered no country where the population belonged to the governing race. We haven't acquired a single yard of territory where there is German population. With regard to captured German colonies, the peace conference must settle about them on the principle of respecting the desires of the peace operations of those colonies themselves. We have laid that down and we stand by it. We didn't enter the war to annex a single yard of anybody's territory, we entered the war because we believed that the honor of Britain was involved in standing by her word. The Premier declared that the war was forced upon the world by the arrogance of the military caste in Prussia, which he added, were prepared to overthrow their own ruler and set up another who was more in sympathy with their aims. Until that temper is broken there can never be peace in the world. That is why, he said, that victory was essential. It wasn't because it satisfied some low vindictive sense in human nature merely to punish, but because it was realized that victory was the only thing that could give reality to peace terms. A league of nations in which the German caste was triumphant would be a hollow farce. The people of Germany must be heard, that is why victory itself is more important than mere terms. Victory alone will give reality to the terms and that is also the reason why the Government after mature reflection decided to ask to be equipped with greater powers to enable us to increase the means we needed.

SOLDIERS' VOTE RECORDED.

Canadian Headquarters in France, (by W. A. Wilson, Special Correspondent of the Canadian Press. Delayed.)—With the ground covered with snow, in biting Canadian winter weather, Canadian troops polled their final votes to-day. When the poll opened to-day over 96 per cent of the available vote within the Canadians area had been taken, and numerous polls in various units had been closed with the full vote reported. By 6 o'clock to-night, when the voting ceased, it is expected the number not having exercised the franchise will be practically negligible. While the front is quiet, that quietness is only comparative. The morale of the enemy troops on the whole is good at present. Their attitude during the past fortnight has been aggressive, though general indications still point to a continuance of the defence policy on their part. While Germany is undoubtedly concentrating additional forces in the West theatre, and is reported to have brought new troops from Russia to this area, prisoners captured on our front declare that the enemy is apprehensive of an offensive by us.

GERMANY'S COLONIES.

LONDON, Dec. 21. (Via Reuter's Ottawa Agency)—German anxiety regarding Germany's economic future is being constantly revealed. Lecturing at Beckman, Dr. Karstady, one of the best known speakers of the German Colonial Society, said when our millions of soldiers return from the war, they must be provided with bread and work, but how if raw material is lacking, for example cotton. The problem is acute owing to the closer economic union of the British Empire. Dr. Karstady declared that Turkey could not satisfy Germany's hunger for raw material. Germany must have a Central Africa stretching from the Atlantic to the Indian Ocean. Hence, Germany must recover her colonies and engage them. Then she must also construct essential naval bases. Dr. Karstady concluded by picturing German submarines operating as far as Aden.

THE SUBMARINE.

LONDON, Dec. 21. (Via Reuter's Ottawa Agency)—Reuter's is authorized to state that although it is true we are not destroying more U-boats than are being built, it is clear from recent attacks on convoys by surface ships, that the enemy is not satisfied with the results of the submarine campaign, recognizing it requires assistance.

WAR SUMMARY.

In the midst of peace parades that are in progress between the representatives of the Teutonic Allies and the Bolshevik Government in Russia, the war aims of Britain and doubtless of all her Allies have been concretely set forth in the House of Commons by Lloyd George. Complete restoration of territory now in the hands of the enemy and compensation for the havoc they have wrought, is the price that will be demanded for the laying down of arms and bringing about of peace. Britain didn't seek territorial aggrandizement for herself or for any of her allies when she entered the war, Lloyd George said, but entered into hostilities merely for the sake of her honour. As to Germany's colonies, all of which are now in the hands of the Entente, Mr. Lloyd George said their disposition must be determined at the peace congress. Jerusalem, however, the Premier declared, would never be restored to the Turks. The statement of the Prime Minister came almost simultaneously with a report that the Teutonic Allies intended to make peace proposals to the Entente, and that Russia had been requested to take a similar step and was endeavoring to sound her former Allies in arms as to their requirements for a cessation of hostilities. Meanwhile, civil warfare in Russia apparently is increasing in intensity. The Cossacks, under General Dutov, are reported to have captured Tcheliabinsk junction, a point on the trans-Siberian railway, 125 miles from the Siberian frontier, through which supplies from the east for European Russia must pass. Fighting continues in Odessa, in Ukraine and around Astrakhan, but with the results uncertain, owing to conflicting reports. The Bolshevik Government is reported to have demanded that the chief governing body in Ukraine make known immediately whether Ukraine troops will cease assisting General Kaedlines' Cossacks and disarming of Bolshevik troops. If the report of the Ukrainians is not favorable, it is announced, the Bolshevik Government will declare war on them. An official report is to the effect that Grand Duke Nicholas, former Russian Emperor, whose masterful retreat from the Carpathians and later successful operations against the Turks in the Caucasus region, stamped him as one of the greatest commanders of the war, has formed a great army of Royalists in the Caucasus region.
