Forty Years in the public

BY THE CUB-EDITOR

"IF ALL WHO HATE WOULD LOVE

If all who hate would love us, And all our loves were true, The stars that swing above us Would brighten in the blue; If cruel words were kisses, And every scowl a smile, better world than this is Would hardly be worth while;

If purses would not tighten To meet a brother's need, The load we bear would lighten Above the grave of greed. If those who whine would whistle, And those who languish laugh, The rose would rout the thistle,

The grain outrun the chaff; If hearts were only jolly, If grieving were forgot, And tears of melancholy Were things that now are not— Then love would kneel to duty, And all the world would seem A bridal bower of beauty, A dream within a dream.

Charleston, South Carolina, Sept. 9.—Austria is reported not to like the terms of the peace treaty, and it. might be added that Austria was not expected to be deeply infatuated with the main idea in view of having them please the Austrians. It is doubtful even if the peace terms bore the label "made in Germany" if Austria would grow enthusiastic about them. and they were not drawn up in Berlin. All that remains of what was once termed the proudest monarchy in the world, is paying the price of her partnership in the crime of Germany. Likewise Austria is paying the price of having caused the world war whether or not at the instigation of Germany. For centuries Austria existed much for the same reason that Turkey was allowed to hold its place. It was more convenient to tolerate that land, than to abolish its government. But all that has been changed. There is little left of Austrai. Vienna the "gayest city in the

FACTS YOU SHOULD KNOW ABOUT CONGOLEUM:

First, it is sanitary and easy to keep clean. There is no burlap in Congoleum, so water won't hurt it. A damp mop will keep the patterns car and bright. Think of it! All you need is a damp mop.

Second, Congoleum is very durable. The surface is wear-resisting and absolutely sanitary. Then, too, it lies perfectly flat without any fast (ings. No fastenings needed because the felt base has no tendency to curl or "kick up" at the edges.

We have sold a great many of those remnants to the housewives about town and have yet to hear a complaint.
