ALEX DECUTEAU MADE GOOD FINISH IN 5,000 NETRE RACE AND IS LOOKED UPON AS A DANGEROUS CONTENDER

Olympic Games Provide Exciting Finish, Relay Race Resulting in Dead Heat Between Great Britain and Germany; Finlanders Capture Javelin Events

Stockholm, July 9,-There was every prospect this morning of an off day in the Olympic games, the only finals on the program being the 400 metre relay flat race and throwing the javelin right and left handed, both of which numbers, athletes from the old school, regard as fancy features. The curtain fell this afternoon on several thrills almost at the same moment. The relay race proved a sensation. The finish between Great Britain and Germany was so close that it looked like a dead heat. The Englishman, Applegarth, undoubtedly was a few inches ahead of the German, but to make assurance doubly sure, the committee felt compelled to disqualify the German team as they did the American team yesterday.

The contingents of the Northern nation which had the javelin teen starters in the final, the American terms elves, were immensely excited when the Finlanders won all to themselves, were immensely excited when the Finlanders won that event in one, two, three order. The Finlanders had the satisfaction of being the only people of flying their triple colors at once exhibition. Seven swedes, four Finbesides the Americans.

The Fins would like to compete as an independent nation as garian competed in the final of this would also the Hungarians, but the international committee has event, the conditions of which provided decided as that they have no flag of their own, the best that could for throwing by both hands. The Finn. be done was to raise three Russian flags with pennants displaying Saaristo, easily outdistanced the other the word "Finland" beneath them.

The Frenchman, Bouin, who gave the cleanest and easiest exhibiton of distance running yet seen at the Olympic, is likely to make a great battle of it with Kohlemainen, in the final heat of the 5,000 record for throwing with the right arm metres. George V. Bonhag, I.A.A.C., and Louis Scott, of the South Paterson Y.M.C.A., who finished first in the first and second heats | Leneming, the Swedish champion, finrespectively, are also to be reckoned with in this event, while the ished fourth in the contest, his com-Canadian, Decoteau, showed a burst of speed which may make him bleed throw being 98 metres 59 centimetres.

In the 5,000 flat metres race, Bonhag of the United States, won over Decoteau of Canada, by 15 yards. In the second heat, Scott, of the United States, won easily over Keeper of Canada. In the other two heats the Canadians were unplaced.

In the final of the spring-board diving contest, Guenther of Germany was first, Luber and Behrns of Germany, second and third, and the spring board of Cornell, the only American in the fourth heat, where there were five runners was unable to do better than third place, which permits him to run in the

IN EDMONTON

Edmonton, Alta., July 0.—After fifteen rounds of hard lighting to-night, Kid Scaler, new of Edmonton, and formerly of Scattle, was given the decision over Jimmle Potts, of Minneapolis. The bout was referred by Tommy Burns, of Calgary, who expressed the opinion that Scaler had the best of the battle by a good margin, Considerable feeling was shown and many local fans, among whom Potts is a popular idol, were of the opinion that he should have got a win or at least a draw. Potts conceiled seven pounds by Scaler, who weighed in at 131 pounds in the afternoon, while Potts tipped the beam at 135 pounds. Scaler has been promised a match with Joe Bayley, Caundian champion, for the Finnigan belt.

The javelin throwing proved a fine landers, two Norwegians and one Huncompetitors and established a world's record, his combined throw being 109 metres 43 centimetres (358 feet 11 -his cast being 61 metres.

CALGARY GUN CLUB

Some good scores were made in the in the second and a single bowler trophy event held last evening at the grounds of the Calgary Gun had to retire from the game. Club. Dr. Karnopp won the cup with the high score of 47 out of the possible 50. This is a remarkable performance, as he is a new man at the traps this season and lacked the experience of e older hands at the game with who was competing. In the first half Louis, 3 to 2, but the victory this event the doctor broke twentytwo birds and came back strong with ninth, when a hit by Speaker twenty-five straight. The birds were all broken in good style and only got a short distance from the trap before he

had them.

The next shoot will be on Friday evening, and a good attendance is ex-pected as this is the regular spoon 1 and 4 to 3. The first game went The scores in the Dowler cup event: McLaren, 43; Huddell, 45; Dowler, 43;

Bishop, 39; Short, 46; Karnopp, 47; Phair, 26; Johnston, 34; Moxam, 20. The extra twenty-five bird event resulted as follows:
McLaren, 22; Huddell, 23; Dowler, 21: Ricklefson, 21; Bishop, 21; Short, 22; Rea, 12; Martin, 19; Karnopp, 19.

Get Paid Just the Same New York, July 9-The New York city employees, who are mem bers of the American team compet have to sacrifice their salaries by reason of their absence abroad. The board of aldermen today by a resolution awarded the athletes on the city pay roll their usual pay while away with the team for period not exceeding two months.

SPORT VIEWS AND REVIEWS

TT must be a very uncomfortable feeling to have some rank outsider give away a secret or tell the truth when those who are supposed to tell it have overlooked it. That is the position in which the Edmonton sport scribes have again been placed. The man who sent down the Associated Press account of last Saturday's game in Edmonton was a newspaper man who was not influenced by the oily words of any ball magnates and the consequence was that he stated the truth as it appeared to him. He stated that the game was played because Bassano won, here and would not have been played under any other conditions. The grounds were unfit; in fact one of the Edmonton players, Isbell, to be exact, is said to have worn rubber boots in the outfield.

Instead of coming out and saying that the game should have never been played, the Edmonton sport scribes pass it off as a joke stating that there was considerable dampness in evidence. Not so with the W.A.P. correspondent. He stated the facts as they were and as a result there was some-

thing stirring. This same man made it rather uncomfortable for the Edmonton sport scribes last winter, when Deacon White was said to be mixed up in a crooked hockey contest. He told the truth as it appeared to him and there certainly was something stirring. The Edmonton scribes at once got busy with a denial but perhaps you have noticed that Deacon White's name has been tabooed from the Edmonton sport pages ever since that incident.

We would suggest that Edmonton sport promoters let this W.A.P. correspondent in on some of the stuff that they are going to pull off. Either that, or have all their contests above board and beyond reproach. Perhaps that would be the

THE following is an excerpt from The Edmonton Journal's account of last Saturday's contest. (Pardon the last expression): There have been ball games and ball games at Diamond park, but never one that resembled the sculling race of Saturday evening. The infield resembled the muskeg on the Grand Trunk west of Edmonton, and the black mud was very much in evidence. Pools of water were tastefully placed here and there about the diamond and outfield, the home plate was cosily covered with sawdust, and the bases were as black as the ace

of spades. 'A small crowd of about 93 huddled together in the grandstand and watched Skipper Bill Hurley lead his men to victory in a game which decided the championship of the Western Canada league for the first half of the schedule. Four to three was the score. Eighteen perfectly good uniforms were made fitting candidates for the laundry. Ferdy Manning was nearly drowned on two separate and distinct occasions, and only for the fact that he was wearing gum shoes, Isbell would have met the same fate, as the water was up to his knees."

SINCE the scene of the baseball games has been shifted to Hillhurst park, the attendance has been cut down about four hundred fear when the management of the club takes such little pains to let people know that there is a game, and after they get the people out to the park, they don't give a whoop in a super-heated oven, how they get home. If one car comes to the gate of the park five minutes after the game is finished the fahs may consider themselves lucky.

On only one occasion since the scene of the games have been shifted has there been more than one cover at the gate of the park. On only one occasion since the scene of the games that made him go his hardest.

Hoping you will give this article a little space in your valuable paper. I car at the gate of the park.

Baseball in this day and age is a business proposition and it never will be a success until up- Manager for Pat Scott, to-date business methods are adopted by those in

and know, but it is necessary to draw the attention of even those kind of men to the fact that it is the ordinary fan who plunks down his little two-bit piece who makes or breaks the baseball game. When a move is made which is unpopular with the majority of the faithful, then the grand old game might as well throw up the

sponge as to try to continue.

The shifting of the scene of baseball activities was a mistake to which baseball fans in general cannot be improved upon, being located in the midst of a settlement of football supporters, but as a place for baseball—nay, nay, Pauline. Baseball is due to "kick the bucket" within the next of the assemble of the assembl as a place for baseball—nay, nay, Pauline. Baseball is due to "kick the bucket" within the next few weeks unless something is done at once about getting a convenient park. Some of the directors now are in favor of a return to Victoria park, and if a meeting of the directors is called, Mr. Savage will undoubtedly find that the recent action is not a popular one, even among his own associates.

C HESTY Cox is quoted as having ordered the Boosters to play no more baseball games until the game of water polo played last.

Manager McQueen announces that

until the game of water polo played last
Saturday in Edmonton, is taken before the league
executive. There is no doubt in the minds of
most fans that Chesty's crew were buncoed out To get up on a high norse and noner and refuse to play any more is the kind of sportmanship displayed on the back lots by the kindergarten league. The Boosters will have far more friends if they can be seen that the second pennant than as C. Orton ... Centre 7 ... G. Riley on and fight for the second pennant than as C. Orton ... Centre 7 ... G. Riley and the second pennant than as C. Orton ... Centre 7 ... G. Riley and the second pennant than as C. Orton ... Centre 7 ... G. Riley S. D. Beals go on and fight for the second pennant than as C. Orton ... McCoy though they quit cold now.

The world admires a man or a team which Kerr fights all the way, even though it does lose, but Russell a quitter has no standing in sport.

Lightweight champion of Northwest. Brown and Fisher. CAM Savage is a prince of a fellow to meet AIVERITES AND CENTRALS Steele and Bresnahan. PARK THIS P.M.
