EAST BUFFALO, Oct. 31.—Saturday the fresh arrivals of sale stock were six cars. The market ruled with a fair inquiry for all the good stuff on sale, and for this kind the prices obtained were fully up to former values. Common stock and half fat cattle were dull and slow, and will be for some weeks to come a farmers are letting this class go to market in preference to wintering it over, so shippers and people in the country may content themselves to low prices for this class for some weeks to come. A slight recovery in the domand took place, although prices were hardly stronger. There were 31 cars held over, 15 loads of Canada lambs and 16 cars of western sheep and lambs together with about 10 loads of small lots of culls. Rev. Dr. Anna Shaw was introduced and spaces.

Mrs. Rutherford read the report upon evangelistic work prepared by Mrs. D. Morrison, Owen Sound. In almost every town and city where there is a jail, and where also a union exists, the report comes of visits regularly paid to these places of confinement, visits of the kind of which the Saviour speaks when he says: "I was sick and in prison and ye visited me." Reports were received from Toronto, Kingston, Whitby. Ottawa, Lindsay, Belleville, St. Thomas, Guelph, Walkerton, Owen Sound, Welland, Goderich, Sarnis, London and other places. Twenty-seven unions report work among railway employes. Nine unions report literature distributed among sallors. Much good has also been accomplished by the work among soldiers. In the brigade camp held in St. Thomas from Sept. 1 to Sept. 12, the work among the soldiers was the most successful of any in which the W. C. T. U. has been engaged. Goderich, Guelph, Tilsonburg and Drayton sent donations to the society. The work was so systemically arranged that everything moved very smoothly.

The convention adopted the following resolutions:

or all pupils scattling for the cet be attached. That whereas the Ontario Government has adopted the principle of woman's enfranchisement by granting to old you and spinsters the right to vote on municipal matters; and whereas in the exercise of this right women have demonstrated whereas the W. C. T. U. has adopted the principle of woman's enfranchisement as promiting the missing legal machinery necessary to crown with success all their efforts are direction of prohibition and my reform therefore this Ontario W. C. T. U. has adopted the principle of woman's enfranchisement as promiting the missing legal machinery necessary to crown with success all their efforts are direction of prohibition and my reform therefore this Ontario W. C. T. U. The convention assembled, take immediate extent the Provincial franchise to women.

That, whereas the enfranchisement of the visionaries, but is a question new years are stopic no longer looked upon by the public as a fanciful theory entertakened of the most far-seeing men and women engaged in temperance reform feel that the bail on the hands of women is the great hope our Province have shown an apathy in regard to the master, growing in most insances out of awant of consideration of the aphiest. therefore we urge allocal unions to appoint superintendents of this department, that he reasons why the W. C. T. U. as an organization indores woman's suffrage, about Provincial superintendent community, and literature on the subject be kept at our Provincial literature department.

That this convention protests most strongly against the iniquity of the traffic in Chinese girls carried on in Victoria, B. C. where the wind and that a copy of this restored to the provincial any shape, and the prohibited age be a rised from 14 to 18, and that the smoking of the series of the color of the

Exhibition on the Lords tay.

tion also passed looking to amendment of the provincial law so as to more effectually prevent the display of indecent posters and pictures, etc. The convention also adopted a resolution proposing certain changes in the Factory Act.

Miss Scott, of Ottawa was appointed to the position of superindent of the literary department, Mrs. Rutherford having resinged. Belleville was selected as the next place of meeting.

The prize banner to be awarded to the county which has the largest'affiliated membership in comparion with the population of the county was awarded to Middlesex.

The convention closed with prayer.

Gallant Rufus Choate.

Gallant Ruius Choate.

On a pretty girl saying to Ruius Choate: "I am very sad-you-see," he replied, "O, no; you belong to the old Jewish sect; you are very fair-I-see!"

Nothing adds so much to the beauty of a fair girl, as a clear, bright, healthy complexion, and to secure this pure blood is indispensable. So many of the so-called blood-purifiers sold to improve a rough, pimply, muddy skin, only drive the scrotulous humors from the surface to some internal vital organ and disease and death is the inevitable result. On the contrary, Dr. Pierce's Golden Medical Discovery strikes directly at the root of the evil, by driving the impurities entirely out of the system and with a fresh stream of pure blood flowing through the veins, nothing but the softest and fairest of complexion can result.
