

Did you ever compare Blue Ribbon Ceylon Tea with other much advertised brands? Don't you think they owe an apology to the public?

SPORTING NEWS

LAWN BOWLING.

At a recent meeting of the Dresden lawn bowling club the following officers were elected for the season of 1900: President, R. T. Mussen; vice-president, F. A. McKim; secretary-treasurer, Dr. J. I. Wiley; committee, Dr. J. I. Wiley, F. A. McKim and R. T. Mussen. Management of the grounds will be in charge of Dr. H. S. McDonald, T. N. Wells and W. D. Wiley.

THE QUEBEC MEET.

Quebec, April 17.—The Quebec Turf Club will hold its annual race meeting on August 30 and September 1 next, when about \$2,000 will be given in prizes.

ENGLISH EVENTS.

London, April 17.—With eight winning three races out of five, and securing second place in the fourth, at Birmingham Easter meeting today, and with L. Reiff winning three races, Sloan one race, and J. Reiff capturing second place in three events, and Martin landing in second place twice at the Royal Windsor April meeting, which opened today, the American jockeys were well accounted for. It was Sloan's first appearance at the Royal Windsor meeting. He secured such a poor mount in the Slough handicap that it was remarked that the horse was not worth as much as the rider's silks; but later he managed to win the spring handicap on Yusef.

AT THE WOODBINE.

Toronto, Ont., April 18.—An utter contrast with last week the Woodbine is wet in spots; last week it was dry in spots. About 50 horses were breezed over the track today, some of them being sent at a fairly good clip, and most of them going at about quarter speed. Hitherto the track has frozen under the night, and rendered work before 10 o'clock impossible, or at least, fraught with danger, but today the track was almost dry, and the greater portion of the day's work was over by noon. The jumpers at Slattery's are doing good work, and will be ready for the hurdles on the opening day of the races. The improved course built for their accommodation in the west end is inestimable value, and is fast bringing the horses and boys into condition. All the trainers, whether at the Woodbine, or the road, or at Slattery's, express their satisfaction at the condition of the horses and of the tracks, and feel satisfied that the stables will all be in first-class condition this spring. There was a feeling a week ago that the backward spring would greatly favor the American strings, which have been doing fast work for two months back, but that feeling of depression and foreboding of evil has passed away, and they now feel that the Canadian trained horses may after all get their usual shares of the O. J. C. purses.

The Seagram stables will leave Waterloo tomorrow night for the Newmarket track, and will arrive here Wednesday morning. The track at Little York is thoroughly dried out, and is fit for work of any kind.

At Tanawago, San Francisco—Rollick, Genna, Edgardo, May, Dine, Sardine and Mary Kinella.

At Memphis, Tennessee—Thomas Cary, Bob, Alpaca, Chenier, Lakespur, and Bow Law.

At Aqueduct, New York—Brisk, Ashes, First Whip, Hold Up, Cupidity and Gracious.

PORT HURON WILL ENTER. Chatham Planet: Manager George Black, of the baseball club, telegraphs the Planet from Port Huron, Mich., that that city had a successful meeting Friday evening, and made good its deposit, thus becoming a fixture in the new International League in place of Manistee. Mr. Black desires to call a meeting of the directors for Tuesday evening, to elect the directors of the Chatham club for the season. He also announces that he has signed Catcher "Shorty" John Sanders, of last year's Reds. Later announcements of Tuesday's meeting will be made.

FLYS. Outfielder Frank Hemphill, of the Londoners, arrived here yesterday. He is in condition to play the game of his life. Hemphill wintered in the balmy air of Owen Sound.

Frank Schiebeck, the ex-London shortstop, went through here this week en route to Montreal to rejoin that team.

HOCKEY. Toronto, Ont., April 17.—The executive of the O. H. A. met tonight, and briskly resumed its fight against professionalism. W. H. Dion, who, during the past season played with Barrie, was disqualified as an amateur. The Lindsay club was expelled from the association on the ground that it had played two ineligible men under assumed names at Belleville. The men who lent themselves to this trick are residents of Collingwood, and it is understood they will be asked to show cause why they should not be expelled.

Bad stomach health causes more unhappiness than war. LAXATIVE CATHARTIC Tablets set any overworked, unhealthy stomach right. Druggists, 25 cents.

Glasgow has about 80,000 of population more than Liverpool.

CANCER

Cured without knife or plaster.

Stott & Jury, BOWMANVILLE, ONT.

THE FILIPINOS

Attack U. S. Regimental Headquarters—Assailants Suffer Heavy Loss.

Manila, April 18.—Twelve hundred Tagalogs attacked Case's battalion headquarters of the Fortieth Regiment at Cagayan, Island of Mindanao, on the 17th. The Americans had fifteen casualties, while of the attacking force 50 were killed and 30 wounded or taken prisoners.

The enemy, numbering 150 riflemen (the remainder being bolomen, archers and mounted spearmen), swooped down in a howling mass at daylight, surprising and killing three sentries. They swarmed the streets in small parties, some bearing scaling ladders, by means of which they attempted to enter the house.

The Americans tumbled out of the barracks and formed in the Plaza, and companies began sweeping the town. The subsequent street fighting lasted twenty minutes. Twelve of the wounded Americans are now on board the hospital ship Relief. The enemy withdrew to the mountains in great confusion.

Gen. Montenegro, one of the Philippine insurgents' best fighters, has surrendered to Col. Smith, near Camaling, Province of Pangasinan. Gen. Macabulos escaped. The insurgents have fruitlessly attacked San Jose in the Province of Batangas, and Santa Cruz on the Lake.

THE HEALTH HABIT.

Just as Easy to Form as Any Other.

We do not deliberately form our pet habits, but they are unconsciously acquired and grow as we grow, and by the time we learn they are hurting us, we find them too strong to be easily broken.

Then, why not form a good habit, a habit which will counteract the many bad ones, in other words contract the unfashionable habit of being always well.

The best health habit to get into is to have and keep a vigorous stomach; if you have a healthy digestion you can drink your beloved coffee, smoke your favorite brand of tobacco, with little or no harm; the mischief begins when these things are forced upon the faithful stomach, without any assistance.

Form the habit of taking after meals some harmless but efficient digestive which will relieve the stomach of so much extra work.

Nature furnishes us with such digestives and when these are combined in such a pleasant preparation as Stuart's Dyspepsia Tablets, they give the overworked stomach just the necessary assistance to secure perfect digestion without any of the harmful effects of cathartics and similar drugs.

The habit of taking Stuart's Dyspepsia Tablets after meals is as necessary to the weak stomach as food itself, and indeed to get the benefit from food eaten, nothing better and certainly nothing safer can be used.

Many families consider Stuart's Tablets as essential in the house as knives and forks.

They consist entirely of natural digestive principles without the effect or characteristics of drugs; they have no cathartic action, but simply go to work on the food eaten and digest it.

Take into account your bad habits and the expense they entail and then invest fifty cents in a box of Stuart's Dyspepsia Tablets and see if your digestion for the next month is not vastly improved.

Ask the clerk in any drug store the name of the most successful and popular stomach remedy and he will say "Stuart's."

NO, FOR ALBERTA!

Between 2,500 and 3,000 U. S. Citizens Preparing to Emigrate.

Detroit, Mich., April 18.—A dispatch from Toledo, Ohio, says that four well known Toledo men have been selected to go to Alberta, Canada, to select territory for the proposed settlement of western farmers.

The movement, the dispatch adds, is an assured fact. In Toledo and vicinity 150 families (farmers) have notified their intention of going, making in all about 600 people who will emigrate from Northwestern Ohio. The new colony will consist altogether of about 2,500 or 3,000 persons from Eastern Indiana, Southern Michigan, Western Pennsylvania, Kentucky, Tennessee and from several different parts of Ohio.

George A. Whitney, jun., and V. A. McInnes, Detroit, representing the Canadian Government and the Canadian Pacific Railway, are in charge of the movement. Associated with them is D. L. Caven, of Columbus, who is also a representative of the Dominion Government, which, after all, is the real instigator of the movement. The part chosen by the delegates is Buffalo Lake district, situated about 400 miles north of the Montana state line and about 100 miles northeast of Calgary, the capital of Alberta, and east of Red Deer. The colony will receive free from the government in all 15,200 acres of fine wheat and stock-raising land.

BAD BUNGLE. New York, April 18.—Concerning the unpleasant incident resulting from an invitation to attend the Dewey celebration in Chicago, the Duke D'Arcos, Spanish minister in Washington, said that he had just received from Mayor Harrison a reply to his note of protest, says a Washington dispatch. "I am fully satisfied with the explanation," said the Duke D'Arcos. "In fact, I knew from the first that a mistake had been made. I know the Am-

Cigar for

10c

erican people are too broadminded and upright to insult a defeated enemy. I have forgotten that I was invited to Chicago."

DOMINION PARLIAMENT

Budget Debate Resumed—The British Reference—An Able Speech by Mr. Calvert.

Ottawa, April 17.—The first day's sitting of the House of Commons after the Easter recess was devoted to the budget debate, which was resumed by Mr. John McMillan, who was followed by Mr. Geo. Taylor, Mr. Calvert and Mr. Wilson. Replying to Mr. Foster, Sir Wilfrid Laurier said that Mr. Fielding would probably make a statement tomorrow with reference to the trade relations between Trinidad and the United States. In answer to Mr. Foster, the premier stated that he believed Mr. Fielding would be prepared to make a statement tomorrow in reference to the alleged vote of the Trinidad council in favor of ratification of the arrangement with the United States.

The debate on the budget was resumed by Mr. John McMillan, of Huron, who ably defended the preferential trade policy of the government and quoted figures to show the many advantages of the British preference.

After recess Mr. Taylor continued the debate. He was followed by Mr. Calvert.

Mr. Calvert said Mr. Taylor had given Providence as well as the Conservative party a very considerable degree of credit for the present prosperity, but he recoiled at the time when the Conservative party claimed all the credit for the good times. According to the Conservative idea, however, when the Liberals were in power Providence was entitled to a certain amount of credit and the Conservative party deserved the balance.

Mr. Calvert said he thought the Liberal party might fairly claim some credit for the present satisfactory condition of affairs. The party had fulfilled its promises to the people to reduce the tariff, repeal the franchise act, to reduce the cost of the railways of life. Mr. Taylor had complained of the increased expenditure, and Mr. Calvert quoted from the speeches of the Conservative leaders during the term of office of the MacKenzie Government, when they declared that an expenditure of \$23,000,000 was too much, and pledged themselves to reduce it to \$21,000,000.

Reviewing the record Mr. Calvert pointed out that when the Conservatives were returned to power, instead of reducing the expenditure, the increase steadily until they went out of office in 1896. Mr. Calvert pointed out that the excess of expenditure over revenue each year during the eighteen years of Conservative rule was very much larger than since the Liberal government took office. The expenditure was he admitted, larger now than it was in 1896, but the increase was caused by the opening of the Yukon and other things which the Conservative government had not been called upon to meet.

On the other hand, the revenue had also been increased by the wise policy pursued by the government, under which the Yukon was made to pay for its own development, instead of being a burden upon the taxpayers of Canada. The policy of the Conservative party was to give away that territory to aliens and oblige the people of Canada with the cost of administration.

Mr. Calvert, discussing the remarks of Mr. Montague in reference to the cattle trade, pointed out that the farmers have been crippled in their trade in cattle with Great Britain because of the neglect of the minister of agriculture in the Conservative government in 1892-93 to enforce the quarantine against cattle from the United States, which resulted in an embargo being placed upon Canadian cattle entering Great Britain on the hoof. This resulted in a loss of from \$25 to \$30 per head, but if he had made no move to enforce the quarantine, the minister of office of the Conservative government made no effort to overcome the results of its negligence. As soon as the Liberal government came into power the minister of agriculture took active steps to obtain markets for our farmers, with the result that the quarantine was removed, and in 1897 78,856 head of cattle were shipped to the United States as compared with 256 in 1894, and in 1899 it had increased to 180,000 head.

The result of improved management and the extension of the Intercolonial Railway to Montreal had been to convert a large annual deficit into a substantial surplus. The opposition had asserted that the farmers had been benefited by the reduction in postage, but if he knew anything about the farmers he felt satisfied they would mark their appreciation of the material relief they had received in this respect. The government had in all subsequent years filled their pledges to reduce taxation, and the Canadian people recognized that fact. Mr. Calvert expressed his cordial appreciation of the action of the government in sending the Canadian contingent to south America, and paid a tribute to the courage and heroism of the Canadians upon the battlefields of South Africa.

The house adjourned at 11:05 p.m.

PAID HIS CLAIM.

Robert Bond Cured by Dodd's Kidney Pills After Being Given Up by the Insurance Company.

Mount Brydges, April 16.—Robert Bond, of this place is famous as the man who was allowed Total Disability by the Provincial Provident, of St. Thomas, had in all subsequent years covered, owing to his sufferings from Bright's Disease and was given up by the doctors. The Insurance Company paid him the full amount of his claim, \$800. Mr. Bond then learned of the only and infallible cure for Bright's Disease, Dodd's Kidney Pills, used them to the extent of twenty boxes and was cured today.

A recent letter to an inquirer reads: Dear Sir—in answer to yours, I would say my cure by Dodd's Kidney Pills was entirely satisfactory, and I recommend them most heartily. Yours truly, ROBERT BOND.

Lieut. and Capt. P. E. Thacker, R. C. R. L., has been appointed adjutant to the Yukon garrison, vice Gardiner.

A Deep Mystery. It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cheney, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me. I am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50 cents. For sale by W. R. Strong & Co.

ON HIS KNEES

Old Francois Mailoux Was Praying When Death Came.

Windsor, April 18.—Francois Mailoux, 72 years old, one of the best-known French residents of the county, died suddenly Monday evening at his home near Stoney Point. He had been in apparent good health, and ate a hearty supper early in the evening. He was on his knees, engaged in prayer, when he suddenly fell over on his face with a groan, and was dead in less than a minute.

The death of the old man recalls a terrible catastrophe which occurred on Mailoux's farm nearly 20 years ago. His house took fire during the absence of the father and mother, and their six children were burned to death. Hippolyte Mailoux, ex-reeve of Sandwich East, is a brother of the dead man.

TOO RICH TO LIVE.

New York, April 18.—Julius Koster, a bricklayer, who recently inherited \$300,000 from his brother's estate in Germany, was found dead Sunday, swinging from a rope in an empty water tank on the roof of his house. The sudden change from poverty to riches left his mind permanently affected.

RIDING THROUGH FLAMES. Chicago, April 18.—Panic reigned in an elevated train last night, as the cars shot through a mass of flame. The fire had been fanned out to the elevated structure from a burning dwelling at 404 Hermitage avenue. Choosing quickly between blocking the road and risking singing, a fireman Collins flung aside his controller, and his two cars dashed, meteor-like, through the crackling blaze. In the burning house policemen risked their lives to save five persons within. No casualties.

THE EDUCATIONALISTS. Toronto, Ont., April 18.—The sections of the Ontario Educational Association are hard at work at the Normal School.

In the inspectors' section, Inspector John Macdonald is advocating radical changes in the machinery for training teachers. He urged that the normal schools be made integral parts of the university system of the province, and that the sessions be made longer, and the training more thorough. The model schools, he said, should be reduced in number, and the grant for their maintenance increased.

ABSOLUTE SECURITY.

Genuine Carter's Little Liver Pills.

Must Bear Signature of *Dr. J. C. Carter*

See Fac-Simile Wrapper Below.

Very small and as easy to take as sugar. FOR HEADACHE. FOR DIZZINESS. FOR BILIOUSNESS. FOR TORPID LIVER. FOR CONSTIPATION. FOR SALLOW SKIN. FOR THE COMPLEXION. CURE SICK HEADACHE.

Applying Electricity. The advantages of electricity are well known. The necessity is to have it properly applied.

For Illuminating, the success of the work depends much upon the wiring. We put in the electric light for you, and see that the work is well done, which insures the light being satisfactory.
