Oak Hall

The Big HalfYearly SALE

Starts tomorrow (Saturday) and will continue until Friday, July 31st. As the public are well aware, we hold these sales twice every year for the purpose of cleaning up and reducing stock. Of course we could go along in the ordinary way of business and sell every suit we have, but there's a hurryup interest at work that wants to hurry out Clothing at a double quick rate during this Sale—for a purpose of course—and we've reduced prices with a vengeance to give you good reason for buying. While as in the past every department will contribute to this Sale, yet the short and broken lots get the biggest cuts. We only take time and space here to give you a few examples of what this Sale means.

Sidney Pointer, who could not-or

ney Pointer comes of good stock, being sired by Star Pointer, one of the fastest, if not the fastest horse, of the day, but he has some very bad traits n his makeup. At times he is alto-gether uncontrollable, being liable to balk or stand perfectly still in the e works wonderfully well. When on his good behavior he has speed that it nothing short of wonderful. He was not in a good mood yesterday, but in one of the heats he forgot himself so far as to go an eighth of a mile at a rate which, had he continued it, would have meant a vastly different story for the event. He is not an old horse by any means yet, and the story goes that when he was in his training stages he gave such promise that he was sold for many thousands of dollars. Now, how-ever, some horse admirers would not

The only accident of the meeting happened in the second heat of the pace and trot, and that the drivers of horses were not hurt was a mir-How Spinx B., the gelding which turned a somersault, escaped without broken bones, is also a mystery. Spinx B. was showing great speed as he came into the stretch for he first time, and when a second or more later Texas Rooker pulled up beside him, he (Spinx B.) got a trifle un-steady, and the driver, George Powell, thinking he was going off his feet, attempted to save him by giving the lines a quick pull, drawing the horse's head back suddenly, with the result that the animal fell on his knees and went over in a complete somersault. The sulky was also overturned, and Powell thrown many feet in the air. A number of track hands were soon on the scene and they were surprised to find that Powell had escaped injury. The sulky was damaged slightly, while the horse, after the harness was removed, got up and walked to the stable as it nothing unusual had happened. escaped any broken bones, but how he did it was a puzzle to those who witnessed the accident. Whether the horse will be able to race again this

SECOND DRIVER THROWN.

When the accident happened, J. B. F., the white gelding, owned by J. B. Fick, of Port Dover, was following a few lengths to the rear of Spinx B., and the driver took in the situation at glance. He had very little time to ct, but he succeeded in turning his horse clear of the overturned sulky. One vheel of his own rig, however, struck a wheel of Spinx B.'s sulky and in a se ond Schooley, the driver of J. B. F., was tossed about fifteen feet, while his sulky was turned onto one side. An effort was made to stop the horse as it came past the stands, but this was unsuccessful. At the south end of the track, Charles Kennedy, of Toronto, who drove some of the horses of the preceding days, managed to climb into Victorias of Toronto Capture the the Kentucky stock farm 3-year-old the sulky, which had righted by this time, and he drove J. B. F. to the finish, closing up a big gap and saving the horse's distance. The action of Kennedy was appreciated, not only by the owner and driver of the white horse, but by those in the stands. Schooley was equally as fortunate as Powell, being uninjured by the tumble The accident resulted in Spinx B. being distanced, the association rules the failure to finish was due to an accident, pure and simple. THE RUN DISAPPOINTING.

Before the run was called a heavy for the slow time made. In the run-ning event the glorious uncertainties of horse-racing were again brought out has clearly as they were on the preced-ling days of the meeting. Innominatum of horse-racing were again brought out as clearly as they were on the preced-Glesseg did not get in the money at all. The tale was vastly different yesterday.
Innominotum overtook a lead of some
2; Ca
3:444. lengths in the initial heat and won handily, and in the second he appeared for a time to be hopelessly out of it. horse, but there was one point he did not appreciate, and that was the time made in the fourth heat—2:18¼. John Nolan's previous mark was 2:19¼. Which placed him in the 2:20 class. His time of 2:18¼—and the timekeepers strained a point in making it that slow—means that in future he will slow—will sl to come to the front. That ended the
