Up till noon today the Grand Trunk Railway had found it impossible to open up the London, Huron and Bruce Railway. One of the officials said that snowplows were useless in the work. as the snow was from two to three feet deep, and was packed and frozen on the roadbed. The line has been opened as far as Hensall, but it is very slow work. All day Sunday a gang of 50 men, with a snowplow and two locomotives, worked between Exeter and Hensall, but they only succeded in opening up the road a mile. Today three gangs of 50 men each are working on the road with picks and shovels, as well as three snowplows, and several locomotives. It is hardly likely the road will be opened up for traffic today. All other lines of the G. T. R. operated out of London are open, but many of the lines on the northern divisions are still

Yesterday was the 100th anniversary

of the formation of the British and Foreign Bible Society, and centenary sermons were preached throughout the Christian world in honor of the occasion. The time was naturally thought an opportune one to make an appeal for more funds to carry on the great work of the society. The millions of people who have read the Bible, it was felt, had profited, and it was not asking too much to ask that everyone who morning in Adelaide Street Baptist had been helped by it should contribute towards the centenary fund. months ago the Bible Society sent a deputation of two to this country, and it will be remembered, that in Lonate (announced last Sunday), was don as well as other places they made

CURED LITTLE EDITH.

Was Terribly Swollen With Dropsy - What Dodd's Kidney Pills Did.

Weyburn, Assa., N. W. T., March 7 .--No more remarkable cure of Dropsy has ever been reported than that of little Edith Harris, the two-year-old daughter of Mr. and Mrs. R. J. Harris, of this place. The little girl was swollen from her feet to her shoulders. Her natural waist measure was 18 inches, but when the disease was at its worst measured 34 inches. Two doctors attended her, but her case seemed hopeless when the parents determined to

try Dodd's Kidney Pills. To their sucprise the child began to improve rapidly and by the time three boxes had been used the little invalid had been transformed to a laughing, happy, healthy child again.
