### TEMPERATURE GOES DOWN DR. THOMAS CROSBY DIED IN VANCCUVER EGG PRICES GO UP

Rule of Variance of These Two Former Woodstock Minister and Things Once More Exemplified On the Local Market.

There are two much-talked of and entirely dissimilar things that are always at variance. When one is up, the other is down. They are the price

of eggs and the temperature. During the past two weeks, the weather has been exceptionally mild for January, and as a result the "egg producers" had quite made up their minds to lay in abundance, and so provide the housewife with enough eggs to bring down the price to a decent figure

No sooner had the "union" decided on this altogether noble resolution, than the weather man, who had been quietly lying low, started in to demonstrate his so-called magnanimity by serving up a brand of weather that knocked the egg prices higher than the

proverbial kite. The past week has seen the prices of the "hen fruit" at 38 to 40 cents— the low point of the winter. Today, with an offering totalling "nil" on the local market, there is a decided change. Retail prices are hard to gather, but from market indications, eggs will sell in the vicinity of 43 to 45 cents, which Tragedy Connected With Turk-

"some" change. The egg situation in London, as witnessed in the past month, has been a game that would appeal strongly to aviators, because of its up and down tendency. That there will be more 'thrillers," there is no question, and If the present cold snap is of considerable duration, eggs may again "hit the high spots." at 50 cents.

Vancouver, Jan. 14. - Nanaimo miners are planning to make a desperate campaign in an endeavor to secure the freedom of their comrades, convicted recently by the courts for rioting. A special trainload of miners, expected to carry 500 men, and half as many women and children, will go to Victoria tomorrow to throng the galleries of the Legislature and make some demonstration when the House meets Thursday afternoon. Just what form the demonstration will take is not known, but it is expected there will be some excitement.

An organized effort will be made to measure the soot and dust in the atmosphere of Birmingham and other English cities.

Take Salts at First Sign of Bladder Irritation or Backache.

The Canadian men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a gen-

eral decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disor-
