BALKAN FIGHTING BECOMING INTENSE OVER WIDE FRONT

Arrival of Gen. Cordonnier Is Signal for Offensive.

ENGAGEMENTS AT FLORINA

British Hold Strategic Point and French Rush Village.

[Canadian Press Cable.]

Paris, Aug. 20.—Reports received here rom Saloniki show that the general ngagement which began on Friday is ntinuing with intensity over an extended front, running from Florina, ear Monastir, to the River Struma. This represents an irregular line measuring upwards of 150 miles.

General Sarrall is directing the united operations of the Ailles with General Cordonnier commanding the French troops. The operations have been long expected as a part of the co-ordinated offensive of the Allies on all fronts. Its opening follows the arrival of General Cordonnier after extended conferences with officials here.

Serbs Evacuate Florina The advices received in Paris in dicate that the Germans and Bulgarians are seeking to anticipate the movement by taking the offensive on the left, where the Serbians had moved up to within 25 miles of Monastir, with Florina as an observation post. Their orders were not to attempt to retain Floring if they were attacked. The Serbian report says the Bulgarians were repulsed and thrown back on their old positions, but that later the Serpians, following their instructions, evacuated Florina. Thereupon the town and the station of Florina were occupied by the Bulgars.
