Corn Borer Is Found in

Ottawa, Sept. 2.—Canadian Press.—As a result of the

scouting work for the European corn borer carried on by

the Dominion department of agriculture, it has been found

that this insect has spread into new territory this year.

On account of the danger of carrying the pest into unin-

fested districts, a ministerial order has been passed pro-

hibiting the removal of corn, including sweet corn on the

cob, cornstalks, etc., from the following townships in On-

tario: Charlotteville, Houghton, Middleton, Townsend,

Walsingham North, Walsingham South, Windham, Wood-

house, in the county of Norfolk; Cayuga North, Dunn, Rainham and Walpole, in the county of Haldimand, and

Prospective candidates are, figuratively speaking, springing up from every quarter and from present indications the contests in both London and the Middlesex ridings promise to become the rule and not the exception.

It may be reasonably deduced from the address by S. Frank Glass, M.P., last evening that he will contest again the east riding of Middlesex. In the course of his remarks Mr. Glass intimated casually that he would be heard from again "as the campaign goes on." It is intimated today that the U. F. Ottawa, Sept. 2.-(Canadian Press). Hon. W. L. Mackenzie King, leader of the Opposition in the House of Com-

mons, will campaign in the maritime The London Cold Storage and Ware- tember and the first week of October

Much work has to be done. Primarily, stands cabinet reorganization. Expected some months ago, the reorganization has become so scarce.

"I would say that any ice shortage is of natural ice," declared Manager Gilles. "Our ice-making capacity is large enough to supply alone a city twice the size of London. If there is going to be an ice shortage it certainly is nawy to us." changes will probably mean the resigna-tions of Sir George Foster, Hon. J. D. Reid Hon C. J. Doherty and Hon, J. A. Calder, with possibly one or two others. Younger men will no doubt be brought in. And it is possible that the prime minister will seek new blood for his cabinet outside the present members Parliament. The announcement of an election has let loose a flood of rumors situation, and at the same time supply nearby towns in Western Ontario, which are out of ice.

Negarding a municipal ice plant, Mr. Gilles offers, if the Pubblibe Utilities Commission will supply free power during off-peak hours to deuct an amount equal to the saving from the price of each ton of frozen water. However, it is stated that although the commission could run a municipal plant with surplus power by a line direct from the main feed trunk, it is not in a position to accept the offer, as considerable trouble would continually be experienced, with no guarantee that the plant could be steadily supplied with power. stage and none profess to guess where

its developments may lead. From present indications, candidates will be representatives not only of the four parties officially in the field, but of almost every conceivable point of view. There are independents innumerble, and women candidates, as well as
