"U" STUDENTS TO MEET IN LONDON

Western Graduates of Former
Years Arrive for Con-
vocation.

Plan Annual Dinner of Unique
Character For All
Classes.

Graduates of Western University of
past years are arriving in the city
today to participate in the events
that have been arranged for the con-
vocation week, the big week of the
university year. There are more
than half a hundred graduating this
year in the various faculties, and in
their honor there are various events,
formal and informal, arranged.

The Western Ontario Academy of
Medicine is meeting tomorrow after-
noon will be the opening event for
the medical men and a most interest-
ing program is to be carried out at
the medical school. Several classes
are arranging reunions, and some of
these are taking special tables at the
university dinner to be held at the
Tuesmich House in the evening.

This annual dinner is of a rather
unique character in university affairs
because it is limited to no special
group. Under-graduates in numbers
from the first year on, will attend, as
will also members of the faculties
and graduates, and there is always a
representation of the members of the
senate and board of governors pres-
ent as well. This year's dinner, it is
stated, is going to be the liveliest
university dinner that Western has
ever known, and there promises to be
a record attendance both of stu-
dents and graduates. It will be neces-
sary to secure tickets early in order
to be sure of a place.

Dr. Locke to Speak.
Dr. George H. Locke, Toronto's
able public librarian, is to be the chief
speaker, his subject being "Why Go
to College?" Those who know Dr.
Locke give assurance that there will
be no dull moment while he has the
floor. Miss Merle Pookey, one of
London's most gifted singers, will
assist in the evening's musical pro-
gram, which promises to be unique
in many ways.

On Thursday afternoon and even-
ing the Western University players
will present "Billeted," a play which
promises to be the most successful
effort of these student players. As
in past years the demand for seats
has been very great. Members of
the faculty are occupying several of
the boxes at the evening perfor-
mance, among those taking boxes al-
ready being Prof. and Mrs. Auden,
Dr. and Mrs. Wood, Prof. and Mrs.
DeLand, Dr. and Mrs. Tamblin, Mr.
and Mrs. Fred Landon, Dr. and Mrs.
Deagle, Dr. and Mrs. Kingston, Prof.
Spenceley, and others.

The conferring of degrees at the
convocation on Friday evening in
Wesley Hall will wind up the week.
All the graduates in law, medicine
and public health will receive their
degrees, and in addition there will
be a number of honorary degrees
conferred.

At the request of Huron College
council the honorary degree of D. D.
will be conferred upon Dean Arthur
Carlisle of Huron College, Huron,
Michigan, and upon Dean Tucker of
St. Paul's Cathedral, city. Their
names will be presented to the chan-
cellor, Hon. Dr. Roche, by His Lord-
ship the Bishop of Huron.

Honorary Degrees.
For the honorary degree of LL.D.,
the name of Prof. James T. Shiel-
well of Columbia University, eminent
historian, will be presented to the
honorable by Mr. Fred Landon, M. A.,
public librarian, while the name of
Prof. Coleman of the University of
Toronto, distinguished in science,
will be proposed by Prof. R. C. Deagle,
head of the department of physics of
Western University.

Chancellor Roche is expected to ar-
rive in the city from Ottawa on
Friday morning. As Prof. Shielwell
is at present in Europe, the honorary
degree conferred upon him will be
"in absentia."

The registrar's office is now busily
engaged in making up the records of
the recent examinations in order to
determine the standing of students
and also to make the awards of the
various scholarships, medals and
prizes that will be presented at the
convocation Friday evening. An-
nouncement of the standing of stu-
dents and the prize-winners will be
made in the next day or so.

Tomorrow afternoon, in honor of
the graduating classes and visiting
alumni a garden party is being held
on the Huron College grounds under
the joint auspices of the Alumnae of
Western and the Faculty Club. Miss
Catherine Sabine is president of the
Alumnae Association and Miss Grace
Hill, president of the Faculty Club.

Four Men Digging Worms Haled To Court For Obstructing Street

THE police have received com-
plaints about young men
obstructing the street at the
corner of Horton and Ridout
streets. And four young men,
who happened to be putting in
time at that particular spot the
evening the police decided to
"look them over" were sum-
moned to court Monday morn-
ing. Mr. Graydon let them go
with a warning.

"There were eight of them
digging fish worms by the hydro
station when I came along,"
said the constable. "I ordered
them away, but four of them
came back later and I took their
names."

The magistrate told the
young men it was not pleasant
for ladies to have to get off the
sidewalk when passing the
corner.

ENTER HOME OF MRS. E. C. BOWKER

While Mrs. E. C. Bowker was out
of town last week, visiting in Toronto
and Ottawa, a couple of attempts
were made to break into her home,
"Cloverlea," Richmond street north.
Unfortunately for the would-be
burglars, they left clues behind them
which, it is expected, will lead to
prompt arrests. The matter was im-
mediately put into the hands of de-
tectives by those who had charge of
the house in the absence of Mrs.
Bowker.

A THOUGHT FOR TODAY

Even the youths shall faint
and be weary, and the young
men shall utterly fall; but they
that wait upon the Lord shall
renew their strength; they shall
mount up with wings as eagles;
they shall run and not be weary;
they shall walk and not faint—
Isaiah 40:31.

BY PERSISTING in a habit of
self-denial, we shall, beyond
what I can express, increase the
powers of mind, and shall
produce that cheerfulness and
greatness of spirit as will fit us
for all good purposes; and shall
not have lost pleasure.
—Henry More.

MAJOR FRANCIS TANTON of the
College Institute staff is being con-
gratulated on receiving his degree
from the Queen's University. It is
understood that in the granting of
the degree, his splendid war record
was taken into consideration.

FOLLOWING is the list of London
delegates who attended the Ontario
Dental Society convention, held in
the King Edward, Toronto, during
the past week: Doctors C. N. Abbott,
S. M. Kennedy, A. C. Santo, A. G.
Fraser, J. C. McCutcheon, J. F. Blair,
J. Hutchinson, Fuller, C. Windsor, E.
P. Smith, George H. Kennedy.

AN EMERGENCY MEETING of
the members of the London branch
of the Soldiers' Aid Commission is
being held Monday, May 22, at 4 p.m.
in the council chambers of the city
hall, for the purpose of considering
certain recommendations as to the
closing of the London branch of the
commission.

THE NEXT MEETING of the council
will be asked to pass upon the
usual bylaw suspending council meet-
ing for the months of July and
August.

There has been the usual proce-
dure. On one occasion the council sus-
pended for three months, but Mayor
Cameron Wilson states that he thinks
July and August a sufficient period
of suspension.

A SPECIAL TRAIN, carrying the
delegates of the Baptist Young Peo-
ple's Union from Ontario and Quebec
to the convention here on May 24,
will arrive in London on the C. P. R.
Tuesday, May 23, at 7:25 p.m. Dele-
gates from Hamilton and Niagara
Falls will join the special at Guelph
Junction. The train will leave the
city at 7 o'clock on the morning of
the 25th.

THE CATHOLIC ATHLETIC Asso-
ciation of the city will launch its
baseball season this evening with a
parade from the Catholic Club to the
Athletic Park at Sunshine Park,
Huron street. The Marconi Band
will head the parade, then will follow
the cadets, boy scouts, association
heads and the five teams of the
league. At the park Philip Pocock
will throw the first ball with Tom
McKeown at bat and Father Webber
of St. Marks behind the bat.

COLLEGE COUNCIL TO VISIT LONDON

Huron College council will visit
London May 26 to look over a new
site for Huron College in London. It
is not known at present exactly what
decision will be arrived at by the
council regarding the erection of a
new college.

At the present time, Principal
Waller of Huron College is attend-
ing a meeting of the Anglican col-
leges, of which there are six in On-
tario, called for the discussion of the
conferring of divinity degrees.

EXPOSES METHODS OF ADULTERATION

Dr. A. J. Slack Delivers In-
structive Address at
Rotarian Luncheon.

Members of the London Rotary
Club, who are engaged in various
businesses of manufacturing or pre-
paring foodstuffs, were subjected to
several moments of embarrassment
by their fellow Rotarian at luncheon
Monday noon, when Dr. A. J. Slack
exposed several methods of food
adulteration of their products, and
the Rotarians victimized, in turn en-
joyed a laugh at the expense of their
fellows, who had playfully held them
up to ridicule a short time pre-
viously.

Defines Adulteration.
In his opening remarks, Dr. Slack
pointed out that the control of food
in Canada rests with the federal
government, of which the minister
of health is the agent. He declared
that years ago the enforcement of
the law dealt mainly with stock food
adulteration. He defined adulteration
from a legal standpoint as the
addition of an inferior product, mis-
naming or misbranding, coloring
illegally, or the addition of poisonous
substances to food.

"The object of adulteration is
primarily to sell food at a cheaper
price than that of the pure article,"
he said, "or to preserve it to get
to the consumer in good condition."
He stated that milk is commonly
adulterated by the addition of water
or formaldehyde, the latter sub-
stance being used as a preservative.
With regard to meats, he stated that
"sausage wieners" or hot dogs, are
the chief foods adulterated.

"In regard to deviled meats, they
may be more deviled than they are
labeled," commented the speaker,
amidst laughter. He declared that
honey in the comb has been known
to be artificially prepared.
Butter, according to Dr. Slack, is
chiefly adulterated by the presence
of an excessive amount of water, al-
though short weight is another evil
dealt with by the authorities. Olive
oil is often adulterated by cotton-
seed oil, which is an economic of-
fense where the person does not ob-
tain what is paid for.

Confident in the opinion of the
speaker, are frequently adulterated,
starch being used to cheapen white
pepper, while dirt and ground cocco-
nut shell are the guilty adulterants
of the black variety.

Use Wood Alcohol.
Asked regarding whiskey adulteration,
Dr. Slack said: "Nowadays,
with the so-called hooch manu-
facturer is working only for a kick
and will use wood alcohol or ace-
tone, which is worse. It is liable to
contain anything and the difficulty is
that it is liable to be tested after
the test is too late."

He concluded with the suggestion
that Canadians carefully read the
labels on all canned goods purchased,
thereby protecting themselves and
families. Dr. Slack answered num-
erous questions addressed to him at
the conclusion of his remarks.

E. A. Miller, president of the West-
ern Ontario Secondary Schools Asso-
ciation pleaded for co-operation of
the club in staging the postponed
track meet next Saturday, and Jack
Watt, in charge of a ticket selling
campaign for this attraction reported
almost 2,000 tickets sold in the
lunchroom within five minutes of
President Miller's address.

COMMISSIONER GRANT SAYS ACT LEAVES NO LOOPHOLES

Any Who Have Not Received
Assessment Notice May Get
It At Office.

Assessment Commissioner Grant
points out that the A. J. T. May's
charge against the assessment de-
partment does not leave any loop-
hole for an attack on his depart-
ment. The act under which they
were working is quite specific.

This fact came out when Mr. Grant
announced that his department had
completed their assessment, in so far
as outside work is concerned, in
wards 3 and 4. All notices of as-
sessment for the purpose of the 1923
taxes have been completed. If there
are any persons who have not re-
ceived a notice of what their assess-
ment is, they can get such notice at
my office," said Mr. Grant.

He then proceeded to quote from
the assessment act in regard to
notices. Section 49 says that when
the assessor enters an assessment
on the roll, he must put the date of
entry opposite. This is to be ac-
cepted as prima facie evidence of
the delivery or transmission of such
notice of assessment.

Section 70 says that when the roll
is completed and finally passed, it is
then valid and binding on all, not-
withstanding any defect, error or
omission, to receive such notice as
provided in section 49.

Mr. Grant says this disposes of the
complaint of the alderman that cer-
tain persons did not receive their
notices of assessment some time ago,
and that an appeal was to be en-
tered.

SIR ADAM BECK AGAIN AT HELM

Sir Adam Beck was reappointed
president of the London Health
Association at a meeting for the
election of officers Monday morning.
The other officers elected were as
follows: Col. I. Leonard, vice-presi-
dent; Gordon J. Ingram, vice-presi-
dent; E. McArthur, honorary treas-
urer, and G. F. Pearson, honorary
secretary.

All the officers named held the same
offices last year.
It was decided at the meeting that a
birthday party should be held either on
June 17 or 24 on the sanatorium
grounds. Invitations will be sent to all
the members of the committee and
their friends.

Claim Members Out of City When Court of Revision Meeting Called

The explanation sent to City Clerk
Baker by the court of revision, in
answer to the council's demand for
an explanation of the fact that they
were not present to hold an adver-
tised session of the court, is that the
two absentees, Chairman Fetterley
and Sheriff Graham, were out of the
city.

The meeting which failed to
materialize is set by law for May 15.
The notices were sent to the clerk
but the two members of the court
were absent and did not re-
ceive them. They did not know of
the meeting, being new on the job.

T. W. Scandrett, the third member
of the board, also a new appointee,
was present, but did not attempt to
present a case. A minor improve-
ment as had been done by one mem-
ber of the court in the past. In fact,
Mr. Baker says that when T. G.
Murphy was chairman of the court,
he with his usual promptness usually
had half the minor matters on the
agenda.

Monday afternoon the court will
hear appeals against current tax ac-
counts, the first payment of which
falls due on June 1. On Thursday
next, appeals against assessments for
the taxes of 1923 will be heard.

TENDER ATHLETES BANQUET IN L. C. I.

Western Ontario Secondary
Schools Association Enter-
tains 200 Guests.

Although the track meet, which
was to have been held under the
auspices of the Western Ontario Sec-
ondary Schools Association in Queen's
Park on Saturday afternoon, was
postponed on account of the heavy
track, more than 150 athletes gath-
ered in the Collegiate Institute at 5
o'clock, where a banquet was given in
their honor. Including officials,
guests, teachers and coaches, more
than 200 were present.

W. H. T. Mooney, principal of the
collegiate, welcomed the boys and
expressed his regret over the fact
that they were not able to compete
in the athletic events on that day.
"I'm sure London is proud of the
band of athletes we have gathered
here this evening," said A. E. Silver-
wood of the board of education. "I
believe, and I think we all believe,
that the inauguration of the W. O.
S. S. A. is one of the finest things of
its kind to aid school athletics that
has ever been done in Ontario. How-
ever, a great deal of the success of
the association is due to Western
University."

Mel Brock, in a short talk to the
boys, said that through the co-
operation and sympathy of the 60
secondary schools in Western On-
tario, the track meet has been
possible, and the boosting by the
individual students has insured the
success of the meet each year.

Other speakers of the evening were
Edwin Smith, chairman of the board
of education; Dean Fox of Western
University; James Gray, Prof. A. N.
Hart, S. F. and Mr. Barnard. A
violin solo by L. Sparling and a vocal
solo by Cleota Barnett were well re-
ceived. A sing-song and music by
the L. C. I. Orchestra were also fea-
tures on the program. A. E. Miller
of the local collegiate staff acted as
chairman.

ARRANGE PICNIC FOR CITY SCHOOLS

Arrangements are being completed
by the Board of Education for the
annual public school picnic which
will be held on June 2 at Springbank.
W. A. Tanner stated this morning
that owing to the postponement of
the picnic in other years, the pupils of
the Collegiate Institute and Technical
School would not be included in the
picnic this year. The field day of the
Collegiate, a few weeks ago, was
held instead of the picnic and ar-
rangements will be made later to
include a picnic or a field day
for the Technical School.

The public school pupils will have
a greater area in which to hold their
sports, and Mr. Tanner is at present
allotting the different parts of the
park among the schools. He said
that only indoor baseball would be
played on the large diamond at the
picnic this year, as last year there
were a few accidents on account of
the hard ball going over the netting
and hitting the children.

The London Street Railway Com-
pany has again agreed to carry the
children from their homes down to
Springbank and back to any part of
the city for ten cents.

THINK SLONE TOOK PART IN HAMILTON ROBBERIES

Detectives Say Prisoner Comes From
Ambitious City and Not From
Idaho.

Detective headquarters announced on
Monday morning that Harry Sloane, alias
Harry Darwin, the youth who was ar-
rested in the cellar of Harry Rannahan's
grocery store early last Tuesday morn-
ing by Constable Chamberlain, does not
come from Idaho, as the prisoner stated,
but from Hamilton, Ont.

It is alleged that young Sloane was
implicated in several daring robberies
in Hamilton, jewelry found on his per-
son leading to this suspicion.
When arrested, Sloane had two hack-
saws concealed next to his skin. He
also had a flashlight and a chess set.
Sloane was in his suit case was
identified by Philip Lewis, 61 Water-
loo street, as having been stolen from
his house.

Sloane will appear in police court on
Tuesday morning for sentence. It is
not likely that he will be taken to
Hamilton to stand trial for his deeds
there, the police state.

Today's Amusements.

ALLEN—"His Back Against the
Wall," a western play.

LOEWS—Ethel Clayton, in "The
Cradle," and vaudeville.

PATRICIA—Rudolph Valentino and
Agnes Ayres, in "The Sheik."

THE FINALS of the relay race,
which was held on "Boys' Day" in
Athletics in Boys' Week, will be run
off at 4:30 on Tuesday afternoon.
The schools who will be represented
are Victoria, St. George's, and De la
Salle.

DETROIT MAN IS SENT FOR TRIAL

Russell Chandler Committed
by Magistrate On Charge
of Theft.

After hearing the evidence in the
preliminary hearing of Russell A.
Chandler of Detroit, charged with the
theft of \$62.50 from the Title
Guarantee and Casualty Company,
Magistrate A. H. M. Graydon com-
mitted Chandler for trial at the
county court sittings on June 6 at
the court house.

Chandler was bailed in the sum of
\$1,000 to appear on that date.
Henry S. Stevens stated that on
Feb. 10, 1921, he paid \$50 down on
some stock in the guarantee com-
pany, and later gave a check for
\$62.50 to Chandler in payment of a
note. Chandler representing himself
as an agent of the company. The
accused had given him a receipt, now
in the hands of Reuben Siler.

Ralph Slater, accountant of the
Imperial Bank, London, said he knew
Chandler, and that as a whole, Greg
had been cashed at the Imperial Bank on
Dec. 4, 1921.

He knew A. W. G.
Greg, present at the time as presi-
dent of the guarantee company.
Arthur Simpson stated that he
was assistant manager of the com-
pany. Chandler had acted as a stock
salesman for the company. The ac-
cused had also acted as secretary,
but was never officially appointed by
the board of directors. Chandler had
got his job through Greg.

The money obtained when the check was
cashed was never sent into the office.
Cross-examined by J. M. Donahue,
counsel for Chandler, Mr. Simpson
said Greg was president of the com-
pany from December, 1919, till
March 17, 1922. Chandler had been
appointed as secretary by Greg and
not by the directors as a whole. Greg
had been authorized to sell stock
in Canada, and had sold a consider-
able amount, witness stated.

When asked if he had any state-
ment to make Chandler replied in
the negative.

NO SMALLPOX IN LONDON FOR YEAR

London has not had a case of
smallpox this year.
This fact was pointed out by Dr.
Downham, medical officer of health,
when he noticed that the latest pro-
vincial health report recorded 155
cases of smallpox in the province.
Dr. Downham states that the bless-
ing conferred by the absence of
smallpox was perhaps the opposite to
a blessing for the fourth year
students of London Medical School.
Dr. Downham teaches public health.
In dealing with smallpox cases, diag-
nosis, etc., the health officer says he
generally liked to show the students
a case to better impress the details
upon them.

This year he has been unable to do
this. He has not had a case to show.

MOTOR LEAGUE SIGNS STOLEN

Two London motorists, M. Wolf
and L. Riley, motored to Port Huron,
Sunday, and while there attended a
ball game of the Michigan Ontario
League, parking their cars outside
the park.

At the close of the game, returning
to their cars they discovered that
someone had maliciously ripped the
top off the radiator, the emblem of
the London Motor League, which was
affixed thereto. By ripping off the
little emblem a gap had been torn in
the radiators of both cars.

Complaints were made both to the
hull park authorities and the Port
Huron police. The motorists were
unable to secure repairs to the radi-
ators for their return journey, and
consequently had to make the trip in
relays filling their radiators many
times. As a result they did not reach
home till four o'clock the next
morning.

TO DINE G. T. R. HOCKEY TEAM

A banquet in honor of the Grand
Trunk Railway Amateur Athletic
Association hockey team will be
held on Friday evening, May 26, at
Wong's Cafe.

The Grand Trunk team was one of
the strongest in the Manufacturers'
Hockey League last winter, and to
show their appreciation of the ef-
forts put forth by the team, the of-
ficers of the association will present
each player with a suitable present.
A big athletic year is being plan-
ned by the G. T. R. A. A., and the
association will be represented in
various kinds of sport. A baseball
team has been entered in the Manu-
facturers' Baseball League, and a
junior and senior soccer team will
wear the colors of the G. T. R. this
season.
