IF BACK HURTS FLUSH KIDNEYS

Drink Plenty of Water and Take a Glass of Salts Before Breakfast Occasionally.

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occa-sionally to relieve them like you resionally to relieve them like you le lieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. three times during the night. To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts
