Notwithstanding the duliness of trade in some of the city carpet houses and the bombastic and foolish statements of the numerous small fry, the orders in our Carpet Department during the past week are simply immense. The cause is quite plain and easily accounted for. Honest, square dealing, good value, nobby styles, economy in cutting, well laid carpets and satisfactory workmanship.

Inspection and comparison invited, and if our style is not better and our prices lower than any other house in this city don't buy.

We guarantee to effect a saving of from five to ten per cent. in quantity as economy in cutting is one of our specialties.
