1912 FARMERS' PRIZE

CONTEST

WE held a contest last year in which 36 prizes were offered. This year there will be three times as many

prizes (108) and therefore three times as many chances for you

to win one of them. You do not have to use a large quantity of

cement to win a prize. Many of last year's prize-winners used

The contest is divided into three classes and in only one of these (Class "A") does the amount of cement used count in deciding prize winners. Class "B" is for doing the best concrete work (the size makes no difference). Class "C" is for sending in the best and clearet description of how any piece of concrete work was done,

with. You cannot lose, because the improvements you make of concrete in competing for the prizes will be more than worth their cost. We have a book, "What the Farmer Can Do With Concrete," that will give you all the information about the use of concrete you can need. It will be sent to you free when you ask us for complete particulars of the Prize Contest. Ask for particulars to-day. Just say "Send me, free, your book and full particulars of the 1912 Prize Contest," on a post card and mail it to-day.

PLYMPTON.

The Calvary and Wyoming and Watford Baptist churches held a union picnic on 2nd line, Plympton, in Mr. Fred Brereton's grove last week. The day was an ideal one, there was a good crowd and the table fairly groaned under the good things provided, to which everyone did justice. The picnic was continued until quite a late hour. The young people put in the whole day and the little people had the time of their lives with boat rides, swings, ice cream and candies, some even taking a bath in the creek, Hatris & Pike have started a coal and wood business opposite the armory, Strathroy.
