FOOTBALL FATAL.

Rugby football has claimed two victims at the University of Toronto, at Toronto, within the last two weeks. The first was Cameron Paulin, whose death was caused by an injury on the head. He died while in the gymnasium dressing, after the scrimmage. W. Glynn Ellis, a fourth year student, was the second victim. He had played the game for four years and was a member of the varsity team this year. Death was due to heart failure caused by over-exertion in a practice game.

"A WRETCHED DAUGHTER" LEFT HOME.

Miss Anna Clayfield, the 16-year-old daughter of Thomas Clayfield, of Conestogo, Ont., left home recently, and is believed to have committed suicide. She left a note signed "A wretched daughter." The note stated she was going to a nearby swamp to end her life.

SERVANT STOLE HIS MASTER'S JEWELRY.

A decisive clue has been obtained to the whereabouts of the jewelry stolen from the home of Walter Beardmore, of Toronto. It is now known that the valuables were taken by one of the domestics, who left on a fast train for Philadelphia. The stolen jewelry, valued at \$2,000, was taken from a bureau drawer last week during the absence of Mr. and Mrs. Beardmore in Acton. Detectives have been dispatched to Philadelphia to run down the thief.

TOO MUCH MOTHER-IN-LAW.

Dr. Joseph A. Savignac, of Ottawa, must stand trial on two charges of attempted murder, the first on charges of shooting, with intent to kill, his mother-in-law, Mrs. David Mitchell, of East Templeton, and then his wife, Georgina. The doctor and his wife had planned a trip to Colorado when the older woman interfered and caused Dr. Savignac to lose his temper. The mother-in-law had always been a source of trouble in the home.

THEIR RETURNED STOLEN MONEY.

A decent kind of thief robbed the C. P. R. station at Carman, Man., of \$56 during the absence of the agent Mr. King. Mr. King was the loser and would have had to reimburse the company. The burglar evidently got wind of this and returned the money to Mr. King, rather than have him lose it.

ENGINEER UNDER CHARGE.

Murray Stephens, who was engineer on the Watash special passenger train when it collided with the C. P. R. train on Aug. 24, has been charged with manslaughter and a warrant issued for his arrest. An engineer and baggage man were killed in the accident.

LEECHES TO CURE TYPHOID FEVER.

The Galicians, of Winnipeg and other parts of Manitoba, believe that leeches are beneficial in cases of typhoid fever. One patient in Winnipeg purchased a large bottle filled with leeches and applied them to his skin as a cure for typhoid fever.

INQUEST POSTPONED FOR EIGHT DAYS.

The inquest into the cause of the death of James Fielding, of Montreal, was postponed for eight days. Fielding was found in a dying condition last Saturday near Longueuil ferry landing. His watch and money were missing. Coroner McMahon, of Montreal, believes the man was drugged, robbed and then murdered. The continuance was granted to give the police a chance to look into the case.

HEAP BAD INJUN SENTENCED.

Johnnie Tuckum, "the worst Indian in the country," was sentenced at Vancouver, B. C., to life imprisonment. He was found guilty of manslaughter for killing his brother, Charlie Newell, when under the influence of liquor. Three times he has been tried for his life and each time he escaped, because

the evidence against him was not convincing enough to enable the crown to send him to the gallows.

CANADIAN FARMERS NEED HELP.

The decreasing immigration on account of the approaching winter renders it difficult for the labor authorities to furnish help for the farmers in the Canadian provinces. Ontario farmers have been asking for more help, but, if the immigration continues to fall off, they will probably ask in vain.

DEFRAUDED RAILROAD TELEGRAPHERS.

The Hamel case which has been pending in the Montreal courts, terminated with a verdict of guilty and a recommendation to the mercy of the court. Hamel had defrauded the Order of Railroad Telegraphers of a sum of money and when an audit of his books was ordered he shipped them to St. Louis, Mo. Remaining records showed the amount to be \$8,000.

CHILDREN DROWNED IN BROOK.

Going in search of the cows, two children of Albert Goddard, of Nouvelle, Que., were drowned while crossing Stewart's brook near Dalhousie, N. B. The brook was swelled from a heavy freshet, and the children were swept off their feet by the swift current.

MRS. DOBUCH GETS NINE YEARS.

Mrs. Helen Dobuch, of Montreal, was sentenced to nine years in the penitentiary for the murder of her little stepson. She was at first charged with murder, but the jury rendered a verdict of manslaughter with a recommendation to mercy.

DRANK DEADLY CHEMICAL.

Henry Mahew, a machinist, of Montreal, committed suicide by drinking the contents of a bottle of liquid chemicals used in developing photographs. He was despondent at not being able to secure employment.

A THANKFUL MOTHER.

"I thank you with all my heart for what Baby's Own Tablets has done for my little girl," says Mrs. Antoine Charrette, Jr., of St. Boniface, Que. "When I began giving her the Tablets she seemed to be pining away, but after using less than a box she was rapidly gaining and she is now a fine, fat, healthy little one, and I write you this as the acknowledgment of a mother who will never forget what Baby's Own Tablets have done for her child." PARADISE WEST.

Mr. and Mrs. Marshall, of Bear River are visiting their daughter, Mrs. C. W. Daniels. W. L. Basse, of the firm of King and Basse, Barristers, Halifax, who has been the guest of Mr. and Mrs. Alonzo Daniels for the past week, returned to his home on Monday.

where Mr. Morse intends remaining the winter. The young couple were joined at Bridgetown by the bridegroom's niece Miss Gladys Warner. Miss Annie Longley returned to her school on Monday, after spending a few days with her parents, Deacon and Mrs. Longley. Mr. and Mrs. J. D. Dargie very pleasantly entertained a number of friends on Saturday evening. B. Stewart and W. T. James spent a few days last week in Amherst. Eugene Poole returned on Monday from Melvern Square where he spent a few days of the past week.

NOW PRISONER OF THE VATICAN IN VERY FACT.

Entourage of Pius X. Has Made Much More Strict Rules for the Admission of Visitors to the Papal Palace.

Rome, Oct. 22.—Because the investigation made by the Vatican police by direct order of the Pope revealed the fact that thefts had been committed in the Vatican gardens within the past few months, it has now been arranged that the battalion of Papal gendarmes be increased in number so as to make possible the patrolling of the immense gardens both day and night. Other strict measures of precaution have been adopted regarding the admission of strangers within the Vatican inclosure. Formerly it was sufficient for any one wishing to obtain access to the Vatican to present one's self to the entrance portals and mention to the Swiss on duty within the doors the name of some prelate dwelling in the Vatican whom he wished to see on social or church business. This has now all been changed. VISITORS MUST STATE BUSINESS. More Swiss guards and an extra officer have now been detailed for duty, and every one wishing to enter the palace must not only clearly state his business, but also his name and address, which information is written down on a special register. If the explanation proves satisfactory to the Swiss officer on guard the visitor is then escorted by a Papal gendarme to the apartment he wishes to visit, and when he is ready to depart the same gendarme escorts him back to the bronze portals. No one is allowed to delay in the Court of St. Damaso or anywhere on the great staircase leading to the Papal apartments, and even the members of the families of Vatican employees are no longer allowed to go from one part of the palace to the other without the escort of a gendarme. Only the carriages of cardinals and diplomatic envoys are permitted to enter the inner court of the Vatican, and even before they are admitted to the great gate in the rear of the palace the carriage is stopped by the Swiss sentries and its occupants closely scrutinized or questioned, unless they happen to be personally known to the officer on duty. It is very seldom that permits are now granted to visit the private apartments of the palace, because Pius X. dislikes very much to meet with strangers during his daily promenade through the gardens or the Vatican halls. An additional entrance to the museums and galleries has been provided for visitors near the carriage entrance of the palace, and no one is allowed to enter the palace proper from that direction. Formerly visitors to the museum and galleries were allowed to enter through the bronze portals, and thus many of them found occasion to slip unobserved past the guards and wander at will through the palace.

COUNTESS OF CARLISLE ELECTED NEW PRESIDENT OF WORLD'S W. C. T. U.

Resolutions Passed Calling for International Peace Treaty, Favoring Prohibition, and Also for Total Abstinence

The confidence you placed in her today will not be misplaced. CABLEGRAM SENT TO NEW PRESIDENT. A cablegram was sent to the countess announcing her election. Mrs. Katharine Lento Stevenson, president of the Massachusetts W.C.T.U., presented Lady Carlisle with a gavel for her mother. All other officers were re-elected on the first ballot. They are, world's vice-president, Mrs. Lillian M. N. Stevens, Portland, Me.; world's secretary, Miss Anna A. Gordon, Evanston, Ill.; Miss Agnes E. Slack, Ripley, Derbyshire, England, treasurer, Mrs. Mary R. Sanderson, Danville, P. Q., Canada. The most spirited incident of the entire convention was when the motion to accept the executive committee's report on superintendents of departments came before the delegates for action. Mrs. Mary F. Lovell of Wyncoke, Pa., world's superintendent of the department of mercy, objected to the confirmation of Miss Edith Davis of Wisconsin as world's superintendent of scientific education, who was nominated by the executive committee. She moved to substitute Miss Cora F. Stoddard of Boston, for the position, but after a heated argument lasting fifteen minutes Miss Davis was confirmed by an overwhelming vote.

Something to Think About

To The Editor of The Monitor
Sir—Can Bridgetown obtain a share of the summer tourist business? What has Bridgetown to offer, at the present time, in order to induce the summer tourist to come here, and stay with us a few weeks, or months? What can we do, to supplement the advantages, or inducements we now have, to tempt the summer tourist to stay with us?

What advantage or benefit would it be to the town to have with us, during the summer months, say from fifty to a hundred summer tourists?

Will you, Sir, insert in big type, in your next issue above questions, and ask your readers, one and all, to give the Monitor their views upon the subjects embraced in the questions, which are asked solely in the

Stones Crashed Into the Train.

Miscreants at Work at Africville Whom the Police are Trying To Catch.

Saturday night in the darkness, as the D. A. R. express from Yarmouth for Halifax, while travelling at the rate of twenty-five miles an hour, was rounding the curve at Africville, a stone came crashing through a window in the rear car, striking Mrs. Campbell, a Halifax lady, who with an infant in her arms occupied a seat in the centre of the car, a terrific blow on the side of the face. The lady was stunned by the blow, and the little child fell from her arms to the floor. The occupants of the car rushed to aid the almost unconscious woman and some went to the rear platform hoping to get a description of the miscreant who committed the deed, but nothing but the dim lights of the moonlighting the suburban arrived, and the train arrived at North street the matter was reported to Inspector Dunn, who in company with I. C. R. Officer Purrell prepared to take the next train for Africville. In the meantime the suburban arrived, and the inspector was informed that while that train was passing the same place a similar deed was committed, but fortunately no one was injured. The I. C. R. police were unable Saturday night to get any information as to the perpetrator of the deed, but yesterday they visited the colored settlement again and got a clue which will probably result in several arrests.

AN ARTIST TALKS.

An Interesting Statement Made by Miss Olive E. Sorrick, Pianist.

Miss Olive E. Sorrick, an eminent young concert pianist, a graduate of the Facton Piano School of Boston, has been in town in Western Canada, where her recitals have been very successful. She is the possessor of a facile technique and her readings display a cultivated and sensitive musical taste. Interviewed recently at Cardston, Alta., she said: "It is with much pleasure that I express my appreciation of the Gourlay Piano and the satisfaction this instrument gave me in my musical recitals in Western Canada. I find the Gourlay well constructed, prettily designed and with a quality of tone unexcelled in any other instrument I have used. The foundation is good; the volume full and sweet. I am sure that the Gourlay piano will stand the test when compared with any of the first-class instruments of the continent."
