

in the primest form, and a wonderfully smooth, even lot—big, sappy, and short-legged. "Indian Brave," the Toronto prize yearling of last September, now just past two years old, is the handsomest young bull we have ever owned. He is big, sprightly, and full of well-packed, even flesh. He is as good-tempered as he is lively and active. The two white ones are simply grand ones, and fit to head the best herds in America, both in quality and in breeding. One is Duchess of Gloster, as pure a Cruickshank as lives; and the other is of Booth breeding, with two prime imported Cruickshank crosses on top.

MR. T. D. McCALLUM, manager, Isaleigh Grange Stock Farm, sends in the following: Although there has been a depression for the past year in all lines of business, we have no reason to complain, as we have made numerous sales to all parts of the Dominion and the United States. We are getting many enquiries at present for Guernseys and Ayrshires, and are still in a position to supply a few young heifers and bulls of the above breeds of the very choicest quality. Our cows are milking better this winter than ever before, and the young stock are in fine growing condition. Our flock of Shropshires went into their winter quarters in grand condition, which was due to our twenty-five-acre field of rape. I shipped a ram lamb to Mr. W. Frazer, of Atlantic, Iowa, in October last, that was dropped in April, and weighed 160 lbs. Mr. Frazer only wishes he had more like him. We hope to be able to supply all our customers the coming season with young pigs, as we have a large stock of fine breeding sows, bred to imported prize-winning boars, which should give good results.

TO STOCKMEN AND BREEDERS

The following letters from the Hon. John Dryden, Minister of Agriculture, and other prominent stockmen, should be read and carefully noted by all persons interested in Live Stock:

"MAPLE SHADE" HERDS AND FLOCKS.

BROOKLIN, ONT., Sept. 14th, 1890.

DEAR SIR,—I cannot afford to be without your "Little Sheep Dip and Cattle Wash." It is not merely useful for Sheep, but it is invaluable as a wash for Cattle, etc. It has proved the surest destroyer of lice, with which so many of our stables are infested, I have ever tried; it is also an effectual remedy for foul in the feet of Cattle. I can heartily recommend it to all farmers and breeders.

JOHN DRYDEN.

17 Gold, Silver, and other Prize Medals have been awarded to "Little's Patent Fluid Dip" in all parts of the world. Sold in Large Tins at \$1.00.

Special terms to Breeders, Ranchmen, and others, requiring large quantities. Ask your nearest druggist to obtain it for you; or write for it, with pamphlets, etc., to

ROBERT WIGHTMAN, Druggist, Owen Sound.

700

Sole Agent for the Dominion.

MICA ROOFING

USE
