

NIAGARA BRAND

LIME-SULPHUR SOLUTION COMBINATION WINTER AND SUMMER SPRAY

As **WINTER SPRAY** (diluted 1 to 11), it will control **San Jose Scale, Oyster Shell Bark Louse, Blister Mite, Peach Curl, Aphis** and all sucking insects.

As **SUMMER SPRAY** (diluted 1 to 35) combined with **Arsenate of Lead**, it will control **Apple Scab** and other fungus diseases, **Codling Moth** and all chewing insects, and will leave a much finer finish on fruit than Bordeaux.

NIAGARA

and
stays right.
Highest in strength
and is
Guaranteed.

TRADE MARK

It is
Cheaper
and more
Effective
than
Bordeaux.

It will not russet nor burn
fruit nor foliage.
Always ready to use.

WRITE FOR OUR BOOK ON "**SPRAYS AND HOW TO USE THEM.**"

REMEMBER, this Spray is not an experiment. It was used by thousands of fruit growers in Ontario during the past season with excellent results.

Prof. Harcourt of the O. A. C., Guelph, says of our Spray:
Gentlemen,—

We have made a number of analysis of your Lime-Sulphur wash, and have always found it to be a strong, well-prepared solution, and a very high percentage of this is in the most desirable form to insure its efficiency for spraying purposes. From the results of our analysis we have no hesitation in pronouncing your wash to be of first-class quality.

Yours very truly,

(Signed) R. HARCOURT.

BEAN SPRAY PUMPS, hand and power. These Pumps have a record of 30 years' success in California. Over 100 satisfied customers in Ontario.

They are built strong and durable. They have large capacity and give high pressure. These are necessary features for successful spraying. Send for Illustrated Catalogue.
