

# Distinctly A Case Where The Need Sought The Prep- aration !

For years before we ever heard of Taka-Diastase we frequently received letters from prominent practitioners throughout the Dominion, urging the need of a powerful and reliable diastase in the conditions which unite to form the

and emphasizing the fairly boundless range of usefulness in store for such a preparation, as compared with the relatively limited indications for pepsin.

Taka-Diastase is beyond all comparison, the most potent digestant of starchy foods ever available in medical practice.
